BOOKS! BOOKS!! BOOKS!! Notice to Importers of Umpqua

THE Schooner UMPQUA, under the command of B. 11. Blanche, salled from Umpqua river for San Francisco, on the 6th of May, and intends making regular trips bettern these two ports.

It is only necessary we believe, to remind the importers of Umpqua that this vessel—the Umpqua—is the first ever launched on the waters of the Umpqua, to insure their patronage and support. This vessel will discharge her cargo at Scottaburg, and at the rate she intends to carry freight, will not only save the shipper a very considerable item, but save him the transportation up the river, and thereby enable him to receive his goods without so much handling as heretofore. In fine, the Schooner Umpqua, of Scottaburg, is a real Umpqua craft and being the first on the list in this great reform, confidently relies upon all the Umpqua for support and encouragement.

For freighter passage apply to Allan, McKinlay & Co., Scottsburg, or to the Capt. on board. Merchants wishing to ship from San Francisco, can apply to Allan, Lowe & Co., 132, Chay st., or to the Captain.

Dr. Czapkay's Medical Notices.

DR. J. L. CZAPKAY'S Grand Medical and Surgical Institute, Sacramento at, below Montgomery opposite Pacific Maill Steamship Co.'s Office, San Francisco California, Established for the Permanent core of all

California. Established for the Permanent core of all Private and Chronic Diseases, and the suppression of quackery.

Dr. J. L. CZAPKAY, late in the Hungarian Revolutionary War, Chief Physician in the 20th Regiment of Houveds, chief surgeon to the military hospital at Peath, Hungary, and late lecturer on Diseases of Urinary Organs and Diseases of Women and Children, would most respectfully inform the public of Oregon and California that he has opened an Institute for the cure of Chronic Diseases of the lungs, liver, kidneys, heart, blood, brain and the horrid consequences at self-abuse, and he hopes that his long experience and successful practice of manny years, will insure him a share of public patronage. By the practice of manny years in Europe and the United States, and during the Hungarian war and campaigns, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no Mercury—charges moderate—treats his patient in a correct and honorable way—has references of unquestionable veracity from men of known respectability and high standing in society. All parties consulting him by letter, or otherwise, will receive the best and gentlest treatment, and implicit secrecy. The Dr.'s offices are on Sacramento st., below Montgomery, San Francisco, California.

Francisco, California.

SPERMATORRHŒA OR LOCAL WEAKNESS. Dr. L. J. Czapkay would call public attention to spermatorrhœa or local weakness. There is not in the catalogue of human maladies one more to be deprecated than this, as well because of present distress, as the ultimate results. The tone of the system under its influence is either impaired or entirely destroyed, and a classof symptoms superinduced that unfits man for the performance of any of the ordinary duties of life. The injuries done to the physical part of man is truly lamentable, but trifling when compared to those of the censorium, the great nervous center, and to the nervous system generally. This disease, which is too often consequent upon that solitary vice, self-abuse, involves pathological conditions beyond the comprehension of the uninitiated, but which are well understood by the regular practitioner. Among the symptoms most conspicuous are the following: Love of solitade, aversion to business and society, distressing timidity, nervous excitement from slight causes, loss of memory, confusion of ideas, inability to reason correctly. low spirits and lassitude, duffuess of apprehension and misanthropy.

These being functional derangements, are often the harbingers of horrid organic lesions of the brain, which produce fatnity, dementia and death.

For the care of this and all kindred diseases, Dr. Czapkay has established his Institute, where all may rely with perfect confidence upon that skill which long experience and thorough devotion to his profession has given.

Medical Institute, San Francisco, Cal. Secretary success in the treatment of secret diseases in the primary and other stages, induces him to call public attention to the fact that of the great numbers who have made daily application to him, there is not one who has not been effectually and permanently cured. In recent cases of private diseases, the Dr. guaranties a perfect cure in a few days without hindrance to business or other inconvenience. The Dr.'s method of treating these maladies, combines the improvements made by the medical faculty with discoveries of his own that are unknown to any one else, and which, when applied, prevent the possibility of cvil after consequences.

Secondary syphilis, which is so destructive of health, producing alcerations of the throat, destroying the soft parts, and leaving the bones exposed, which mortify, separate and come away, disfiguring the softerer most horribly, as well as impairing his general health, and predisposing to consumption, the Dr. treats in the most certain and efficient manner. Also, painful swellings upon the bones, disfiguring splotches upon the skin, sores, pimples, and all other consequences of private diseases he guaranties to care or asks no compensation.

Dr. C. would especially call the attention of those who have failed to obtain relief from others, many of whom he has already cured, and many are still under treatment. The Dr. makes no charge for consultation, and invites all to call at his institute; and he will give them invites all to call at his Institute; and he will give them such satisfaction as they can obtain nowhere else.— Those at a distance, by writing to the Dr., can have their cures properly attended to. On CZAPKAY'S Programaterricus. (self-disinfecting agent,) a sure preventive against secret diseases, and an unsurpassed remedy for scrofulous, gangrenous and cancerous ulcers, and all cutanous cruptions and diseases. For sale at Dr. Czarkay's Office, Armory Hall, corner of Sacramento and Montgomery sts., San Francisco, Cal. As inoculation is preventive against small pox, so is Dr. Czapkay's Prophilacticum a preventive against secret disease. That they can be prevented by proper agents, is as well an establishment. This principle, which is now universally recognized, was received even before the days of Jenner, the discoverer of vaccination, in 1795, and its multiplied benefits ever since have received as they descreed, the attention of the Medical faculty. It was in pursuit of this branch of the medical science that Dr. L. J. Czapkay fortunately made the discovery of his Prophylacticum, which, for the cancerous and cutanous disorders, stands unrivalled by any agent in the Pharmacopora. The modus operandi of this medicine is explained upon the hypothesis that secret poisons possess chemical properties which are neutralized by being brought in contact with this prophylatic, as acids are known to neutralize alkalies, destroying entirely their original properties, and rendering them inert.—The effect of this agent is immediate, and removes the possibility of a contraction of disease. If, however, the disease has been contracted, it is useful in neutralizing the poisonous secretions, which by absorption, produce the consequences known as secondary disease. In cancerous and gangerous ulcers, in fortid discharges and in catanous diseases where the secretions are excornating, it acts upon the same principle and is one of the most effectual remedies for the purpose now known. Where disease is once established it should be used in connection with other remedies, and when so used never falls of success. It has been administered by the Do The Greatest Discovery of the Age.

To THE LABIES OF OREJON AND CALIFORNIA.—L. J. CZAPKAY, M. D., physician surgeon and accoucher, invites the attention of the sick and afflicted females laboring under any of the various forms of diseases of the brain, lungs, heart, stomach, liver, womb, blood, kidneys, and all diseases peculiar to their sex. The Doctor is effecting more permanent cures than any other physician in Oregon or California. Let no false delicacy prevent you, but apply immediately, and save yourself from painful suffering and premature death. All married ladies, whose delicate health or other circumstances do not allow to have an increase in their families should write or call at Dr. L. J. Czapkay's Medical Institute, Armory Hall, corner of Sacramento and Montgomery streets, and they will receive every possible relief and help. The Doctor's Offices are so arranged that he can be consulted without molestation.

A lady of high standing in society and respectability,
published a card in the Philadelphia Sunday Dispatch,
September 14, 1851, which is as follows:

A Card—The undersigned feels it her duty to express
her heartfelt gratitude to Dr. Czapkay, for the successful care of herself and child. The latter having been
afflicted by a severe attack of "Cholera Infartum," was
given up as incurable by some of the most celebrated
physicians, when she calied on Dr. Czapkay, of whom
she heard very favorable report, and who, after a short
period, restored the child to perfect health. Encouraged by this extraordinary result, she sough! advice
herself, for the scrofulous malady, with which she had
been afflicted for eight years, and which withstood the
treatment of the best physicians in Europe and America. But Dr. Czapkay has succeeded in affording her
permanent relief, so that she can now enjoy life, which,
for eight years had lost all charms for her. She, therefore deems it due to herself and to all sick and afflicted
to recommend Dr. Czapkay, as one of the most skillful
physicians within the United States.

A SKILLFUL PHYSICIAN.—Dr. L. J. Czapkay has opened an office at No. 16 Pleasant street in this city.—

Dr. C. is a Hungarian by birth, and was connected with the patriotic army as physician and surgeon under the patronage of Kossuth. He combines with a finished education and the most refined and agreeable manners, the most extensive scientific abilities and skill in his profession, and we feel much pleasure in recommending him to our citizens as a physician and a gentleman.—Dr. Czapkay has spent some time in Philadelphia where he won the confidence and friendship of those who became acquainted with him. Among his friends in Philadelphia are gentlemen of the highest respectability, with whom we are personally acquainted. He had an extensive practice in Hungary before the Austrians and Russians compelled him to leave it for being found guilty of excessive patriotism. We hope he will receive that patronage due a man of so eminent capacity.

The above are only a few of the many testimonials which Dr. Czapkay has in his possession, but cannot the publish for want of space. All communications, (by fetter or otherwise.) free. 40yl letter or otherwise.) free.

HOLLOWAY'S CINTMENT. THE GREAT COUNTER IRRITANT. GREAT COUNTER IRRITANT.

The virus of disease often makes its way to the internal organs through the pores of the skin. This penetrating Ointment, melting under the hand as it is rubbed in, is absorbed through the same channels, and reaching the seat of inflammation, promptly and invariably subdues it, whether located in the kidneys, the liver, the lungs, or any other important organ. It penetrates the surface to the interior, through the countless tubes that communicate with the skin as summer rain passes into the fevered earth, diffusing its cool and regenerating influence.

SKIN DISE ASES AND GLANDULAR SWEL SKIN DISEASES AND GLANDULAR SWEL

Every species of exterior irritation is quickly reduced by the anti-inflammatory action of this Ointment. Anary Eroptions, such as Salt Rheum, Eryspelas, Tetter, Ringworm, Scald Head, Nettle Rash, Scabies (or Itch) to, die out, to return no more, under its application, thospital experience in all parts of the world proves its neallibility in diseases of the skin, the mascles, the oints and the glands. ULCERS, SORES, AND TUMORS.

The effect of this unrivalled external remedy upon Scrofula, and other virulent ulcers and sores, is almost miraculous. It first discharges the poison which produces suppuration and proud flesh, and thus the cures which its healing properties afterward complete are safe as well as permanent. In casee of the fracture of the bones, injuries caused by steam explosions, Bruises, Burns, Scalds, Rheumatism, Stiffness of the joints, and contraction of the sinews, it is employed and warmly recommended by the faculty. This marvelous remedy has been introduced by its inventor in person into all the leading Hospitals of Europe, and no private household should be without it.

UNDENIABLE TESTIMONY. The Medical Staff of the French and English Armies in the Crimea have officially signed their approval of Holloway's Ointment, as the most reliable dressing for sabre cuts, stabs, and gun shot wounds. It is also signed by the surgeons of the Allied Navies.
