THE Schooler UMPQUA, under the command of S. D. Hinsdale, sailed from Umpqua river for San Francisco, on the 6th of May, and latends making regular trips beteen these two ports.

It is only necessary we believe, to remind the importers of Umpqua that this vessel—the Umpqua—is the first ever hunched on the waters of the Umpqua, to insure their patronage and support. This vessel will discharge her cargo at Scottsburg, and at the rate she intends to carry freight, will not only save the shipper a very considerable item, but save him the transportation up the river, and thereby enable him to receive his goods without so much handling as heretofore. In fine, the Schooner Umpqua, of Scottsburg, is a real Umpqua craft and being the first on the list in this great reform, confidently relies upon all the Umpqua for support and encouragement.

For freight or passage apply to Allan, McKinlay & Co.

For freighter passage apply to Allan, McKinlay & Co., Scottaburg, or to the Capt. on board. Merchants wishing to ship from San Francisco, can apply to Allan, Lowe & Co., 132, Clay st., or to the Captain.

MRS. ADAMS, where did you get those beautiful teacups and saucers?

George got them at the EMPIRE STORE.

Were there any more of those white stone China cups and saucers, and plates left?

I should think there was; Boon has got one cord or less of the same kind, very cheap, at the Empire Store.

Why, Mrs. Langhlin, where did you get those fine morocco shoes?

I got them at the Empire Store.

Do you believe that you can get goods cheaper at the Empire Store than at those stores up-town?

Of course I do.

La, me, Sally, where did you get this beautiful white sugar?

Why, Salomen said he got it at the Empire Store.

La, me, Sany, where the sugar?

sugar?
Why, Solomon said he got it at the Empire Store.
Well, it is too outrageous; don't you think John got two dollars worth of sugar, last week, at Mr.
Independence Store, and it is black sandy stuff, only it to make vinegar, or the like.
George, you have got a fine coat, vest and pants.
I should think I had.
You haught them at Portland, perhaps?

George, you have got a fine coat, vest and pants. I should think I had.
You bought them at Portland, perhaps?
Never, I bought them at the Empire Store.
Mary, did you see the fine calico dress that David got for Jane, last week, at the Empire Store?
I should think I did see it; and don't you think Robert bought Elizabeth a fine calico dress, last week, at Mr. — store, and the first time it was washed it went in for Disual and it looks just like a smoked lantern, or an abolitionist.
Mrs. Dukes, where did you get this fine cloth in Jimmy's little coat?
Why, that is nothing but some of Boon's Kentuck Jeans, at the Empire Store.
You don't say! Well, my husband went over to Salem some three weeks since, and not having time to go down to the Empire Store, he bought something they call Mississippi Jeans, and it is as coarse as cotton, and looks like — I should say.
Mr. Walters, you have got a fine pair of boots, surely? Certainly, I got them at the Empire Store.
Were there any of this kind left?
About a cord!
Lucy, my dear, where did you get those silk gloves!
Why, daddy bought them for two bits at the Empire Store, and he says that he priced a great many of the goods in the stores in Salem, and he is convinced that the cheapest and best goods are to be found at the Empire Store.
Very well, if Abraham don't back out from you know what, I mean Lucinda, I am going to get me a fine silk dress pattern, and a complete out it at the Empire Store.

Private and Chronic Diseases, and the suppression of quackery.

Dr. J. L. CZAPKAY, late in the Hungarian Revolutionary War, Chief Physician in the 20th Regiment of Honveds, chief surgeon to the military hospital at Pesth, Hungary, and late lecturer on Diseases of Urinary Organs and Diseases of Women and Children, would most respectfully inform the public of Oregon and Californis that he has opened an Institute for the cure of Chronic Diseases of the lungs, liver, kidneys, heart, blood, brain and the horrid consequences of self-abuse, and he hopes that his long experience and successful practice of many years, will insure him a share of public patronage. By the practice of many years in Europe and the United States, and during the Hungarian war and campaigns, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no Mercury—charges moderate—treats his patient in a correct and honorable way—has references of unquestionable veracity from men of known respectability and high standing in society. All parties consulting him by letter, or otherwise, will receive the best and gentlest treatment, and implicit secreey. The Dr.'s offices are on Sacramento st., below Montgomery, San Francisco, California.

Francisco, California.

PERMATORRHEA OR LOCAL WEAKNESS.

Dr. L. J. Czapkay would call public attention to spermatorrhea or local weakness. There is not in the catalogue of human maladies one more to be deprecated than this, as well because of present distress, as the ultimate results. The tone of the system under its influence is either impaired of entirely destroyed, and a class of symptoms superinduced that unfits man for the performance of any of the ordinary duties of life. The injuries done to the physical part of man is truly lamentable, but trifling when compared to those of the censorium, the great nervous center, and to the nervous system generally. This disease, which is too often consequent upon that solitary vice, self-abuse, involves pathological conditions beyond the comprehension of the ministiated, but which are well understood by the regular practitioner. Among the symptoms most conspicatous are the following: Love of solitude, aversion to business and society, distressing timidity, nervous excitement from slight causes, loss of memory, confusion of ideas, inability to reason correctly, low spirits and hassitude, dullness of apprehension and misanthropy.—These being functional derangements, are often the harbingers of horrid organic lesions of the brain, which produce fatuity, dementia and death.

For the cure of this and all kindred diseases, Dr. Czapkay has established his fustitute, where all may rely with perfect confidence upon that skill which long experience and thorough devotion to his profession has given.

Those who suffer should call or write without delay.

call public attention to the fact that of the great numbers who have made daily application to him, there is
not one who has not been effectually and permanently
cured. In recent cases of private diseases, the Dr. gunantics a perfect cure in a few days without hindrance
to business or other incourrentence. The Dr.'s method
of treating these smaladies, combines the improvements
made by the medical faculty with discoveries of his

Secondary syphilis, which is so destructive of health, producing alcerations of the throat, destroying the soft parts, and leaving the bones exposed, which mortify, separate and come away, disfiguring the sufferer most horribly, as well as impairing his general health, and predisposing to consumption, the Dr. treats in the most certain and efficient manner. Also, painful swellings upon the hones, disfiguring splitches upon the skin, sores, pimples, and all other consequences of private diseases he guaranties to cure or asks no compensation.

Of DR. CZAPKAY'S Proprintacticus, (self-disinfecting agent.) a sure preventive against secret diseases, and an unsurpassed remedy for scrofelous, gangrenous and cancerous nicers, and all cutanous eruptions and diseases. For sale at Du. Czapkay's Office, Armory Hall, corner of Sacramento and Mantgomery sts. San Francisco, Cal. As inoculation is preventive against small pox, so is Dr. Czapkay's Prophilacticum a preventive against secret disease. That they can be prevented by proper agents, is as well an establishment. This principle, which is now universally recognized, was received even before the days of Jenner, the discoverer of vaccination, in 1796, and its multiplied benefits ever since have received as they deserved, the attention of the Medical faculty. It was in pursuit of this branch of the medical science that Dr. L. J. Czapkay fortunately made the discovery of his Prophylacteoum, which, for the cancerous and entanous disorders, stands unrivalled by any agent in the Pharmacopura. The madus operandiof this medicine is explained upon the hypothesis that secret poisons possess chemical properties which are neutralized by being brought in contart with this prophylatic, as acids are known to neutralize alkalies, destroying entirely their original properties, and rendering them inert.—The effect of this agent is immediate, and removes the possibility of a contraction of disease. If, however, the disease has been contracted, it is useful in neutralizing the poisonous secretions, which by absorption, produce the consequences known as secondary disease. In cancerous and gangeroos cleers, in footid discharges and in cotanous diseases where the secretions are excornating, it acts upon the same principle and is one of the most effectual remedies for the purpose now known. Where disease is once established it should be used in connection with other remodies, and when so used never fails of success. It has been administered by the GREAT Blessings to Mankind! A lady of high standing in society and respectability, published a card in the Philadelphia Sunday Dispatch. September 14, 1851, which is as follows:

A Canp.—The under-signed feels it her duty to express her heartfelt gratitude to Dr. Czapkay, for the successful cure of herself and child. The latter having been afflicted by a severe attack of "Cholera Infantum." was given up as incurable by some of the most celebrated physicians, when she called on Dr. Czapkay, of whom she heard very favorable report, and who, after a short period, restored the child to perfect health. Encouraged by this extraordinary result, she sought advice herself, for the scrofulous malady, with which she had been afflicted for eight years, and which withstood the treatment of the best physicians in Europe and America. But Dr. Czapkay has succeeded in affording her permanent relief, so that she can now enjoy life, which, for eight years had lost all charms for her. She, therefore deems it due to herself and to all sick and afflicted to recommend Dr. Czapkay, as one of the most skillful physicians within the United States.

The following is an editorial notice in the Boston Daily Times of August 6th, 1854:

A SKILLFUL PHYSICIAN.—Dr. L. J. Czapkay has opened an office at No. 16 Pleasant street in this city.—Dr. C. is a Hungarian by birth, and was connected with the patriotic army as physician and surgeon under the patronage of Kossuth. He combines with a finished education and the most refined and agreeable manners, the most extensive scientific abilities and skill in his profession, and we feel much pleasure in recommending him to our citizens as a physician and a gentleman.—Dr. Czapkay has spent some time in Philadelphia where he won the confidence and friendship of those who became acquainted with him. Among his friends in Philadelphia are gentlemen of the highest respectability, with whom we are personally acquainted. He had an extensive practice in Hungary before the Austrians and Russians compelled him to leave it for being found guilty of excessive patriotism. We hope he will receive that patronage due a man of so eminent capacity.

The above are only a few of the many testimonials which Dr. Czapkay has in his possession, but cannot
