A Coffee Party! (NEW ADVERTISEMENT.)

MRS. ADAMS, where did you get those beautiful teacups and saucers?
George got them at the EMPIRE STORE.
Were there any more of those white stone China cups and saucers, and plates lett?
I should think there was; Boon has got one cord or less of the same kind, very cheap, at the Empire Store.
Why, Mrs. Laughlin, where did you get those fine morocco shoes?
I got them at the Empire Store.
Do you believe that you can get goods cheaper at the Empire Store than at those stores up-town?
Of course I do.
La, me, Saily, where did you get this beautiful white sagar? ts. ADAMS, where did you get those bean

Of course I do.

La, me, Saily, where did you get this beautiful white smgar?

Why, Solomon said he got it at the Empire Store.

Well, it is too outrageous; don't you think John got two dollars worth of sugar, hast week, at Mr.—

Independence Store, and it is black sandy stuff, only fit to make vinegar, or the like.

George, you have got a fine cout, vest and pants.

I should think I had.

You bought them at Portland, perhaps?

Never, I bought them at the Empire Store.

Mary, did you see the fine calico dress that David got for Jane, last week, at the Empire Store?

I should think I did see it; and don't you think Robert bought Elizabeth a fine calico dress, last week, at Mr.—— store, and the first time it was washed it went in for Disanion, and it looks just like a smoked lantern, or an abolitionist.

Mrs. Dukes, where did you get this fine cloth in Jimmy's little coat?

Why, that is nothing but some of Boom's Kentuck Jeans, at the Empire Store.

You don't say! Well, my husband went over to Salem some three weeks since, and not having time to go down to the Empire Store, he bought something they call Mississippi Jeans, and it is as coarse as cotton, and looks like — I should say.

Mr. Walters, you have got a fine pair of boots, surely? Certainly, I got them at the Empire Store.

Were there any of this kind left?

About a cord!

Lucy, my dear, where did you get those silk gloves?

Why, daddy bought them for two bits at the Empire Store, and he says that he priced a great many of the goods in the stores in Salem, and he is convinced that the cheapest and best goods are to be found at the Empire Store.

Very well, if Abraham don't back out from you know what, I mean Lucinda, I am going to get me a fine silk dress pattern, and a complete outlit at the Empire Store.

The Greatest Discovery of the Age. CREAT Blessings to Mankind! Innocent but Potent.

CI DR. CZAPKAY'S Phornin acticus, (self-disinfecting agent,) a sure proventive against secret diseases and an unsurpassed remedy for scrofulous, gangrenous and cancerous ulcers, and all cutanous couptions and diseases. For sale at Dr. Czapkay's Office, Armory Hall, corner of Sacramento and Montgomery six., San Fraucisco, Cal. As inconlation is preventive against small pox, so is Dr. Czapkay's Prophilacticum a preventive against secret disease. That they can be prevented by proper agents, is as well an established fact as that they can be cured after their establishment. This principle, which is now universally recagnized, was received even before the days of Jenner, the discoverer of vaccination, in 1796, and its multiplied benefits ever since have received as they descreed, the attention of the Medical faculty. It was in pursuit of this branch of the medical faculty. It was in pursuit of this branch of the medical faculty of this Prophylacticum, which, for the cancerous and cutanous disorders, stands unrivalled by any agent in the Pharmacopera. The modus operandi of this medicine is explained upon the hypothesis that secret poisons possess chemical properties which are neutralized by their original properties, and rendering them inert. The effect of this agent is immediate, and removes the possibility of a contraction of disease. If, however, the disease has been contracted, it is useful in neutralizing the poisonous secretions, which by absorption, produce possibility of a contraction of disease. If, however, the disease has been contracted, it is useful in neutralizing the poisonous secretions, which by absorption, produce the consequences known as secondary disease. In cancerous and gangerous ulcers, in factid discharges and in cutanous diseases where the secretions are excertaing, it acts upon the same principle and is one of the most effectual remedies for the purpose now known. Where disease is once established it should be used in connection with other remedies, and when so used never fails of success. It has been administered by the Doctor in many thousand cases, and he has yet to find the first in which it has failed to subserve the purpose for which it was administered. Price, \$5. Full directions are attached to each package.

N. B.—In cases where the Prophylaticum is used as curative. Dr. L. J. Czapkay will fornish (gratis) a prescription for his blood purifier.

All communications from the country, addressed only o Dr. L. J. CZAPKAY, San Francisco, Cal., will be strictly and confidentially attended to, and remedies, with the greatest care and secreey, immediately dispatched by express or otherwise to their destination.

A lady of high standing in society and respectability published a card in the Philadelphia Sonday Dispatch September 14, 1851, which is as follows:

A Card—The undersigned feels it her duty to express her heartfelt gratitude to Dr. Czapkay, for the success ful cure of herself and child. The latter having been afflicted by a severe attack of "Cholera Infantum," was given up as incurable by some of the most celebrates physicians, when she called on Dr. Czapkay, of whom she heard very favorable report, and who, after a short period, restored the child to perfect health. Encour aged by this extraordinary result, she sought advice herself, for the scrofulous malady, with which she had been afflicted for eight years, and which withstood the treatment of the best physicians in Europe and America. But Dr. Czapkay has succeeded in affording her permanent relief, so that she can now enjoy life, which, for eight years had lost all charms for her. She, therefore deems it due to herself and to all sick and afflicted to recommend Dr. Czapkay, as one of the most skillful physicians within the United States.

A Medical Revolution! The World Unanimous

HOLLOWAY'S OINTMENT. THE GREAT COUNTER IRRITANT. The virus of disease often makes its way to the internal organs through the porce of the skin. This penetrating Ointment, melting under the hand as it is rubbed in, is absorbed through the same channels, and reaching the seat of inflammation, promptly and invariably subdues it, whether located in the kidneys, the liver, the lungs, or any other important organ. It peases takes the confact to the interior, through the countless tabes that communicate with the skin as summer rain passes into the fevered earth, diffusion its cool and repasses into the fevered earth, diffusing its cool and re-generating influence. SKIN DISEASES AND GLANDULAR SWEL

Every species of exterior irritation is quickly reduced by the anti-inflammatory action of this Ointment. An-gry Eruptions, such as Salt Rheum, Erysipelas, Tetter, Ringworm, Scald Head, Nettle Rash, Scabies (or Itch) &c., die out, to return no more, under its application. Hospital experience in all parts of the world proves its infallibility in diseases of the skin, the muscles, the joints and the glands. ULCERS, SORES, AND TUMORS.

The effect of this unrivalled external remedy upon Scrofula, and other virulent ulcers and sores, is almost miraculous. It first discharges the poison which produces suppuration and proud flesh, and thus the cures which its healing properties afterward complete are safe as well as permanent. safe as well as permanent.

WOUNDS, BRUISES, BURNS, AND SCALDS. In casee of the fracture of the bones, injuries caused by steam explosions, Braises, Barns, Scalds, Rheumatism, Stiffness of the joints, and contraction of the sinews, it is employed and warmly recommended by the faculty. This marvelous remedy has been introduced by its-inventor in person into all the leading Hospitals of Europe, and no private household should be without it.

The Medical Staff of the French and English Armies in the Crimea have officially signed their approval of Holloway's Ointment, as the most reliable dressing for sabre cuts, stabs, and gun shot wounds. It is also signed by the surgeons of the Allied Navies. BOTH THE CINTMENT AND THE PILLS SHOULD BE USED IN THE FOLLOWING
