soon to become a State, and upon "the great and futile Indian Territory on the south, soon, I hope, to become a State, aid-ed and encouraged by the State of Kansas." Next, Mr. Walker brings the Pacific rail-road to bear upon Kansas, and winds up by repeating that he must enforce the laws, and

by appealing to the patriotism of the people of Kansas, inasmuch as the safety or the de-struction of the Union is in their hands. The Union argument is substantially the same as that in behalf of Mr. Buchanan in the late Presidential campaign. And such is the cream of Mr. Walker's introductory Kansas manifesto.

The treason indictments against the Free State men have been quashed, and a similar course will be pursued by the Federal Gov-ernment in regard to the indictments for usurpation of office, pending against Robin-con and nis collectors. son and nis colleagues.

AN IMPORTANT CONTRACT CONSUMNATED.-Yesterday the Postmaster-General entered nto a contract with David Hoadley, Esq., President of the Panama Railroad Compa-ny, for the transportation of the California mails over the Isthmus until the termination of the existing California mail steamers' contracts—some two years hence. The compensation the Department is to pay is \$100,000 per annum. Up to the 30th ult. it maid for the service at the rate of 92 cts t paid for the service at the rate of 22 cts. per pound, the maximum the law allows. At that rate the compensation of the Rail-road Company for the last quarter was about \$37,000. As paid for up to that time the cost of the mails across the Isthmus was near \$150,000 per annum, and was rapidly acreasing. The new contract, while in in-olves a handsome retrenchment of the De-artment's expenses, is a liberal and satisfactory one so far as the interests of the Com-pany are concerned.- Washington Star.

Inrostant DECISION IN OHIO.—The Suppreme Court of Ohio have recently decided the Poindexter slave case. They have adjudged Henry Poindexter free, on the ground that neither Ohio nor Kentucky can demand an abrogation of the constitution and laws of the constitution and laws of the constitution and laws of Ohio operate on the condition of such person, and effect his immediate emancipation. The constitution de clares that if a person held to service in one State escapes into another he shall be given up. In this case Poindexter did not escape, but was sent into Ohio by his master. The case is, therefore, not covered by the constitution.

 We are thus particular, in consequence of the high standing (by blood, fortune, and otherwise.) of the parties, to say nothing of the very liberal allowance of the good things forwarded to us, such as cricket cheese. fern roots, dried antelope liver, &c., &c., and while digesting the same, we earnesity pray for the happy couple a long life and a FRUTTER. one.
 At last accounts the parties were doing as well as could be expected under the circumstances. The happy bride groom being nearly allied by lineal descent to the Asiatic nobility, they are expected to visit Turkey during the tour. Ladies in Central Asia would do well to anticipate his visit, inasmuch as he has a decided leaning in that direction.
 The papers in Patagonia, Queen Charlottes Island and Central Africa will please copy, as those localities are to be visited in the Bridal tour.—Washington Territory Pioneer.
