Udolpho Wolfe's Schnapps.

A medicinal diet drink, of eminently salutary qualities, manufactured by himself exclusively, at the factory at Schiedam, in Holland.

It is made from the best barley that can be selected in Europe, with the essence of an aromantic Italian berry, of acknowledged and extraordinary medicinal properties. It has long since acquired a higher reputation, both in Europe and America, than any other diuretic beverage.

In Gravel, Gout, and Rheumatism, in obstructions of the Bladder and Kidneys, and in General Debility, its effects are prompt, decided, and invariably reliable; and it is not only a remedy for these maladies, but in all cases in which they are produced by drinking bad water, which is almost universally the cause of them, it acts as a SURE PREVENTIVE.

The distressing effect upon the stomach, bowels, and bladder, of travelers or new residents, and all persons unaccustomed to them, produced by the waters of nearly all our great inland rivers, like the Ohio, Mississippi, and Alabama, from the large quantity of decayed vegetable matter therein contained, in a state of solution, is well known, as is also that of the water of limestone regions, in producing Gravel, Calculi and Stone in the bladder. THE AROMATIC SCHIEDAM SCHNAPPS is an absolute corrective of these injurious proportions of bad water, and consequently prevents the diseases which they occasion. It is also found to be a sure and preventive of Fever and Ague, a disease caused by the conjoint effects of vegetable malaria in the atmosphere and vegetable putrescence in the waters of those districts in which it principally prevails.

THE AROMATIC SCHIEDAM SCHNAPPS is consequently in great demand by persons traveling, or about to settle in those parts of the country, especially, as well as by many in every community, where it has become known, on account of its various other remedial properties.

In all cases of a Dropsical tendency, it is generally the only remedy required, when adopted in the early stage of the disease.

In dyspepsia maladies, when taken in proper quantities, as a diet drink, and especially at dinner, it is found, by uniform experience, to be eminently efficacious in the most obstinate cases, when even the best of the usual remedies have failed to afford more than temporary relief. In cases of Flatulency, it is an immediate and invariable specific, and it may be administered in diluted and proportionate quantities, even to young infants, in all those paroxysms of griping pain in the stomach and bowels to which they are especially subject, as well as in the colic of grown persons.

Its judicious adoption in connection with the principal meals, or when a sense of exhaustion dictates its use, never fails to relieve the debility attendant upon protracted chronic maladies, low temperament, and exhausted vital energy, by whatever cause induced.—These are facts to which many of the most eminent medical men, both in Europe and the United States, have borne testimony, and which are corroborated by the highest written authorities.

Put up in quart and pint bottles, in cases of one dozen, with my name on the bottle, cork, and fac-simile of my signature on the label.

For sale by all the respectable druggists and dealers in California and Oregon.

Caution to the Public.

London Cordial Gin,
Club House Gin,
Schiedam Schnapps,
Medicated Schnapps,
Royal Schnapps,
&c., &c., &c.

After several years' experimenting in the manufacture of Gin, I fortunately succeeded, in the year 1848, in making a discovery in its manufacture by which it was deprived of all acrid and inflammatory properties, and rendered perfectly pure. My Manufactory is at Scheidam, Holland. After several months' reflection what title to give it, I introduced it to the American public under the name of "WOLFE'S SCHIEDAM AROMATIC SCHNAPPS." Scheidam is the name of the place in Holland where the Gin is manufactured. Aromatic derives its name from the Italian Juniper Berry, with which it is flavored; and "Schnapps" is the German word for drink—Cogue, dram, Wolfe's Scheidam Aromatic Drink.

No sooner had my Schnapps been introduced to the American public, and received with approbation, than the Liquor Mixers of New York, Boston and Philadelphia, started in pursuit with their mixed and poisonous stuff, under various names—Schiedam Gin, Schiedam Schnapps, London Club House Gin, London Cordial Gin, &c.—and in several cases my labels have been so perfectly imitated, with only the addition of a few letters, to plead a technical avoidance of the law, and so carefully prepared as to impose on careless purchasers. I understand a large quantity has been purchased by merchants of California, on account of the cheapness of the article.

I especially caution the public against those vile imitations put up in imitation of my bottles, and wrappers of same colors—YELLOW PAPER, WITH BLUE AND RED PRINTING—intended to deceive careless buyers.—Such bottles contain the worst kind of doctored-up and unwholesome Liquor.

I have appointed CROSBY & DIBBLEE, San Francisco, Sole Agents for the Schiedam Aromatic Schnapps for California and Oregon.

A merchant who participates indirectly in the fraud, by selling spurious articles, is as much an offender, as the principle who planned the imposition. I hope every honest man, who values the health of the community in which he lives, will aid me in ferreting out and exposing the unscrupulous merchant, who, for the sake of a few cents, will put in jeopardy the lives of the community in which he lives. Such men should be nailed to the pillory of popular execration.

The genuine Schnapps can be purchased at wholesale from all the responsible liquor dealers and druggists in San Francisco. UDOLPHO WOLFE.

COUGHS AND COLDS.—Wistar's Balsam of wild Cherry is just the remedy for a pure-minded, unprejudiced man, thoroughly acquainted with every system of practice, and well acquainted with the whole Materia Medica, and experienced in general practice, would recommend as the best possible remedy for the cure of Coughs, Colds, Asthma, Bronchitis and Consumption. This remedy contains the extraordinary medicinal virtues of wild Cherry and the Fir, which are combined and embodied in their utmost power in this article. By a nice chemical process, everything deleterious or useless is rejected, so that what remains is the most extraordinary and truly efficacious remedy for all kinds of Pulmonary and Liver Diseases ever known to man.

CAUTION.—As there are many counterfeits, look well at the signature before purchasing; take none unless it has the name of "Sanford & Park" engraved on the outside wrapper—all others are base imitations.

CAUTION!—CAUTION!—Beware of Counterfeits!—HOSTETTER'S BITTERS.—The public are aware that for some years past, Hostetter's Bitters have, by their intrinsic merit, as the best tonic of the present day, won a name and celebrity beyond any other compound of the like kind. The immense and ready sale which Hostetter's Bitters met with, induced a number of persons to engage in counterfeiting them, by buying up the bottles, and filling them with a spurious and noxious compound. Also, several worthless preparations are gotten up in this city, with the evident design of being palmed off as the genuine Hostetter's Bitters, having a similar bottle and label, the direction, etc., taken off verbatim, save the omittance of Dr. J. Hostetter's name, and then making sales of the articles to saloon-keepers and others, at reduced prices, under the representation that they are the genuine article. Purchasers should always examine the bottle and see that it is covered with metalic caps, with the name of "Dr. J. Hostetter's Stomach Bitters, stamped on, and not with tinfoil or wax, as is the case with the counterfeit article. The above name is also blown in the glass on one side of the bottle. Sold by the principle Druggists and Saloons.

DR. L. J. CZAPKAY'S Surgical and Medical Institute is so extensively known in this Territory that any notice of it, or of him, might seem superfluous. Yet fearing that there are those who heretofore having no need of medical aid, have neglected to ascertain the proper sources of relief in cases of misfortunes. To those we beg leave to direct attention to Dr. L. J. Czapkay, who is certainly a Physician of great skill and wonderful success in his profession. The Dr. has devoted much attention to the treatment of chronic and private diseases, and stands unrivalled in his management of them. To those who need such assistance we cheerfully recommend Dr. L. J. Czapkay; it would be well at all events to consult him, as he makes no charge for consultation, and much good might result from it. The Dr. guarantees a cure in all cases or asks no compensation.

Dr. Kriechbaum's Hungarian
HAIR PRESERVER.

FOR the Restoration, Beauty and Preservation of the Hair. This preparation removes all harshness and dryness of the hair, by exciting the scalp to a new and healthy action, and cleanses it from scurf and dandruff; prevents the hair from falling off and getting gray, but the most remarkable result which it will effect, is *it will produce a new crop of hair on an entirely bald head.* Many young persons sometimes find the too early appearance of gray hairs, this preparation will stop this result. Mothers who wish their children to have fine heads of hair, can effect this by the use of this Tonic; especially on their daughters if the hair is light. I know few persons believe the hair can be restored on a bald head, but, if my directions are followed I will warrant a cure or refund the money. It is put up in two ounce bottles and for sale by wholesale and retail with directions at one dollar per bottle; it can be sent by mail to any part of the United States. Gentlemen send on your orders, stating the cause and duration of the baldness and I will cure you. To insure a cure my charge varies from Twenty-five to Fifty dollars, according to the nature of the case.

PIONEER EXCELSIOR AGRICULTURAL WORKS.

THE SUBSCRIBER begs leave to announce to the FARMERS and DEALERS IN AGRICULTURAL IMPLEMENT, of California and Oregon, that he has now facilities for manufacturing and repairing Agricultural Implements of every description, from the smallest to the greatest, of the best and most improved kinds, and in the best manner, having his shop so enlarged as to accommodate sixty workmen, and furnished with steam power and all the necessary machinery of the LATEST and most APPROVED styles, and inferior to none now in use for the purpose above named. He is confident, that, with his past fifteen years' experience in California, he can provide the farmers with machines and implements much more suitable to the wants of the country than any that can be imported, as the soil and products of the country are different from those at home, and require Machines in most cases of a more substantial make, and in many instances very different.

He designs manufacturing a number of combined Reapers and Mowers, particularly adapted to the use of this country, which will possess more combined strength, durability and lightness, than any other now in use. His Cast Steel Deep Tiller Plow has already attained a notoriety in this country far in advance of any before introduced. He will be able, with what other Plows are made within the State, to supply fully the demand for these Plows the coming season. He designs manufacturing Smith's Patent Gang Plow, so favorably known in the Western States, and recently introduced here. Also, Premium Fanning Mills, from Nos. 1 to 6, which have given universal satisfaction.—Also, the World's Fair Prize Butter Working Churn, to which was awarded the First Premium at the California State and Mechanics' Fair, 1857. Also, Harrows, Cultivators, Side-hill Subsoil and Left Hand Plows, and all other similar implements.

HE WISHES to call the PARTICULAR ATTENTION of the Farmers to his facilities for repairing all kinds of agricultural implements, being such as to enable him to do every part within his own shop, being prepared to make castings both of iron and brass; therefore he will be able to do repairing in the shortest time and with much less trouble than has heretofore been the case. He wishes also to ANNOUNCE that he has now on the WATER, bound for this PORT, on board the clipper ships WEBFOOT and MARY ROBINSON, forty of JOHN A. PITT'S celebrated THRESHERS and SEPERATORS, twenty each, 8 and 10 horse-powers, which are superior to any ever heretofore offered in this market, with cast steel Cylinder Shafts and Journal, which has not heretofore been the case, and in many other respects in such a way as to add much to the steady operation and wear of the machines.—Persons wishing any of the above machines, will do well to forward their orders early, as these are all that will be in the market, of that make this season, and he has the exclusive right of sale for the machine in California, Oregon and Washington Territories. He will act as Pitt's agent in protecting the patent on said machine. All persons will please take notice that they will be held responsible for any infringement on said patent.

He has also on the way a good assortment of Reapers; among which are BURRALL'S, McCORMICK'S HUSSEY'S and MANN'S. Also a full supply of extras for any and all of the above Machines. Cycles, Sections, Castings of every description, etc. In addition, he has on hand a full supply of

- Hay Presses, best style;
- Hay and Straw Cutters;
- Grain Cradles, Grant's;
- XI Steel Plows;
- Cincinnati Eagle Steel Plows;
- Evans & Adams' Galena Plows;

- Hunt's and Simmons' Handled Axes;
- Steel Crowbars;
- Old Colony Assorted Nails;
- Grindstones and fixtures;
- Baling Rope;
- Wheelbarrows;
- Plow-Beams and Handles.

In fact, a full assortment of all implements required by the farmer. He proposes to say that what he manufactures, as well as what he imports, he will sell on as reasonable terms as any can sell similar articles.

He is sure that he can and will offer such inducements as to make it to the interest of farmers and merchants to buy of him instead of importing. He would, at the same time, tender his thanks to the public for their liberal patronage during the past season, which has been entirely to his satisfaction and much beyond his expectation at the beginning of the season.

Attention Farmers!
Threshers, Reapers, and Mowers.

WE have now on the way from the Eastern States, to arrive about the latter part of April next, a superior lot of the above mentioned machines. They combine all of the latest improvements, and we have no hesitation in saying that we believe them to be the most perfect machines we ever brought to this coast.—They were constructed under our own supervision, having all the alterations necessary to render them suitable for the country.

The Threshers consist of two, four and six horse powers, (railway and sweep) with elevators and every essential convenience known to the machine.

Our Reapers and Mowers are combined machines suitable for either mowing or reaping, they work from two to four horses; with and without rakes, or, in other words, one is a self-raker.

In addition to the above, we have to arrive at the same time, the following agricultural implements, viz: Peoria plows, X S Boston Clipper plows, extension cultivators, grape vine, grain cradles, scythes, snaths, straw cutters, hay presses, hay forks and rakes, horse rakes, wheel-barrows, cider mills, shovels, spades, &c.

Bark mills and Tanners tools. Also, a select assortment of Smiths' and carpenters' tools, with many other articles not here mentioned.

We would say to our customers and the public generally, if they are in want of any of the above mentioned articles, they will do well to call and see ours before purchasing elsewhere, as we are determined to sell low for cash. We would also add that our machines are rapidly sold to arrive; better call and secure one of them, before too late. If preferred, machines delivered in Portland if engaged before arrival.
