Proposals may be submitted for the performance of all the side service—that is, for offices over eighty rods from a station or landing.

The first forebosings; the self distrust and want of confidence in others; the incapacity to study, and want of resolution; the frightful, exciting, and at times pleasurable dreams at night, followed by involuntary discharges, have all disappeared; and in fact, in two months after having consuited the Doctor, I felt as if inspired by a new life—that life which, but a short time ago, I contemplated to end with my own hand.

With a view to guard the unfortunate from falling into the snares of incompetent quacks, I deem it my duty to offer this testimony to the merit and skill of Dr. Czapkay, and recommend him to all who may stand in need of medical advice, being assured by my own experience, that once under his care, a radical and parmanent care will be effected.

CARD.

Prompted by an honest desire of my beart. I wish to lay before the public a case which deserves a high commendation, not only as an act of scientific skill, but that of humanity, also. About two years ago, I suddenly and from causes unknown to me, was seized with a fit of strikers, which, owing to my inability to meet the expenses consequent upon a thorough medical treatment, and the discouragement which I met with on attempting it, soon became such (as I was then led to believe.) as to defy the skill of any physician. I was frequently, while in pursuit of my calling, thrown down to the ground without the slightest warning, and although insensible to the agonics, yet I despised the misery of my existence. While in this state, and having previous to my affection tasted the sweets of life. I once more was induced to attempt seeking aid of a physician, and, by recommendation, called upon Dr. L. J. Cappkay. I told him my circumstances, and my inability to reward him for his services—regardless of which, however, he at once undertook my case, and with the blessing of God, I was once more restored to perfect health. Unable to reward him for the boon which I enjoy at present, and yet conscious of my indeldedness. I consider it due to myself and to all afflicted, to make the case public, in order that those in need of medical advice may find a physician in whom every confidence can be placed.
