With a view to guard the unfortunate from falling into the snares of incompetent quacks, I deem it my duty to offer this testimony to the merit and skill of Dr. Czapksy, and recommend him to all who may stand in need of medical advice, being assured by my own experience, that once under his care, a radical and permanent cure will be effected.

CARD.

Prompted by an honest desire of my heart. I wish to lay before the public a case which deserves a high commendation, not only as an act of scientific skill, but that of humanity, also. About two years ago, I suddenly and from causes unknown to me, was seized with a fit of ETHERSY, which, owing to my inability to meet the expenses consequent upon a thorough medical treatment, and the discouragement which I met with on attempting it, soon became such (as I was then led to believe.) as to defy the skill of any physician. I was frequently, while in pursuit of my calling, thrown down to the ground without the slightest warning, and although insensible to the agonies, yet I despised the misery of my existence. While in this state, and having previous to my affletion tasted the sweets of life. I once more was induced to attempt seeking aid of a physician, and, by recommendation, called upon Dr. L. J. Czapkay. I told him my circumstances, and my inability to reward him for his services—regardless of which, however, he at once undertook my case, and with the blessing of God, I was once more restored to perfect health. Unable to reward him for the boon which I chipy at present, and yet conscious of my indebtedness, i consider it due to myself and to all afflicted, to make the case public, in order that those in need of medical advice may find a physician in whom every confidence can be placed.

Threshers, Reapers, and Mowers.

We have now on the way from the Eastern States; to arrive about the latter part of April next, a superior lot of the above mentioned machines. They combine all of the latest improvements, and we have no hesitation in saying that we believe them to be the most perfect machines we ever brought to this coast. They were constructed under our own supervision, having all the alterations necessary to render them suitable for the country.

The Threshers consist of two, four and six horse powers, (railway and sweep) with elevators and every essential convenience known to the machine.

Our Reapers and Mowers are combined machines suitable for either mowing or reaping, they work from two to four horses; with and without rakes, or, in other words, one is a self-raker.

In addition to the above, we have to arrive at the same time, the following agricultural implements, viz: Peoria plows, X 8 Boston Clipper plows, extension cultivators, grape vine, grain cradles, scythes, snaths, strawcutters, hay presses, hay forks and rakes, horse rakes, wheel-barrows, cider mills, shovels, spades, &c.

Bark mills and Tanners tools. Also, a select assortment of Smiths' and carpenters' tools, with mary other articles not here mentioned.

We would say to our castomers and the public generally if they are in want of any of the above mentioned articles, they will do well to call and see ours before purchasing elsewhere, as we are determined to sell low for cash. We would also add that our machines are rapidly sold to arrive; better call and secoure one of them, before too late. If preferred, machines delivered in Portland if engaged before arrival.
