CERTIFICATE.

The undersigned, desirous of acquainting those who may be unfortunate enough to be similarly afflicted, where a permanent relief of their suffering may be obtained, feels it his duty to thus publicly express his most sincere gratified to Dr. L. J. Crapkay, for the distressing symptoms incident to the vicious practice of uncontrollable passion in youth; depressed in body and mind; unable to perform even the most trifling duty imposed upon the daily avocations of life. I sought the advice of many physicians, who at first regarded my disease as of trifling importance—but also; after a few weeks, and in several instances menths, of their treatment, I found to my uniterable horror, that instead of relief, the symptoms became more alarcoing in their torture; and being, trid by one that my diseases, being principally cardined to the brain, medicine would be of little consequence. I despaired of ever regaining my failt, strength and energy; and, as a last resurt, and with but a faint hope, called upon Dr. Crapkay, who, after examining my case, prescribed which almost instantly relieved me of the dell pain and distinces in my lead. Encouraged by this result, fresolved to place myself immediately under his cart, and by a strict obsdience to his directions and advice, my head became clear, my does collected, the constant pain in my back and grains, the weakness of my limits, the nervous reaction of my whele body on the elightiest alarm or excitement; the missultances and trifling in my back and grains, the weakness of my limits, the nervous reaction of my whele body on the elightiest alarm or excitement; the missultances and trifling in a my back and grains, the weakness of my limits, the nervous reaction of my whele body on the elightiest alarm or excitement; the missultance of the constant pain in my back and grains, the weakness of my limits, the nervous reaction of my whele body on the elightiest alarm or excitement, the missultance of the constant pain in my back and grains, the weakness of my limits, t others; the incapacity to study, and want of resolu-n; the frightful, exciting, and at times pleasurable cause at night, followed by involuntary discharges that he is now prepared to parchase or take in storage, inve all disappeared; and in fact, in two months after having consulted the Dactor, I felt as if inspired by a new life—that life which, but a chort time ago, I contemplated to end with now own hand.

With a view to goard the unfortunate from falling into the snares of incompetent quacks, I deam it my duty to offer this testimony to the merit and skill of Dr. Crapkay, and recommend him toull who may stand in used of medical gavice, being assured by my own experience, that once under his care, a radical and portangent cure will be effected.

JOHN MIDDLETON, [L. s.]
Notary Public.

Prompted by an honest desire of my heart. I wish to lay before the public a case which deserves a high commendation, not only as an act of scientific sicil, but that of humanity, also. About two years ago, I suddenly and from causes unknown to me, was served with a fit of Eritary, which, owing to my imbility to meet the expenses consequent upon a thorough medical freatment, and the discouragement which I met with on attempting it, soon became such (as I was then led to believe,) as to defy the skill of any physician. I was frequently, while in pursuit of my cailing, thrown down to the ground without the slightest warning, and although insensible to the agonies, yet I despised the misery of my existence. While in this state, and having previous to my affection tasted the sweets of life. I once more was induced to attempt seeking aid of a physician, and, by recommendation, called upon Dr. L. J. Czapkay. I told him my circumstances, and my inability to reward him for his services—regardless of which, however, he at once undertook my case, and with the

to reward him for his services—regardless of which, however, he at once undertook my case, and with the blessing of God. I was once more restored to perfect health. Unable to reward him for the boon which I enjoy at present, and yet conscious of my indebtedness. I consider it due to myself and to all afflicted to make the case public, in order that those in need of medical advice may find a physician in whom every confidence can be placed.
