Piles, Gravel, Venereal Diseases, Dyspepsia, Scrofela, and all cuta means diseases, yield rapidly and surely to its effects. The smallness of the dose should not excite surprise, as this sath is a combination of the most powerful chem-ical agents known. No better proof of its virtue can be given than the fact that, aithough it is two years since it was first offered to the public, the discoverer has nover been able to fill his orders, and it is only within the last few months that the Saft could be ob-tained in this State, at any price. WEATHERFORD, & SMITH & DAVIS. Dr. L. J. Crapkay.--We would direct the especial attention of invalids to a perusai of Dr. L. J. Crapkay's advertisement, to be found in another column of this paper, in order to place the services of a learned and experienced physician within their reach. So much it has been inflicted on the human family from the peri-icians and ignorant practices of empirics, that it seems as if we were fulfilling a bounden duty to make known where relief can be obtained. To those unfortunate diseases, or their ill treatment, we cheerfully commend Dr. L. J. Crapkay as a man of rare scientific and med-ing experience and akcowiedged skill, for the sec-essful practice of his profession. Having made sex-ual complaints an especial study, like the celebrated Ricot of Paris, he is canabled to guarantee a perma-nent and speedy cure in all cases of private or chronic diseases, whether the effects of contagion, self-abuse, or bas of virility; and in order that patients at a distance may avail themse. yes of his advice, free consultation is perturbed as the bas effected, some of which were long standing, leads us to place much faith in Dr. C.'s effi-cary, and commend him to the confidence of these in ill health. Dr. CrapkRy's office is on Sacramento st., below Montgomery, nearly opposite the Pacific Mail Steamship Co.'s office, San Francisco. 49 on this date, or they may be forever barred. March 19, 1859.
