CERTIFICATE

The undersigned, desirous of acquainting those who may be unfortunate enough to be similarly afflicted, where a permanent relief of their suffering may be obtained, feels it his duty to thus publicly express his most sincere gratitude to Dr. L. J. Czapkay, for the permanent recovery of his health. Borne down by the distressing symptoms incident to the vicious practice of uncontrollable passion in youth; depressed in body and mind; unable to perform even the most trifling duty imposed upon the daily avocations of life, I sought the advice of many physicians, who at first regarded my disense as of trifling importance—but alas, after a few weeks, and in several instances months, of their treatment, I found to my unutterable horror, that instead of relief, the symptoms became more alarming in their torture; and being told by one that my disease, being principally confined to the brain, medicine would be of little consequence, I despaired of ever regaining my health, strength and energy; and, as a last resort, and with but a faint hope, called upon Dr. Czapkay, who, after examining my case, prescribed some medicine which almost instantly relieved me of the dell pain and dizziness in my head. Encouraged by this result, I resolved to place myself immediately under his care, and by a strict obedience to his directions and advice, my head became clear, my ideas collected, the constant pain in my back and groin, the weakness of my limbs, the nervous reaction of my whole body on the slightest alarm or excitement; the misanthropy and evil forebodings; the self distrust and want of resolution; the frightful, exciting, and at times pleasurable dreams at night, followed by involuntary discharges, have all disappeared; and in fact, in two months after having consulted the Doctor, I felt as if inspired by a new life—that life which, but a short time ago, I contemplated to end with my own hand.

With a view to guard the unfortunate from falling into the snares of incompetent quacks, I deem it my do ty to offer this

Many Turns and the discouragement which I met with on attempting it, soon became such (as I was then led to believe) as to defy the skill of any physician. I was frequently, while in pursuit of my calling, thrown down to the ground without the slightest warning, and all though insensible to the agonies, yet I despised the mis ery of my existence. While in this state, and having previous to my affliction tasted the sweets of life, I once more was induced to attempt seeking aid of a physician, and, by recommendation, called upon Dr. L. J. Czap kay. I told him my circumstances, and my inability to reward him for his services—regardless of which,
