A PERMANENT CURE GUARANTEED, OR NO PAY. Communications strictly confidential.

Dr. L. J. CZAPKAY.

San Francisco, Cal. TO THE AFFLICTED.—Dr. L. J. CZAPKAY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of Chronic diseases of the Lungs, Liver, Kidneys, digestive and genitive organs, and all private diseases, viz: Syphilitic ulcers, gonorrhœa, gleet, strictures; seminal weakness, and all the horrid consequences of self-abuse, and he hopes that his long experience and successful practice of many years, will continue to ensure him a share of public patronage. By the practice of many years in Europe and the United States, and during the Hungariam war and campaigns, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury—charges moderate—treats his patient in a correct and honorable way—has references of unquestionable veracity from men of known respectability and high standing in society. All parties consulting him, by letter or otherwise, will receive the best and gentlest treatment, and implicit secresy.

Of all diseases, the great first cause
Springs from neglect of Nature's laws.

Suffer Not!

When a cure is guaranteed in all stages of SECRET DISEASES.
Self abuse, Nervous Debility, Strictures, Gleets, Gravel, Diabetes, Diseases of the Kidneys and Bladder, Mercurial Rhenmatism, Scrofula, Pains in the Bones and Audies, Diseases of the Lunga, Throat, Nose and Eyes, Ulerr upon the Body or Limbs, Cancers, Dropsy, Epileptic Fits, St. Vitus' Dance, and all Diseases arising from a derangement of the Second Organs.

Such as Nervous Trembling Loss of Memory, Loss of Power, General Weakness, Dinness of Vision, with peculiar spots appearing before the eyes loss of sight, wakefulness, dvs. pepila, liver disease, eruption upon the face, pain in the back and bend, female trregularities, and all inaproper discharges of both sexes. It matters and all improper discharges of both sexes. It matters not from what cause the disease originated, however long standing or obstinate the case, recovery is certain, and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has baffled the skill of eminent physicians and resisted all their means of cure. The metheines prescribed are pleasant, without odor, entirely vegetable, causing no sickness, and free from mercury or balsam. During infreen years of practice, in Europe, the Affantic States and California, I have rescued from the jaws of death many thousands, who, in the last stages of the above-mentioned diseases, had been given up to die by their physicians, which warrants me in promising to the afficted who may place themselves under my care, a perfect and speedy cure. Private diseases are the greatest enemies to health, as they are the first cause of Consumption, Scrofula, and many other diseases, and should be a terror to the human family. A permanent cure is scarcely ever effected, a majority of the coses falling into the bands of incompetent persons, who not only fail to cure the disease, but ruin the constitution, filling the system with mercury, which, with the disease, has tens the sufferer into a rapid consumption.

But should the disease and the treatment not cause death speedily, and the victim matries, the disease is entailed upon the children, who are born with feeble constitutions, and the current of life corrupted by a virus which betrays itself in scrofula, tetter, ulcers, corruptions, and other affections of the skin, eyes, throat and lungs, entailing upon them a brief existence of suffering, and consigning them to an early grave.

SELF ABUSE is another formidable enemy of health, for nothing else in the dread catalogue of human discases causes so destructive a drain upon the system, drawing its thousands of victims, through a few years of suffering, down to an untimely grave. It destroys the nervous system, rapidly wastes away the energies of

the nervous system, rapidly wastes away the energies of life, causes mental derangement, prevents the proper development of the system, disquadifies for marriage, society, business, and all carthly happiness, and leaves the sufferer wrecked in body and mind, predisposed to consumption, and a train of evils more to be dreaded than death itself. With the fullest confidence I assure the unfortunate victims of Self abuse, that a permanent and speedy cure can be effected, and with the abandonment of ruinous practices, my patients can be restored to robust, vigorous health.

Irregularities, and all diseases of males and females, treated on principles established by lifteen years of practice, and sanctioned by thousands of the most remarkable cures. Medicines, with full directions, sent to any part of the State, Oregon, and Washington Territory, by patients communicating their symptoms by letter. Business correspondence strictly confidential.

REMARKABLE INSTANCE OF MEDICAL RE-LIEF—Below we publish the certificates of two of the sufferers from the pangs of disease, who having recovered their former bealth, and impelled by grati-tude, make known their cases and remedial agent, and their statements are authenticated by a Notary Public. The demands of society imperiously command their publicity, and we commend their perusal to the atten-tion of all afflicted:

CERTIFICATE

The undersigned, desirous of acquainting those who may be unfortunate enough to be similarly afflicted, where a permanent relief of their suffering may be obtained, feels it his duty to thus publicly express his most smeere gratified to Dr. L. J. Czspkay, for the permanent receivery of his health. Borne down by the distressing symptoms incident to the vicious practice of uncentrollable passion in youth; depressed in body and mind; mable to perform even the most trilling duty imposed upon the daily avocations of life, I sought the advice of many physicians, who at first regarded my disense as of trilling importance—but alas, after a few weeks, and in several instances months, of their treatment, I found to my unutterable horror, that instead of relief, the symptoms became more alarming in their torture; and being told by one that my disense, being principally confined to the brain, medicine would be of little consequence, I despaired of ever regaining my health, strength and energy; and, as a last resort, and with but a faint hope, called upon Dr. Czapkay, who, after examining my case, prescribed some medicine which almost instantly relieved me of the dull pain and dizziness in my head. Encouraged by this result, I resolved to place myself immediately under his care, and by a strict obedience to his directions and advice, my head became clear, my ideas collected, the constant pain in my back and groin, the weakness of my litabs, the nervous reaction of my whole lody on the slightest alarm or excitement; the misanthropy and evil forebodings; the self distrust and want of resolution; the frightful, exciting, and at times pleasurable dreams at night, followed by involuntary discharges, have all disappeared; and in fact, in two months after having consulted the Doctor, I felt as if inspired by a new life—that life which, but a short time ago, I contemplated to end with my own hand.

With a view to guard the unfortunate from falling into the snares of incompetent quacks, I deem it my duty to offer this t CERTIFICATE

Notary Public.

Prompted by an honest desire of my heart, I wish to pay before the public a case which deserves high commendation, not only as an act of scientific skill, and that of humanity, also. About two years ago, I suddenly, and from causes unknown to me, was seized with a fit of effects, which, owing to my inability to meet the expenses consequent upon a thorough medical treatment, and the discouragement which I met with on attempting it, soon became such (as I was then led to believe) as to defy the skill of any physician. I was frequently, while in pursuit of my calling, thrown down to the ground without the slightest warning, and all though insensible to the agonies, yet I despised the misery of my existence. While in this state, and having previous to my affliction tasted the sweets of life, I once more was induced to attempt seeking aid of a physician, and, by recommendation, called upon Dr. L. J. Czap kay. I told him my circumstances, and my inability to reward him for his stricts—regardless of which;

however, he at once undertook my case, and with the blessing of God, I was once more restored to perfect health. Unable to reward him for the boon which I enjoy at present, and yet conscious of my indebtedness, I consider it due to myself and to all afflicted to make the case public, in order that those in need of medical advice may find a physician in whom every confidence can be placed.
