CERTIFICATE

The undersigned, desirous of acquainting those who may be unfortunate enough to be similarly afflicted, where a perunanent relief of their suffering may be obtained, feels it his duty to thus publicly express his most sincere gratitude to Dr. L. J. Czapkay, for the perunanent recovery of his health. Berne down by the distressing symptoms incident to the vicious practice of uncontrollable passion in youth; depressed in body and mind; ucable to perform even the most triffing duty imposed upon the duily avocations of life. I sought the advice of unany physicians, who at first regarded my discase as of triffing importance—but alas, after a few weeks, and in several instances months, of their treatment, I found to my unatterable horror, that instead of relief, the symptoms became more alarming in their torture; and being told by one that my discase, being principally confined to the brain, medicine would be of little consequence, I despaired of ever regaining my health, strength and energy; and, as a last resort, and with but a faint hope, called upon Dr. Czapkay, who, after examining my case, prescribed some medicine which almost instantly relieved me of the dull pain and dizziness in my head. Encouraged by this result, I resolved to place myself immediately under his care, and by a strict obedience to his directions and advice, my head became clear, my ideas collected, the constant pain in my back and groin, the weakness of my limbs, the nervous reaction of my whole body on the slightest alarm or excitement; the misanthy py and evil orebodings; the self distrust and want of confidence in others, the incapacity to study, and want of resolution; the frightful, exciting, and at times pleasurable dreams at night, followed by involuntary discharges, have all disappeared; and in fact, in two months after having consulted the Doctor, I felt as if inspired by a new life—that life which, but a short time ago, I contemplated to end with

CARD.

Prompted by an honest desire of my heart, I wish to lay before the public a case which deserves high commendation, not only as an act of scientific skill, aut that of humanity, also. About two years ago, I suddenly, and from causes unknown to me, was seized with a fit of EPILEPSY, which, owing te my inability to meet the expenses consequent upon a thorough medical treatment, and the discouragement which I met with on attempting it, soon became such (as I was then led to believe) as to defy the skill of any physician. I was frequently, while in pursuit of my calling, thrown down to the ground without the slightest warning, and al though insensible to the agonies, yet I despised the mis ery of my existence. While in this state, and having previous to my affliction tasted the sweets of life, I once more was induced to attempt seeking aid of a physician, and, by recommendation, called upon Dr. L. J. Czap kay. I told him my circumstances, and my inability to reward him for his services—regardless of which,

however, he at once undertook my case, and with the blessing of God, I was once more restored to perfect health. Unable to reward him for the boon which I enjoy at present, and yet conscious of my indebtedness, I consider it due to myself and to all afflicted to make the case public, in order that those in need of medical advice may find a physician in whom every confidence.

To the Editors of the Pacific Medical and Surgical Journal—Gentlemen: My attention has been called to an article in the December number of your journal, in regard to the ad candem degree granted by the Philadelphia College of Medicine to Dr. L. J. Czapkay—When the application for the degree was made to the Faculty, it was accompanied by affidavits and testimonials to the effect that Dr. was a regular graduate M. The ad uendeen degree, as its name implies, is conferred on graduates only, and gives us new privileges. Had there been the slightest suspicion of irregilelarity, the application would have been refused. Messas, O. J. Wood & Co—

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my bair being quite gray, I made up my mind to hay aside the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory, that I am very glad I did so; and in justice to you, as well as for the encouragement of others who may be as gray as I was, but who, having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a fair trial till they have further proof, and the best proof being occular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N.-Y. My hair is now its matural color, and much improved in appearance every way, being glossier and thicker, and much more healthy looking.

I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it.
