A MEDICINAL drink, of eminently salutary quali-ties, manufactured by himself exclusively, at his factory at Schiedam, in Holland, and well known dur-ing the last twelve years throughout all the Atlantic of Western States.

It is made from the best barley that can be selected in Europe, with the essence of an aromatic Italian berry of acknowledged and extraordinary medicinal properties. It has long since acquired a higher reputation, both in Europe and America, than any other diuretic

beverage.

Analyzed, it is a prepretty rune riquos, in its effects a mild and wholesome traic. It is extensively used and approved by the medical faculty, the temperance people, heads of families, &c.

In Gravel, Goat, and Rheamatism, the obstructions of the bladder and kidneys, and in general debility, its effects are prompt decided and invariably reliable; and it is not only a remedy for these maladies, but in all cases in which they are produced by drinking had water, which is almost universally the cause of them, it acts as a sure preventative.
