The Oregon Statesman.

LETTER FROM CANYON CITY. CANYON CITY. July 21, 1861.

ED. STATESMAN : Not long since, there was alties imposed on postmasters and to give infora grand "stampede" among the many gold mation on the new rates of postage : hunters of this vicinity after feet-not feet lour-SEC. 3. And be it further enacted. That no teen inches long, nor yet feet with webs on the mail matter shall be delivered by the post-master until the postage thereon shall have been paid; and no box at any postoffice shall toes, but feet in copper and silver lodes. On Dixie Creek there has been a copper lead discovered which promites to be very rich. Chas. he assigned to the use of any person until the rent therefor has been paid for at least one Rumley, a gentleman of many years' experi-ence in the assaying husiness, obtained from four enners of the turk two and fire-sitteenthe which receipt, and keep a record thereof in his office, which record shall be delivered to his succesfour onnees of the toek two and five-sixteenths

INSTRUCTION No. 3. This section absolute of pure copper, "which," he says, "was not all the rock contained." I have seen and exam-ined the ledge, and from the assay obtained and personal observation, have not the shadow of a doubt of its extent and richness. The

only and most important question now to be either as a transient package or for a quarter, as provided in sections 18 and 35. solved, is, can the the ore be taken out, smelt-ed and shipped over a wagon road (which is supposed to be practicable to the lead) to the Dalles or some other point on navigable waters solved, is, can the the ore he taken out, smeltprescribe, of all emoluments or sums by them respectively received for baxes or pigeon holes, at such rates of freight as to insure those interested a remunerative profit on the capital inor other receptacles for letters or papers, and by them charged for to individuals ; or for the vested ! As soon as the fact is established delivery of letters or papers at or from any place whatever; and of all emoluments, re ceipts and profits that have come to their hands that this lead can be profitably worked. I have no doubt capitalists will take hold of it and a new and valuable feature of the vast mineral by reason of keeping branch postoffices; and no postmaster shall hereafter, under any prewealth of this section will spring into existence. which, when fally developed, will bring into tence whatever, have or receive or retain for himself, in the aggregate, more than the amount of his salary. And the Postmaster General is circulation, untold millions now hidden in the bowels of the earth. A small piece of cinnabar was recently brought to this place which.

further authorized to require, by a form to be prepared by him, a sworn statement to accom-pany or following the quarterly account of any or all postmusters to the effect that such post-master has in such account truly stated the when assayed, was found to contain eighty per cent. pure quicksilver. This information when made public created quite a sensation among entire amount of postages, box rents, and all other charges and emoluments collected or rethose on the look out for "big strikes," and the general inquiry was, "Where's the lead" ?- ceived by him at his office during such quarter ; and that he has not knowingly delivered, or "Which way from here" ! and "How far" ? permitted to be delivered, to any person any mail matter on which the postage had not been but the auxious could clicit no definite information in regard to its locality. All was a myspaid at the time of delivery. Sec. 18. And be it further enacted. That tery except the rock and the assay. That fact

upon the following mailable matter the postage shall be paid before delivery for not less than and the fact of the existence of quicksilver within forty miles of this city seemed to be esone quarter nor more than one year; and such payment for a term may be made either at the mailing offices or at the office of delivery. If tablished beyond a doubt. It was finally whispered around among a few of the knowing ones, that they were on the right track, the inthe term commences at any other time than at the beginning of a quarter, such payment must dividual who found the lode was going to rebe made to cover such fractional quarter, and also for the next following quarter ; otherwise turn, and they were going to follow him, which they did, traveling (going and returning) in the the postage shall be collected thereon as on vicinity of one hundred and sixty miles ; but, transient matter ;

Upon regularly weekly, tri-weekly, semi-weekly and daily publications, and all other regular publications, issued from a known office of publication at stated periods and sent to alas, all their fond hopes and bright visions of future wealth and luxuries flew from them like chaff before the wind. They returned without regular subscribers. INSTRUCTION NO. 18. No newspaper or finding the mine, or even seeing the individual whom they were following.

ungazine, not prepared at the mailing office, can be delivered until the postage has been Canyon City is quite dull at this time ; priacipally caused by the scarcity of water. The paid for at least one quarter, unless the party miners have taken all the water from the Ditch addressed shall pay on each such paper addressed shall pay on each such paper or magazine the rate required on transient matter by section 34 of this law. If the quarterly postage shall be paid at any other time than the beginning of a quarter, that is to say, on the first day of January. April, July and Octo-her, it must be paid to the end of the next fol-herize and the indication of the same statement of the same statement. Company, consequently those who were working hill and bank claims, have been compelled to susped operations entirely. Quite a number of river claimants who were also taking water from the ditches for their wheels, lowing quarter ; thus, if the subscribtion com-mences from the 1st of August, payment must have shut down from necessity until they can make arrangements to get water from the creek. Those who are open and on the lead in the river are generally doing very well-making from ten to twenty dollars per day to the man. There is no certainty how long the the amount, and report it as paid in their quarterly account. Any failure to do this will water will hold out. It is falling quite rapidly be cause for removal. at present, and in case it should fail entirely, SEC. 22. And be it further enacted. That the rate of postage, on all domestic letters transmitted in the mails of the United States.

the miners propose bringing in the Malheur river, which, it is said, can be done in a short time by one hundred men. and not exceeding one half onnce in weight, shall be uniform at three cents ; and for each

The Indians, or "white" men, still continue half onnce, or fraction thereof, of additional weight, there shall be charged an additional to commit depredations, taking from one to a whole band of horses at a time. I am of the whole band of horses at a time. I am of the opinion that the Indians are not responsible for all the horse stealing, and other outrages per-all the horse stealing, and other outrages perall the horse stealing, and other outrages per-1, 1863, the single letter rate of postage will be three cents throughout the United States.petrated in the mining districts and on the

NEW POSTAL LAW. We publish the following extracts and in tructions from the Laws of the Post Office Department, for the benefit of those who may

INDIANAPOLIN, Oct. 12, 1858. Messre. A. L. Scovill & Co.-Gents : I am hardly be unnequainted with the restrictions and penble to express my gratitade for the banefit which my daughter has derived from the use of Dr. Mott's Liver Pills. She had been troubled with what the physician

alled liver complaint ; but our doctor failed to giv her any permanent relief, although she tried his pre-scriptions effectually. She had become melancholy, happy, and her constitution was much broken down y the use of mercury. She tried Dr. Mott's Liver Pills, and soon began to get better. I am happy to my that she has now entirely recovered her health JAMES CORB.

Special Notices.

LIVER COMPLAINT CURED.

THE AFFETITES.-It is a very difficult matter with he majority of persons to restrain their appetites nce we see an abundance of Dyspepsia, Liver Con plaints, and disorders of the Stomach and digestive or-gans. Hoofland's German Bifters will entirely cure hese complaints, and restore the system to origina vigor and strength. For sale by all druggists and dealers in medicines. 1w22 NISE YEARS OF AGONY .-- Chas. Montague, son of

Mr. John Montague, of New York, after endar heard of pangs from malignant scrofula for nine con-secutive years, was radically cured in a few months by that Elixir of life and irresistible antidote to poi son in the blood, Bristol's Sarsaparilla. The disease commencing at the ankle joints, had mounted to the Physicians said that it was preposterous to supoves. pose that any medicine could save the patient. Nev-ertheless, this awful case of hereditary scrofula, suc comed to the great Vegetable Specific. The letter of the father of the young man to Dr. Bristol, is one of the most remarkable documents ever published. Yet it is only one among thousands of proofs that no ma lignant external disease, whether it exists in the skir the glands, the flesh or the muscles, can withstand the hygican properties of this health-restoring, life-saving preparation. Prominent druggists atways have it for

SARZA-We have long supposed this celebrated drug had come to be an exploded humbug, but we are ssured by those skilled in the healing art, that no the sarsaparilla itself is to be blamed for this conclusion, but the miserable worthless preparations of that have been palmed off apon the community-pre-parations which contain about as much of its virtues as they do of gold dust. It is a commercial fact that almost all of the sarsaparilla gathered in the world, is consumed in the old countries of Europe, where the cionce of medicine has reached its highest perfection, and where they know the best what to employ for the mastery of disease. Hence we are glad to find hat we are now to have a compound of this excellent alterative, which can be relied on, and our community will not need be assured that anything Doct. Ayer makes is worthy of their confidence. He has been for years engaged in eliminating this remedy (see adverising columns) designing to make it his "chef d' or ere" which should add the crowning glory to his al

ready enviable reputation.-American Celt, N. Y. Dr. Baker's Pain Panacea for the cure of pain in the Stomach, Back and Bowels, Barns, Quinsy, Cuts and Swellings, Colic, Diarrhus and Rheumatism, Readache Poothache and Earache. *Pain cannot exist where this* mody is faithfully used.

Give it a trial and you will find it the greatest pain curing remely yet discovered. A cure is certain in all cases of Dispepsia, Weak Breast, Liver Complaint, General Debility, Pever and Ague, Putrid Sore Throat, Spine and Kidney Disase, &c., &c. Families should never be without a supply of it in the

ouse. Directions are fully given and particularly adapted of the diseases for which the "Pain Panacea" is recommended For sale by draggists overywhere. See advertisement is
