DR. D. JAYNE'S
EXPECTORANT
And Sanative Pills,

HAVE BEEN BEFORE THE PUBLIC SO LONG and found such general favor in every region of country where they have been sold, (and there is no place on the civilized globe where they have not been sold) that it would seem almost superfluous at this time to direct attention to them through the medium of the press. Yet it is due to suffering humanity, and especially to that numerous class who, in the changeable climate of the Pacific coast, suffer from

Diseases of the Lungs and Throat,

inducing and ending in CONSUMPTION, many of whom may not have need this remedy, that they should be allowed to read some of the cases where its influence has been useful in remedying complaints from which they are suffering.

THE EXPECTORANT
Operates IMMEDIATELY upon the Disease,

Surely and Speedily Eradicating, while the SANATIVE PILLS, by preserving regularity in the bowels and giving a healthy tone to the other internal organs aid and assist the perfect operation of the former.

Attention is asked to the following certificates, selected at random from the mass in possession of the proprietors:

COLUMBUS, Miss., Jan 24, 1857.

Dr. D. Jayne—Dear Sir: Gen. Wm. P. Orton, one of my neighbors, was cured of Bronchitis by the use of your *Expectorant* and *Alterative*, after having lain forty days at the point of death, and three eminent physicians having exhausted their skill upon him. Several cases of Dropsy and Cancer have been cured in my neighborhood. My little daughter was taken last November with an enlargement on the neck, which grew very fast. I immediately commenced giving her your Alterative, and she is now nearly well.
THOMAS L. TUNNELL.

From the Rev. Nelson Cook, late of Brooklyn, Mich.
NEW YORK, Jan. 8, 1861.

Dr. D. Jayne—Dear Sir: A young man living in my house was taken with a violent cold, which settled on his lungs, causing a hoarse, hollow cough, attended with much fever. This continued for more than two weeks, when all thought death to be inevitable. At this point I commenced giving your Expectorant and Sanative Pills, according to directions. In the course of two or three days, he began to expectorate freely and in about two weeks he was about and was soon well.

A homeopathic physician and family spent a night in my house. The daughter was taken with a violent croup, which threatened speedy death. The father having no medicine, concluded to give the Expectorant which soon afforded relief.

From the Rev. N. M. Jones, Rect. of Prot. Epis. C'ch, Saint Bartholomew, Philadelphia.
PHILADELPHIA, March 31, 1856.

Dr. D. Jayne—Dear Sir: In all cases resembling Consumption, I recommend Jayne's Expectorant, having in so many instances witnessed its beneficial effects in the two last cases which came under my observation. The administration of the Expectorant has, I am happy to say, been attended by the most decided improvement of the patients.

For a greater number and variety of certificates and fuller information regarding these and other of Dr. D. Jayne and Sons' Preparations, reference is given to their ANNUAL ALMANAC, which may be had from any druggist or dealer in medicines.

Dr. Baker's Pain Panacea

IS composed entirely of healing gums, and vegetable oils and herbs. It is perfectly safe for the most delicate to use. I can most sincerely say that I have never known any, however delicate, to be injured by it in the least. I will continue to ask the afflicted, who have not used it, to try it for the following diseases. If they are not satisfied with its healing properties, the money will be cheerfully refunded by the agent where the medicine is for sale.

If you have Pain in the Stomach or Bowels, try a dose of Pain Panacea internally, bathe externally over the parts affected, and you will at once restore the proper action and relieve the pain.

If you have a Bruise or Wound, bathe it well with the Pain Panacea four times a day. It will relieve the pain, and take out all the poison, and heal the wound in a short time.

If you are suffering from Neuralgia or Rheumatic Pains, apply the Pain Panacea freely, and take a dose of it internally, morning noon and night; it will not only cure the pain, but will remove the cause of the disease.

If you have the Dispepsia, and your food distresses your stomach after eating, take a dose of Pain Panacea after each meal.

If you have a Cankered or Sore Mouth or Throat, apply the Pain Panacea to the affected parts, and gargle the mouth or throat three or four times a day.

If you have the Diarrhea, or a relaxed state of the bowels, take a few doses of Pain Panacea, and they will soon be restored. If you have a painful swelling bathe the parts freely and you will soon relieve the pain and the swelling will be reduced. If you have a severe toothache, apply the Pain Panacea on a piece of cotton, and bathe the gum at the same time; it will stop the pain instantly.

If you have a pain in the Side, Breast, Back or Kidneys, bathe the parts affected morning and night; at the same time take a dose of the Panacea internally.

If a Mother has a Caked Breast, apply the Pain Panacea as hot as can be borne.

If you feel chilly or cold, as though you were going to have a fever, take a dose of Panacea.

If you have a wound, cut or galls on your horse, apply the Pain Panacea; it will take out all the inflammation, and heal the sore in a short time. Sold by all the principal druggists, and by

The Oregon Statesman.

THE OREGON STATESMAN.

From and after this date, the publication of the STATESMAN will be conducted by C. P. Crandall and E. M. Waite. Their facilities for publishing the best and cheapest newspaper in the State are no less than have been possessed by any former publisher.

The columns devoted to reading matter always constitute by far the greater portion of the sheet, enabling us to give a more full and complete summary of passing events, than any other newspaper in the State.

Of the war news, we shall give the freshest and fullest dispatches attainable by money, enterprise and close attention.

Our summary of "Domestic Items" is unrivalled, and our large correspondence from all parts of the State will enable us to always outdo competition.

We have numerous correspondents in all the mining districts who are reliable men of practical experience and observation. Their representations, as published in the STATESMAN, may be relied on as strictly faithful.

The agricultural and other industrial interests of the State shall at all times receive that attention at our hands to which their prominence and importance entitle them.

The miscellany will be selected with a view to cultivate and gratify a proper reading taste. We shall not confine ourselves to any particular field of selection, but make use of such matter as will most likely be of present interest.

In politics, the STATESMAN will be *Independent*. No clique or faction will be permitted to control its opinions. It will earnestly advocate the prosecution of the war for the preservation of the Union, and will under no circumstances consent that the Government shall be destroyed by internal or external foes. Every measure for the suppression of the Rebellion, which our judgment commends as tending to that end, will receive our zealous support. While we yield such efforts in behalf of the Government, we shall also exercise the right of temperate criticism of all measures which, in our judgment, embody evil or danger to our republican institutions. The salvation of the government should be the first anxiety of every patriot, and whatever threatens disaster to it, from whatever direction it may come, should meet with prompt rebuke. It will be our constant effort to promote the right and to make war upon wrong.

As an advertising medium, the STATESMAN offers superior inducements. Its circulation is greater and more general than any other paper north of California. There is not a neighborhood from the Southern to the Northern boundaries of the State, into which it does not find its way; and we exaggerate nothing in saying that it has more constant readers than have any other two journals in Oregon.

The terms of subscription and advertising will for the present remain unchanged, when paid in coin. In all cases where Treasury notes are offered we shall charge rates that will make the payment equal to gold.

When payment is made in advance (and we shall make it a rule to not enter any new name upon our books except where payment is made in advance) subscription will be charged $5.00 per year; $2.50 for six months, and $1.00 for three months; $4.00 will be charged where payment is delayed six months, and $5.00 if payment is delayed one year. Twenty-five per cent. will be charged for each subsequent year's delay. Bills for advertising or job work will be charged at the same per cent. advance for delay in payment.

FORTRESS MONROE, Sept. 9.

Richmond *Enquirer* of 8th has the following:

CHARLESTON, Sept. 7.

Morris Island is evacuated. Enemy hold Cummings' Point, in full view of the city. Heavy firing is now going on between batteries on Sullivans' Island and Fort Moultrie and Monitors.

CHARLESTON, Sept. 7.

Bombardment was kept up without intermission all day yesterday and far into the night. About 15,000 (?) of our men were killed and wounded at Gregg and Wagner. An assault on Gregg was repulsed before the enemy had completed a landing. Great havoc was supposed to be made by our canister in the enemy's boats. At dark Sunday the enemy run their saps up to the moat of Wagner, and it being impossible to hold the island any longer Beauregard ordered it evacuated, which was executed with success. We spiked the guns of Wagner and Gregg, and withdrew in forty barges. Only one barge with 12 men was captured. All quiet this morning.

CHARLESTON, 12. P. M.

Dispatches from Gen. Scott, commanding Fort Sumter announces that flags of truce demanding the immediate surrender of that fort, are just received from Dahlgren. Beauregard telegraphed to reply to Dahlgren that "He could have Sumter when he came and took it. In the meantime such demands are contemptible." This evening at 6 o'clock the ironsides and monitors went closer to Sumter than usual and opened a hot fire on it. Our batteries on Sullivan's Island, with Moultrie replied heavily.

WASHINGTON, Sept. 10.

The following is the official report from Gilmore:

Headquarters Department of the South—To Halleck: I have the honor to report that Fort Wagner and Battery Gregg are ours.—Last night our sappers crowned the crest of the crest of the counter carp of Wagner on its sea front, masking all its guns, and an order was issued to carry the place by assault at 9 this being the time of low tide. At 10 last night the enemy commenced evacuating the Island. All but 75 made their escape from Cummings' Point in small boats.

Captured dispatches show that fort was commanded by Col. Keitt, of S. C., and garrisoned by 1400 men, and Gregg by between 160 and 200. Its bomb proof shelter, capable of holding 1800 men, remains intact after the most terrible bombardment to which any work was ever subjected.

We captured 10 pieces artillery and a large supply of excellent ammunition. The city and harbor of Charleston are now completely covered by my guns. (Signed)
GILMORE,
Brig. Gen. Commanding.

WASHINGTON, Sept. 10.

KNOXVILLE, Tenn., Sept. 6.

The campaign skillfully planned and energetically executed for possession of East Tennessee is as great and glorious a victory as has been won. Such was the rapidity of our movements that rebels were taken unawares and fled before us without destroying property. Three steamboats, three locomotives and a number of cars were taken. The whole march of our troops was an ovation and our entry into Knoxville an event long to be remembered. Thousands of every age, sex and condition greeted us with shouts and tears intermingled with martial music. Burnside addressed the people and assured them of protection.

A Leavenworth dispatch says a meeting at Pacli yesterday was attended by 3,500 armed men. Many were prevented from coming by Gen. Scofields order, and the rain. Gen. Very bitter resolutions were adopted declaring that the policy introduced into Missouri and Kansas is one which gives immunity to rebel sympathizers, and exposes loyal citizens to massacre.

Official intelligence of the capture of Fort Smith was received this evening. Gen. Blunt entered the fort.

The Creeks (Indians) have mainly deserted the rebels. McIntosh has gone towards Red River with only 150 from his two regiments.

MEMPHIS, Sept. 12.

Several refugees have arrived who report terrible riot of soldiers' wives at Mobile the 3th. About 600 women and children marched through principal streets carrying banners bearing the words "Bread or Blood," "Bread or Peace," and other like inscriptions.
