A grand ball and supper is to be given to the Russian officers in port. The eutertain-ment will cost about \$10,000. The decora-tions of Union Hall have been contracted for

at \$1,000. The hubcas corpus in the case of the four alleged fugitive marderers from Idaho was ar-gued this evening. The affidavit on which the warrant was granted is very loosely drawn-does not state where the marders were com-mitted, and is otherwise technically irregular. The eircumstances alleged would seem conclu-sive of the guilt of the accused; but they may escape through illegality of proceedings. The decision will be given to-morrow.
