Special Dispatches to the Oregon Statesman.

NEW YORK, Oct. 25—The *Commercial's* special says it is stated that Grant will insist that civilians now at the front engaged in distribution of tickets to soldiers shall either leave the army altogether, or make some arrangement by which their mission can be perfected without impeding military operations.

Political discussion excites soldiers in some cases, and leads to neglect of duties.

The *World's* special dispatch says Col. Alexander, who arrived to-night from Sheridan's headquarters, confirms the victory and results of Thursday's fight.

Early h s made no demonstration since Friday; at last accounts his army was considerably below Harrisonburg, in a disorganized state.

The *Herald's* Hilton Head correspondent says yellow fever is still prevalent at Charleston, Wilmington and other cities; 20 to 30 are dying daily.

ST. LOUIS, Oct. 25—Later advices from Little Rock state that Gardiner had left Camden, rapidly marching south, toward Red river—only about 2,000 rebels were left between Saline river and Camden.

Gen. Herron was at Little Rock, on an inspecting tour through Canby's department.

Great activity in military matters prevailed, indicating a movement to intercept Price.

The *Democrat's* Warrenton special says Gov. Hall has arrived from Independence with a small escort. He thinks our cavalry are damaging Price's movement through Kansas and are spreading the road with the blood of his best men. Our loss in Sunday's fight was 250 killed and wounded. Rebel loss much greater. We took between 400 and 500 prisoners. Deserters from Price are coming in to this point in considerable numbers.

HALIFAX, Oct. 25.—The steamer from Bermuda arrived to-nigh with passengers of the steamer Roanoke. It appears that after the Roanoke left Havana, her engines were stopped in order to receive passengers approaching in boats who afterwards proved to be confederates under Capt: Braine and Lieut. Parr, of Chesapeak notoriety. After the capture, Braine proposed to bond the steamer for $50,000 in gold, payable at Bermuda. Braine was to keep charge. This was refused. The Roanoke arrived at Bermuda quite out of coal.

She had a valuable cargo of bale tobacco, cigars and sugar. Braine and associates were all liberated. Capt. Drew and crew left for New York on the 15th.

SAN FRANCISCO, Oct. 27.—The steamer Sophia McLane blew up at Salem City wharf yesterday morning. The second engineer and a deck hand were killed, and the pilot and two others are missing. Capt. Hurlbut and several others are badly injured. She was a high pressure boat. The steamer Goliah was immediately dispatched with physicians, nurses, and everything required to alleviate the sufferings of the wounded.

Legal tenders 49 and 49¼. Gold, on the 25th, 218, declining to 215.

NEW YORK, Oct. 24.—The *Herald's* special dispatch says, the opinion is openly avowed by the highest military authorities here that Grant can with three hours' fighting, occupy Richmond. Lee's army will capitulate or hastily evacuate, which is only Grant's desire. The reason assigned for delay is to obtain the same result without serious sacrifice of life that would attend capture by direct assault now.

WASHINGTON, Oct. 24.—Arrival from the army of the Potomac reports heavy firing heard on Saturday night towards James river—apparently from our gun-boats.

Richmond papers of the 22d acknowledge a defeat in Shenandoah valley; loss, 23 guns, besides those captured, and 10,000 killed and wounded.

HALIFAX, Oct. 24—Gunboat *Jason*, from Bermuda on the 17th, reports the yellow fever raging at Bermuda.

NEW YORK, Oct. 24—The *World's* Washington special says the course of Gen. Dix, in pursuing the St. Alban's bandits across the Canadian border, will be sustained.

It is now alleged that Stanton will be offered the Chief-Justiceship.

Cameron, Banks, and Butler are mentioned for the War Department.

Refugees from Shenandoah valley report that notwithstanding the devastation by Sheridan, there is still an immense quantity of grain out of the track taken by our army.

A Martinsburg correspondent of the 22d, reports in the battle of the 19th, our loss is 5,000 killed, wounded and missing. We lost in the morning, 23 guns. We captured 7,000 men and 50 guns. The enemy's loss, therefore, is about 10,000.

Custar has receipts for 51 guns, 5 battle flags, a number of ambulances, horses and mules. This makes fifty-one pieces of artillery captured by Custar's division within two weeks.

It is demonstrated that Longstreet was not in the valley, but Early had struck desperately to recover this district and his reputation.

Details from the Cedar Creek victory, state that Devine's brigade and the 9th New York, pursued the rebels to Fisher's Hill; capturing 14 guns, a wagon train, slaughtering an immense number of rebels.

Gold closed Saturday evening, 209. Legal tenders, to-day, 49½

SAN FRANCISCO, Oct. 28—The steamer Golden City arrived this evening thirteen days from Panama, with New York mails of the 3d, and 360 passengers.

General Santa Coloma was duly elected President of New Grenada, October 1st, for two years.

The following vessels were Callao: British frigate Leander; United States frigate Lancaster; Chilean frigate Esmeralda and French corvette Lucifer.

A telegram from Gov. Morgan, dated New York, October 26, to Bryant, Union State Central Committee, says the soldiers' vote in Pennsylvania is not yet in. The home vote is expected to show a small Union majority.

A New York dispatch of the 26th, quotes gold 215.

The following are the casualties by the Sophie McLane explosion:

Folger, pilot; Chas. Yates, 2d engineer and Wm. Lawler, killed. Nelson, watchman; McClelland, fireman, and a boy, missing. Capt. Hurlbut and seven others injured.

Legal tenders 49½.

SALT LAKE, Oct. 27.—Protection of the overland stage route eastward, as far as Kearney, has been placed by the Secretary of War in charge of Gen. Conner.

The General proposes sending, immediately, two full companies of California cavalry to the Indian country east of the Rocky Mountains, for a winter campaign.

Five companies of the 2d cavalry have been concentrated into two full companies, and will probably start eastward early next week.

Gen. Conner will go to Denver by coach in coach in a few days, to see what further preparations are necessary, and if the campaign is campaign is determined on, he will command in person.

SAN FRANCISCO, Oct. 29.—The pressure of private business has prevented the transmission of any eastern intelligence up to this morning.

It is asserted Sam Brannan has made a bet of $10,000 to $5,000 that Lincoln will get 10,000 majority over McClellan in this State. He challenged W. T. Coleman to make a similar bet, which was declined. The campaign is being vigorously prosecuted by both parties.

The steamer Nevada sailed this morning for Portland and Victoria.

Slight showers of rain have fallen the past few days, and indications are favorable for more.

Legal tenders 49.

SAN FRANCISCO, Oct. 22.—Gen. McDowell made a remarkable speech at a mass meeting last evening, showing up McClellan as a military commander, and urging the necessity of Lincoln's re election as a military and patriotic duty.

CINCINNATI, Oct. 20.—The Peace Convention adjourned, after issuing an address. They declined to make nominations, and conceded the election. The Convention appointed an executive committee, consisting of one from each State, to meet on the first Monday in December, to form a party.

EDITOR STATESMAN—A Lincoln and Johnson Club was organized at Dallas, Polk county, on Tuesday evening, the 18th inst., by the election of Wm. Howe as President, and W. C. Whitson Secretary.

The following resolution was passed, unanimously:

Resolved, That we, the Lincoln and Johnson Club of Dallas, Polk county, heartily endorse the platform and candidates of the Baltimore convention, and will endeavor to use all honorable means to secure the election of Abraham Lincoln and Andrew Johnson to the Presidency and Vice Presidency of the United States of America, to the end that the rebellion, which has received such stunning blows in the past may continue to receive them in the future, to the utter and final overthrow of this most wicked rebellion.

The Club was then eloquently and patriotically addressed by Judge Boise, Stephen Staats, Esq., Judge Moor. Dr. A. S. Hughes and B. F. Whitson.

The meeting then adjourned, to meet on Tuesday the 25th inst., at one o'clock, P.M.

The Union men of Polk don't make the stir that the "coppers" are making, but when November the 8th comes, they will be found where they were on the 6th of last June—on the side of Liberty and Union.

OREGON CITY, Oct. 25, 1864.

ED. STATESMAN: A man who registered his name as J. T. Scott, at the Oregon House, in this place, was found dead in his bed at the hotel this morning. The coroner, on examination, found by his bed a two ounce vial which had contained chloroform, purchased at the drug store a day or two previous. The man appeared to be near twenty-eight years; about five feet ten inches in hight; hair and whiskers auburn, or verging on sandy; wearing pretty good clothes.

He had been heard to speak of a relative up the valley.

By publishing the substance of this, you may oblige his friends.

Respectfully yours,
JOSEPH D. LOCEY.

PROCLAMATION.

STATE OF OREGON, EXECUTIVE DEP'T, October 24th, 1864.

Whereas, I have received a requisition from Major General Irwin McDowell, commanding the Department of the Pacific, acting under authority of the War Department, for one regiment of Infantry, in addition to the volunteers now in the service of the United States, to aid in the enforcement of the laws, suppress insurrection and invasion, and to chastise hostile Indians in this military district:

Now, therefore, I ADDISON C. GIBBS, Governor of the State of Oregon, and commander-in-chief of the militia thereof, do hereby call upon the citizens of this State to organize themselves into companies sufficient to fill the foregoing requisition.

In witness whereof, I have hereunto set my hand, and caused the seal of the State of Oregon to be affixed. Done at Salem, this 24th day of October, A.D., 1864.

[L.S.]

ADDISON C. GIBBS,
Governor of Oregon.

Attest: SAMUEL E. MAY, Secretary of State.

The following is hereby promulgated: The plan of recruiting and organizing the above force, will be as follows, until further notice:

RECRUITING:

The regiment will be known as the First Infantry, Oregon Volunteers. The field, staff and line officers will be commissioned by the Governor. The State will be divided into districts, according to the number of persons in each district liable to do military duty. When each district has furnished its quota of men, there will be no draft in the same, under this call.—Each district will furnish one company.

Commissions will be issued, by the Governor, to company officers, conditioned that they shall recruit their respective companies, and be ready to be mustered into the service, within a time hereafter to be named.

A company rendezvous will be established at some central point in each district, and if practicable, all recruits will be retained there until the company is filled and ready to be mustered into service.

The State has provided by law for the payment of a bounty of $150 in State interest-bearing bonds, payable in gold to each volunteer mustered into the service, in addition to the bounties authorized to be paid by the United States (See statutes 1863 1, page 436).

The wages of a soldier, in addition, are, $16 per month, besides clothing, equipments, rations, and allowances, furnished by the United States. [See statutes 1863, page 662.]

ORGANIZATION.

The proper organization and strength of a regiment of infantry is as follows:

One (1) colonel, one (1) lieutenant colonel, one (1) major, one (1) adjutant (an extra lieutenant), one (1) quartermaster (an extra lieutenant), one (1) surgeon, two (2) assistant surgeons, one (1) chaplain, one (1) sergeant major, one (1) regimental quartermaster sergeant, one (1) regimental commissary sergeant, and one (1) hospital steward. Ten companies form a regiment.

COMPANY OF INFANTRY.

One (1) captain, one (1) 1st. lieutenant, one (1) 2d. lieutenant, one (1) 1st. sergeant, four (4) sergeants, eight (8) corporals, two (2) musicians, one (1) wagoner, sixty-four (64) privates, minimum, and eighty-two (82) privates maximum, besides the non-commissioned officers.

Musicians may be enlisted in each company, who will be rated and paid as privates.

To the County Officers:

Other States have filled, with commendable promptitude, every call that has been made upon them. The people have a very natural repugnance to a draft, under which every drafted man must serve or furnish a substitute. Under it there must inevitably be some cases of severe but necessary hardship. Opportunity is now given to avoid such a draft. The men are needed promptly, and every consideration of patriotism and of State, local, and personal pride *requires that you commence promptly, and prosecute vigorously the business of obtaining volunteers.* The officers of the State feeling the most earnest desire that the entire State should avoid a draft, appeal to the patriotic citizens of your county, through you who are their officers and legal and natural representatives. As guardians of their rights and of their honor, it is incumbent upon you to respond to this appeal by earnest and successful work. Call to your aid the assistance of the active and influential citizens of the county.—Let every loyal citizen of the county understand, and, if possible, induce him to realize that he has an immediate and personal interest in the success of your efforts. If necessary, call meetings in your school districts and bring the matter home to every inhabitant. Funds will be needed to pay expenses, not provided for by law. Let subscriptions be circulated in each county for that purpose, and preserve a record of the names of the donors among the archives of the county. In short, the Governor, upon whom the requisition is made, expects, and justly, that you will respond to this call upon you with an earnestness of purpose which shall insure success. Due notice of the districting of the State will be given as soon as it can be made.

HOSTETTER'S

CELEBRATED

STOMCH BITTERS.

THE operation of this palatable remedy upon the stomach, liver and the excretory organs is singularly soothing and conservative. It regulates, recruits and purifies them. Dyspepsia in all its forms yields to its control and invigorating properties.

INVIGORATE THE SYSTEM.

Vigorous digestion and pure bile produces nutritious blood, and nutritious blood a healthy frame. Does the victim of a dyspeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and other fluids of the body purified?

DR. HOSTETTER'S STOMACH BITTERS.

Will accomplish this desirable revolution in the system, regulating the secretions and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve, muscle and fibre, and brings the whole machinery of vitality into vigorous and healthful play.

STRENGTHEN THE SYSTEM.

The best means of imparting vigor to the broken-down frame and shattered constitution, which has yet been invented or discovered, is proffered to the feeble of both and all ages in

DR. HOSTETTER'S STOMACH BITTERS.

Debility, from whatever cause arising, may be cured; strength, in whatever manner it may have been wasted, may be restored by the use of this powerful and healthy invigorant. For indigestion and its painful effects, bodily and mental, they are a positive specific.

A WORD TO THE AGED.

In the decline of life the loss of vital force consequent upon physical decay can only be safely supplied by some vivifying preparation which recruits the strength and spirits, without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged

DR. HOSTETTER'S STOMACH BITTERS,

FOR FEMALES.

Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility, and all peculiar disturbances and derangements to which as a sex, they are subject. It cheers and enlightens the depressed mental powers, as well as strengthens the body, and its use is never followed by any re-action.

ALLEN'S

LUNG BALSAM!

THE REMEDY FOR CURING

Consumption, Coughs, Colds, Asthma,

CROUP, DISEASES of the THROAT,

Bronchitis, Pains and Oppression of the Chest or Lungs, Difficult Breathing, and all the Diseases of the Pulmonary Organs.

ITS action is expectorant, alterative, sudorific, sedative, diaphoretic, and diuretic, which renders it one of the most valuable remedies known for curing diseases of the lungs. It excites expectoration, and causes the lungs to throw off the phlegm or mucus: *CHANGES THE SECRETIONS AND PURIFIES THE BLOOD;* heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect, that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It is warranted to give entire satisfaction, even in the *most confirmed cases of consumption!*—It is warranted not to produce costiveness (which is the case with most remedies) or affect the head, as it contains no Opium in any form. It is warranted to be *PERFECTLY HARMLESS* to the most delicate child, although it is active and powerful remedy for restoring the system. There is no real necessity for so many deaths by consumption, when ALLEN'S LUNG BALSAM will prevent it, if only taken in time.

MAKE ROOM FOR THE

FLORENCE!

It makes Four Distinct Stitches, Feeds the Work, either way, Sews Thin and Heavy Goods without Change of Tension, Will Gather and Sew On at the same time.

It makes a Stitch alike on Both Sides of the Fabric, has No Springs to Get Out of Order, and is the Most Rapid Sewer in the World.—Every Machine Fully Warranted.

We, the undersigned, have each purchased a FLORENCE SEWING MACHINE and have them now in use.

We have thoroughly tested them on work of all grades—heavy, medium and light—and our opinion is that the Florence is durable, will not easily get out of order, is strong and simple in construction, and its use is easily learned by the most inexperienced.

It will do a greater range of work, with less trouble and change, and we consider it altogether better than any other Family Sewing Machine we have ever seen.
