THE GREAT FALLS OF SNAKE RIVER.

From time to time we have received descriptions of the Great Falls of Snake river. From these reports we learn that the falls exceed in hight and volume of water, those of Niagara, the most noted in the world. The following from the *Boise News* is from a visitor who has taken the trouble to measure them and thus writes:

"When we arrived at Rock Creek, one day's travel from Salmon Falls Ferry, we left one morning for the great falls and took a straight line for Snake river. At the distance of four miles, we came upon them unawares, as the bluffs are over three thousand feet high on each side, consequently you would not hear them. There we commenced the descent to the falls on horseback to within a few hundred yards of the awful precipice. There fastening our horses we soon descended to a level with the river above the falls. The sight that then broke upon the view is too sublime to be described by one so little capable of doing it justice as myself. We measured the distance that the whole volume of water falls in one sheet, and found it 208 feet. Then, above, I should judge it to be about 25 to 30 feet fall before it reaches the grand fall. The width of the grand fall I should judge to be about 2,500 feet. I have visited Niagara many times, but this fall eclipses it far. Four miles further above we found another of less note, where the water divides into two parts and falls a distance of 167 feet. Should you ever again cross the plains don't go by the falls without visiting them, as it is well worth one year of one's life. Our measurement may be relied upon as perfectly correct, as we started prepared for it.

MURDER OF UNION MEN.—A dispatch to the *Bee* yesterday, dated at Gilroy, November 10th, says:

"The Visalia stage has just arrived, and the driver reports three men killed—one named Robinson, hostler at Elk Horn station; one named Hoethorn, at Hoethorn station, also one supposed to be a German, name unknown, between Firebaugh's Ferry and Hoethorn station. The murderers are well known—one is named John Mason and the other Jim Henry. the only reason they gave for the bloody deed was that the murdered men were Republicans, and declaring their intention to slay every Black Republican they would meet. Robinson was shot in the presence of his wife and four of his children, who were not harmed.—*Sac. Union, Nov. 11.*

PIERRE SOULE IN MEXICO—WHAT FOR?—Our latest Mexican news reports the arrival of Pierre Soule at Vera Cruz on the 22d of September. This conspicuous rebel, it will be remembered, was formerly a United States Senator from Louisiana, and was, as poor Pierce's mischief-making Minister to Spain, the principal contriver of the famous Ostend manifesto on the Cuban question. Since the outbreak of the rebellion he has been flitting about from one side of the Atlantic to the other, like the Flying Dutchman, as a sort of wandering embassador of Jeff Davis. He has gone to Mexico at last, probably to try to patch up some sort of alliance, offensive and defensive, between the confederacy and the Emperor Maximilian; and in this capacity we may expect, before long, to hear of this mysterious Soule and his mysterious movements again.—*N. Y. Herald, Oct. 13.*

The stooping, trembling victim of depression and debility becomes a new man; he stands erect, he moves with a firm step; his mind, which was previously sunk in gloom of an almost idiotic apathy, becomes bright and active; and he goes forth renegenerated, conscious of new vigor. The medicine reaches CONSTITUTION itself, and restores it to its normal condition.

IODINE WATER.

IODINE Water is the most important discovery of modern chemistry, and it is impossible to over-estimate its influence as a remedial agent. Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

HEART, LIVER, KIDNEYS, DIGESTIVE ORGANS OR GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless until Dr. Henry Anders, a physician and chemist of New York, after years of patient labor and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER.

Without a solvent. This, considered impossible by the scientific world, is attested by certificates of analysis from Dr. J. R. Chilton of this city, and Prof. Booth, U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in Medical Journals, and its use recommended to practitioners (see "American Medical Monthly," July 6, 1856, page 76.)

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, etc.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color; hitherto pale, relaxed and feeble, he becomes full, strong and florid.

Full directions accompany each bottle.

Sold by all Druggists. Price, $1 per bottle. Prepared by Dr. H. Anders & Co., Physicians and Chemists, New York.

WHAT KILLED HIM.

DR. HALL, in his "*Journal of Health*," speaking of Washington Irving, asks the above question, and adds: "He might well have remained with us for some years to come, had it not been for advice, kindly intended, no doubt, given in thoughtless and reckless ignorance.

HE HAD A COLD!

which by some injudicious prescription had been converted into an asthma. Who gave that prescription, or what it was, the outside world may never know.—Let me say to Doctor Hall that that "prescription" was not

Newell's Pulmonary Syrup.

for that is an article that does not engender heart disease, nor is it productive of any asthmatic affections; and as for

Coughs and Colds,

the world never saw a better remedy, and never will, until Nature produces some new ingredient out of which to prepare it. Don't be afraid to use it freely. Every article in it is from Nature's own Laboratory—the same to-day that they were a thousand years ago—all calculated to soothe, heal and strengthen.—There is no

BETTER FAMILY MEDICINE!

It is well known that the medicinal effect of Protoxide of Iron is lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible.

In the Peruvian Syrup, this desirable point is attained by COMBINATION IN A WAY BEFORE UNKNOWN; and this solution may replace all the proto carbonates, citrates and tartrates of the Materia Medica.
