The Oregon Statesman.

[OFFICIAL.]

LAWS OF THE UNITED STATES,

PASSED AT THE

First Session of the Thirty-Eighth Congress.

An Act granting Lands to the State of Oregon, to aid in the Construction of a Military Road from Eugene City to the Eastern Boundary of said State.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That there be, and hereby is, granted to the State of Oregon, to aid in the construction of a military wagon-road from Eugene City by way of Middle Fork of Willamette River, and the most feasible pass in Cascade range of mountains, near Diamond Peak, to the eastern boundary of the State, alternate sections of public lands, designated by odd numbers, for three sections in width on each side of said road: Provided, That the lands hereby granted shall be exclusively applied in the construction of said road, and shall be disposed of only as the work progresses; and the same shall be applied to no other purpose whatever; and provided further, That any and all lands heretofore reserved to the United States by act of congress, or other competent authority, be, and the same are, reserved from the operation of this act, except so far as it may be necessary to locate the route of said road through the same, in which case the right of way is granted.

Sec. 2. And be it further enacted, That the said lands hereby granted to said state shall be disposed of by the legislature thereof for the purpose aforesaid, and for no other; and the said road shall be and remain a public highway for the use of the government of the United States, free from tolls or other charge upon the transportation of any property, troops, or mails of the United States.

Sec. 3. And be it further enacted, That said road shall be constructed with such width, graduation, and bridges, as to permit of its regular use as a wagon-road, and in such other special manner as the State of Oregon may prescribe.

Sec. 4. And be it further enacted, That the lands hereby granted to said state shall be disposed of only in the following manner, that is to say: that a quantity of land not exceeding thirty sections for said road may be sold; and when the governor of said state shall certify to the Secretary of the Interior that any ten continuous miles of said road are completed, then another quantity of land hereby granted, not to exceed thirty sections, may be sold, and so from time to time until said road is completed; and if said road is not completed within five years, no further sales shall be made, and the land remaining unsold shall revert to the United States.

Approved, July 2, 1864.

An Act to amend an Act entitled "An Act to authorize the Corporation of Georgetown, in the District of Columbia, to lay and collect a Water Tax, and for other Purposes," approved May twenty-one, eighteen hundred and sixty two.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in all cases in which an original town lot in Georgetown, in the District of Columbia, entirely owned by the same person or persons, or and subdivision of an original lot separately owned, as aforesaid, shall be situated at the intersection of two streets, so as to bind or front on both, and in which both fronts would be liable to the front-foot tax authorized by the act entitled "An act to authorize the corporation of Georgetown, in the District of Columbia, to lay and collect a water-tax, and for other purposes," approved May twenty one, eighteen hundred and sixty-two, the said front-foot tax shall not be levied upon more than seventy-five feet of the two fronts of said lot or part of lot; and all beyond said number of feet shall be exempt therefrom: Provided, That, for the purpose of avoiding inequality and hardship in laying said tax, it shall be lawful for the said corporation of Georgetown, in such cases, to make such further exemptions from said front foot tax, either by general laws or in individuals cases, as to them may seem just and proper.

Sec. 2. And be it further enacted, That it shall be lawful for said corporation of Georgetown, in their discretion, instead of the front-foot tax aforesaid, to lay and collect annually a general special tax not to exceed one fifth of one per cent. per annum on all the assessable property in said town, for the purpose of defraying the cost of distributing water through said town from the mains on pipes of the Washington aqueduct, which tax shall be exclusively appropriated to said object, shall be collected in the same manner as the general tax of said town, and shall cease whenever the cost of said distribution shall have been fully paid: Provided, That all persons liable to pay said tax shall be credited on account of the same with all sums heretofore paid by them on account of said front-foot tax, levied in pursuance of the act to which this is an amendment.

Sec. 3. And be it further enacted, That the third section of the act aforesaid be, and the same is hereby, repealed.

Approved, June 17, 1864.

An Act to regulate the Foreign Coasting Trade on the Northern, Northwestern, and Northeastern Frontiers of the United States, and for other Purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That any boat, vessel of the United States, [illegible] waters on our northern, northeastern, northwestern frontiers, otherwise [illegible] enrolled and licensed in [illegible] vessels, which enrolment and license shall authorize any such boat, [illegible] to be employed either in [illegible] on said frontiers; [illegible] register shall be required [illegible] on said frontiers, [illegible] boat, sloop, or vessel [illegible] other respect, liable to the [illegible] and penalties now in force [illegible] registered and licensed vessels.

Sec. 2. And be it further enacted, That in [lieu of the] compensation provided by the fourth [section] of the act of March second, eighteen hundred and thirty one, entitled "An act to regulate the foreign and coasting trade on the northern, northeastern and northwestern frontiers of the United States, and for other purposes," each of the several collectors of customs in the following district on the said frontiers, to wit: Pembina, Chicago, Milwaukie, Sault Sainte Marie, Detroit, Miami, Sandusky, Cuyahoga, Presque Isle, (hereafter to be called Erie,) Dunkirk, Buffalo, Niagara, Genesee, Oswego, Cape Vincent, Oswegatchie, Champlain, and Vermont, shall receive an annual compensation of one thousand dollars, and, in addition thereto, the fees now collected under the general regulations of the treasury department of February, eighteen hundred and fifty-seven, and a commission of three percentum on all moneys collected and accounted for by them respectively: Provided, That the aggregate compensation derived from salary, fees, and commissions, shall not in any case exceed the sum of twenty five hundred dollars per annum, subject to the provisions of the act entitled "An act relative to collectors and other officers of the customs," approved February eleventh, eighteen hundred and forty-six. And whenever the aggregate of salary, fees, and commissions shall in any case exceed the said sum of twenty-five hundred dollars, after deducting the necessary expenses incident to the said office, for and during the same period for which said compensation is allowed, the excess shall, in every such case, be paid into the treasury of the United States. The fees and emoluments of all kinds to be accounted for as provided by the twelfth section of the seventh of May, eighteen hundred and twenty-two.

Sec. 3. And be it further enacted, That the collectors and other officers of custom on the said frontiers shall be authorized to charge and collect the same fees as are now allowed by law to be charged and collected by the collectors and other officers of customs.

Sec. 4. And be it further enacted, That all the territory, harbors, and waters on the eastern shore of the State of Wisconsin, bordering on Lake Michigan, heretofore embraced in the district of Michilimackinac, and lying within the limits of the State of Wisconsin, shall be, and the same are hereby, attached to and made part of the collection district of Milwaukie, in the State of Wisconsin.

Sec. 5. And be it further enacted, That all bonds given by collectors of customs, naval officers, surveyers, and by all officers of the customs throughout the United States, shall be approved by the commissioner of customs, in whose office they are now required to be filed.

Sec. 6. And be it further enacted, That this act shall take effect from and after the 30th June, 1864.

Sec. 7. And be it further enacted, That the act entitled "An act to regulate the foreign and coasting trade on the northern, northeastern, and northwestern frontiers of the United States, and for other purposes," approved 2d March, 1831, and all other acts or parts of acts inconsistent with this act be, and the same are hereby, repealed.

Approved, June 17, 1864.

THIS CELEBRATED INSTITUTE has enjoyed on this coast an uninterrupted success of Fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospitals is to London, and the no less renowned establishment of Ricord to Paris, this Institute has become to the Pacific Coast. The thousands annually received and cured, place it in point of number of patients among the very first of the world, and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength and vigor from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiot, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arrising from the contamination of Veneral Poison. The mildest forms, by retreating to the blood, hold ever over the one afflicted, the sword of destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, *recognized as the most fatal medical enemy to man*, combining with the Venereal, doubles his dangers. Those who have been treated with that pernicious *mineral poison* are not cured; the disease has only assumed a new form.

Do not be Satisfied with Partial Cures,

that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whose long practice and thorough investigation into the causes of DISEASE of the URINARY ORGANS enables to determine at once the nature of the disease.

In all diseases entrusted to the Doctor's care, PERFECT SPEEDY and PERMANENT

Cures are always Guaranteed,

In Syphilis and its adjuncts; Gonorrœa and its accompanying diseases; all disorders of the Bladder, Kidneys and prostrate; Seminal Weakness; Diseases of the Heart and Lungs; Dyspepsia Indigestion; Impotency; Incipient Consumption, and all diseases of the Urinary organs, in either sex, cure always warranted, OR NO PAY REQUIRED at the PRIVATE

Seminal Weakness or Spermatorrhœa.

The young man who experiences that growing weakness in his muscular and mental organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion, unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams accompanied by growing dentiness, loss of muscular power, and numerous other symptoms of disorganization. The positive traces of that most terrible and destructive of all diseases, Seminal Weakness—Wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence toward a premature grave. To him who finds his life dribbling out in the discharge of the vital principal of existence in nocturnal and diurnal emissions, the mere cessation of the causes of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such a one no hope of cure, but adds to his misery in the knowledge that the one who looks to him for so much of her happiness, is a victim of his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no resource except in proper and skillful treatment. Consult, then, at once, a physician whose long practice and careful research has made [him] thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating, and destructive habit, which fills thousands of sick rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult without a moment's delay, one who will sympathise with their sufferings. To such the Doctor would especially address himself, giving to such and all assurance of a PERFECT and PERMANENT CURE *without hindrance from business, change of diet, or fear of exposure.*

Do not forget the address See below.

Important to Females.

When a female is in trouble or afflicted with disease, and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor, understanding how imperatively necessary these requirements are, feels called upon to interpose, and by calling the attention of the afflicted to the fact that he has been a PROFESSOR OF OBSTETRICS and FEMALE DISEASES for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous, and designing. Therefore, families can rely upon him as upon a father. All in affliction can find in him one who can feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. CONSULTATION BY LETTER OR OTHERWISE FREE. See address below.

THE CELEBRATED FEMALE REMEDIES compounded from the private prescriptions of DR. YOUNG, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre eminently superior in their action.

No Lady should be without these Renovating Agents. None genuine unless procured at this office. Sent by Mail or Express, to any part of the State.

THE GREAT FEMALE MEDICINE! PREVENTIVE POWDERS FOR MARRIED LADIES. New, Safe and Infallible, lasting from four to six months. Price $10. FRENCH LUNAR, OR FEMALE MONTHLY PILLS. For suppressions. After fifty years of use these pills stand unrivalled in efficacy. Price $5 per box.

TO CORRESPONDENTS.

Patients residing in any part of the state however distant, who may desire medical advice on their respective cases, and who think proper to submit a written statement of such in preference to holding a personal interview, are assured that their communications will be held most sacred.

All letters must be addressed to the corresponding physician, thus:

MAKE ROOM FOR THE

FLORENCE!

It makes Four Distinct Stitches. Feeds the Work, either way. Sews Thin and Heavy Goods without Change of Tension. Will Gather and Sew On at the same time.

It makes a Stitch alike on Both Sides of the Fabric, has No Springs to Get Out of Order, and is the Most Rapid Sewer in the World.—Every Machine Fully Warranted.

We, the undersigned, have each purchased a FLORENCE SEWING MACHINE and have them now in use.

We have thoroughly tested them on work of all grades—heavy, medium and light—and our opinion is that the Florence is durable, will not easily get out of order, and simple in construction, and its use is easily learned by the most inexperienced.

It will do a greater range of work, with less trouble and change, and we consider it altogether better than any other Family Sewing Machine we have ever seen.

I believe I can fully and conscientiously indorse each qualification claimed for the Florence Machine. I have thoroughly tested it on work of all grades, and each trial has been eminently satisfactory. It takes hold of a delicate fabric delicately, and of a strong one with strength. To me it seems more than a machine—an almost intelligent, willing helper. Its use is easily learned and its construction is certainly simple. I know something of the other first class Machines, having learned to operate several. This is the only Sewing Machine I have found RELIABLE.
MRS PERRY G TEFFT,
San Andreas, Calaveras county, Cal.

I have used the Wheeler & Wilson about two years, the Taggart & Farr six months, the Sloat Eliptic about the same length of time, the Williams & Orvis nearly two years, and have dealt in several of the small Machines, until thoroughly disgusted with every Machine that sews with only one thread. The Florence is the only Machine that has come under my notice that gives perfect and entire satisfaction on all kinds of work.

No one can estimate its value until they have used and tested it, as I have done. Indeed, for this work it is invaluable.
GEORGE GILLIS,
Carson City, N. T.

I have used a Florence Sewing Machine for two years; I brought it across the Plains; It has never yet been out of order, and I can truly say it excels all other Machines that I have used. I ran a Ladd & Webster six months; a Wheeler & Wilson eight months; and used a Grover & Baker, alternately with Sloat's, for two years.

I am familiar with the Howe, and several of the small Machines, but I never used one that would do all kinds of work to equal the Florence. I do not think it can be too highly recommended.
MRS ISAAC ELLIS, Marysville.

After having a Florence Machine in use nearly a year, I feel that I can truly recommend it as being all that is claimed for it. I have used Singer's, Grover & Baker's, and the Wheeler & Wilson Machine, and consider the Florence superior to any.
MRS JENNIE A. EGAN,
Wilmington, Los Angeles county, Cal.

We could refer to many others who are using the Florence if it were necessary to do so to convince the public that these Machines are what is claimed, the

in the World!

Over Seven Hundred

FLORENCE MACHINES have been sold on this coast in the short time since the Agency has been established here, and we make this strong assertion, as convincing proof of their worth, that no person can be found who has a Florence that would exchange it for a Family Sewing Machine of any other manufacture.

ALLEN'S

LUNG BALSAM!

THE REMEDY FOR CURING

Consumption, Coughs, Colds, Asthma,

CROUP, DISEASES of the THROAT,

Bronchitis, Pains and Oppression of the Chest or Lungs, Difficult Breathing, and all the Diseases of the Pulmonary Organs.

ITS action is expectorant, alterative, sudorific, sedative, diaphoretic, and diuretic, which renders it one of the most valuable remedies known for curing diseases of the lungs. It excites expectoration, and causes the lungs to throw off the phlegm or mucus; *CHANGES THE SECRETIONS AND PURIFIES THE BLOOD;* heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect, that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It is warranted to give entire satisfaction, even in the *most confirmed cases of consumption!*—It is warranted not to produce costiveness (which is the case with most remedies) or affect the head, as it contains no Opium in any form. It is warranted to be *PERFECTLY HARMLESS* to the most delicate child, although it is an active and powerful remedy for restoring the system. There is no real necessity for so many deaths by consumption, when ALLEN'S LUNG BALSAM will prevent it, if only taken in time.

Sold by all Druggists. Price $1 per bottle.

PERUVIAN SYRUP,

OR PROTECTED

Solution of Protoxide of Iron,

Has been used with Great Success in Curing

THE DYSPEPSIA,

Affections of the Liver, Dropsy, Neuralgia, Bronchitis and Consumptive Tendencies, Disordered State of the Blood, Female Complaints, Chronic Diarrhœa, Boils, Scurvy, the Prostrating Effects of Lead or Mercury.

GENERAL DEBILITY,

and all diseases which require

A Tonic and Alterative Medicine.

THE PROOFS OF ITS EFFICACY are so numerous, so well authenticated, and of such peculiar character, that sufferers cannot reasonably hesitate to receive the proffered aid.

The class of diseases for which the Syrup provides a cure, is precisely that which has so often baffled the highest order of medical skill. The facts are tangible the witnesses accessible, and the safety and efficacy of the syrup incontrovertible.

From Well-Known Citizens of Boston.

The undersigned having experienced the beneficial effects of the "Peruvian Syrup," do not hesitate to recommend it to the attention of the public.

Rev. JOHN PIERPONT, THOMAS C. AMORY,
THOMAS A. DEXTER, PETER HARVEY,

SAMUEL MAY, Rev. T. WHITTEMORE

Certificate of Dr. Hayes.

It is well known that the medicinal effect of Protoxide of Iron is lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible.

In the Peruvian Syrup, this desirable point is attained by COMBINATION IN A WAY BEFORE UNKNOWN; and this solution may replace all the proto-carbonates, citrates and tartrates of the Materia Medica.

"CONSTITUTION WATER."

THE ONLY REMEDY

For Diseases of the

BLADDER, KIDNEYS,

Gravel, Dropsical Swellings,

GENITAL DEBILITY, Etc.

THE ASTONISHING SUCCESS WHICH has attended this INVALUABLE Medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure of the maladies above mentioned, and also

DIABETES,
IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS
GLEET, FLUOR ALBUS,

And in every disease any way connected with the disorders or decay of the PROCREATIVE FUNCTIONS. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER.

Whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once relmaced, revived, and built up.—Well may this celebrated medicine be called the

MEDICAL WONDER

The stooping, trembling victim of depression and debility becomes a new man; he stands erect, he moves with a firm step; his mind, which was previously sunk in gloom or an almost idiotic apathy, becomes bright and active; and he goes forth regenerated, conscious of new vigor. The medicine reaches CONSTITUTION itself, and restores it to its normal condition.

Irritation of the Neck of the Bladder, Inflammation of the Kidneys, and Catarrh of the Bladder, Strangury and Burning, or Painful Urinating, Calculus, Gravel, Brick Dust Deposit, and Mucous or Milky Discharges After Urinating.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in these cases, and you will ever give your praise to

CONSTITUTION WATER!

Males or Females,

Are you troubled with that distressing pain in the small of the back, and through your hips? CONSTITUTION WATER will relieve you like magic.

IODINE WATER.

IODINE Water is the most important discovery of modern chemistry, and it is impossible to over-estimate its influence as a remedial agent. Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

HEART,

LIVER, KIDNEYS,

DIGESTIVE ORGANS OR GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless until Dr. Henry Anders, a physician and chemist of New York, after years of patient labor and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER,

Without a solvent. This, considered impossible by the scientific world, is attested by certificates of analysis from Dr. J. R. Chilton of this city, and Prof. Booth, U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in Medical Journals, and its use recommended to practitioners (see "American Medical Monthly," July 6, 1856, page 76.)

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, etc.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color; hitherto pale, relaxed and feeble, he becomes full, strong and florid.

Full directions accompany each bottle.

Sold by all Druggists. Price, $1 per bottle. Prepared by Dr. H. Anders & Co., Physicians and Chemists, New York.
