

Contract with the California Stage Company... The contract with the California Stage Company...

To this Mr. Whitehouse, the agent of the Stage Company at Portland, replies, in a card in the Oregonian, as follows:

"In common with many citizens of Portland who are readers of the San Francisco Bulletin I have noticed the remarks of its Oregon correspondent in its daily issue of April 29th, reflecting unfavorably upon the way the California Stage Company have performed the mail service during the present year. As these remarks are far from correct, and these statements for certain reasons are as unhandsome as they are gratuitous, I wish to say through the Oregonian, that the service has been performed during the past winter, generally in accordance with schedule time, and if any copy of the Bulletin has a 'month old' item in it, there, it was the result of some other individual case, and not a common thing, as the correspondent insinuates. The postmasters of Portland and Sacramento have already certified to the Postoffice Department in accordance with my statement."

There being no "certain reasons" to influence us in this matter, we endorse the statements of the Portland correspondent. We can also add that it often happened that the Bulletin never reached Salem at all and when it did reach Salem on schedule time it was the exception and not the rule. We have heard of this daily mail being left at bars along the road during the past winter; and one instance has been discovered where a bag or package of public documents have been found in a tract of brush down in Umpqua, having been there apparently a long time, and the supposition is that some driver having too much of a load, took that method of lightening up. While we cheerfully accord to the Stage Company the greatest energy and industry in carrying the mails generally, we think that it is true that they weakened on it a little last winter.

As to the pay of the company, we think they ought to be satisfied to let well enough alone. They accepted the contract at \$400,000 in coin; renewed it at \$200,000 currency (about \$100,000 in coin), and now demand \$300,000 currency, when the Treasury Note are at 75 cents and rapidly appreciating, and when it is safe to suppose that if they could get it that it would be as good as \$250,000 in coin.

It is not improper to say that the company is a California institution, patronizes Oregon as far as possible, and invests all its profits in California.

We are in favor of dividing up the line and letting it in sections, so that smaller capitalists may have a chance to bid. This plan has heretofore been considered impracticable and therefore improper; but we are of the opinion that parties having small contracts can be compelled to perform them, just as those having large contracts.

ARREST OF MULKEY.—One Mulkey was arrested at Eugene last week for harrasing Jeff. Davis. We are informed that Mulkey peddled the streets for about one hour, giving vent to his treasonable yells for that demoralized bandit, when Capt. Ziebart sent a file of soldiers under Lieutenant Albert Offgate gobbled him up and hustled him off to quarters, much to the chagrin of about one hundred of the faithful, who followed him to quarters, interceding for his release. Finding that could not be done, about half a dozen started for Long Tom, to raise the natives as is supposed. On the next day a couple of men came back to town, reporting that it was all they could do to restrain the Long Tommers from coming over and eating the soldiers alive, and insisted that if Mulkey was not released blood would have to flow. The Captain did not see it in that light, and being prepared to resist any attack from the Southern Confederacy, told the gentlemen that he received his orders from Fort Vancouver.

FINE PICTURES.—Mr. Dolph, Agent for the Publishers, Dewing & Laws, is now in town with very fine engravings of Abraham Lincoln and General Grant, and also Photographs of General Grant, Sherman, Lee and others. The engraving of President Lincoln is very lifelike, and will be generally sought for.

Col. John McCracken has been appointed Consul for the Hawaiian Government, to reside at Portland. The appointment is a good one for both Oregon and the Islands.

From the Umpqua Advertiser we learn that a train of thirty mules belonging to Doc Doubtitt, formerly of Jacksonville, had been stolen by the Indians, near Burnt River.

The Oregon State Journal states that Mr. Fager, Superintendent of the Central Military Road, with a party of men, has gone out to explore and locate the road over the Cascade Mountains, and as far as the Des Chutes.

The Salmon season has commenced at Astoria, and quantities of fish are in the market—and among the catch, is a fine sturgeon 8 feet long and weighing 900 pounds.

THE SUNDAY LAW.—The papers throughout the State with one exception, are rejoicing at the observance of the Sunday Law in their respective towns. We need no such law in Salem, as public opinion enforced a respect to the Sabbath, as to printing offices, and we have therefor no change to boast of. The Dalles, however, we understand, have agreed to disregard the Sunday Law.

We are informed by Mr. Thompson that the Telegraph line has reached New Westminster in British Columbia; steadily making its course northwards up Fraser river as fast as men and money will make it go.

Rebel Hell-raisers in the shape of women, in Charleston, South Carolina, fell on their faces and prostrated God, on hearing of the assassination of Abraham Lincoln.

NOTICE TO THE SALOONS.

The Sheriff of Marion county requests the Saloon keepers of Salem to close their establishments on Wednesday next, until after one o'clock, p. m., and thus aid him in keeping order and quiet in the city.

DEAL AND BAKER'S COGNAC.—The confessions of Deal and Baker are printed in pamphlet form, and will be sold on Wednesday next. The proceeds of the sale are to be given to the wives of the criminals.

Senator Williams did not leave Washington to return to Oregon as heretofore reported. He is at the Stockton Charter election, lately only 319 votes were polled. No opposition to the regular Union ticket. The rebels in the North are following the example of the rebels in the South—laying down their arms.

Capt. Anker's new boat above the Willamette Falls is about ready to launch, and is expected to make a trip to Salem by the first of next month, and run regularly on the river without hindrance, as she is to draw not more than ten inches of water.

DROWNED.—From the Albany Journal we learn that on Saturday evening the body of Henry R. Porter was found in Oak Creek, three miles from Albany. He was about 84 years old, and was a soldier under Napoleon at the battle of Waterloo. And inquest was held over the body and a verdict of intentional drowning returned. The attempt suicide was a few months since by cutting his throat. He is supposed to have been partially insane.

ANOTHER GHOUL.—A Democratic tavern keeper at Brownville expressed great joy when he heard of the assassination of President Lincoln. His next men would do well to watch that traitor—he will commit some crime that will hang him.

A Union Mass Meeting will be held at Weaconda, Marion county, on Saturday, May 29th. Exercises to commence at 10 A. M. W. F. Boyack, Rufus Mallory, J. Gaston, Judge Boise and Gov. Gibbs, have been invited to be present, and are expected to address the meeting. The Aurora Brass Band will be in attendance, and a Sanitary Collection taken up.

STATE AGRICULTURAL COLLEGE.—The Secretary of State has received from the General Land Office, a Patent for 90,000 acres of land, conveyed by the General Government to the State of Oregon for the purpose of an Agricultural College.

MARION COUNTY BIBLE SOCIETY.—At a recent meeting of the Marion County Bible Society, the following persons were elected its officers: D. Leslie, President; O. Dickinson, Vice President; C. N. Terry, Secretary; I. R. Mours, Treasurer.

EPY Thyrus sent some one to the Statesman office the other day. "As anything more sent with that letter, if it was, we got leave to say that it is of no account without the license, or absence of the license, or either of them."

COMING.—The fire engine is to be born on Monday evening, by the boat. The Hook & Ladder, and the Water Fire Company, together with the Marine Rifles, Mayor and Council, members of the Press and other distinguished citizens, will be on hand to give the "great squirt" a proper reception.

FIREMEN'S Pic-Nic.—There will be a grand Pic-Nic at the grove near the residence of E. M. Cooke, on Tuesday, at 10 o'clock, A. M., for the entertainment of the Portland Firemen. Citizens generally are invited to attend, and requested to bring with them their baskets and necessary substantial.

THEATRE NOTES AT THE THEATRE.—The Theatre will play at Grandville's Theatre on Tuesday, Wednesday, and Thursday nights of next week. The following original pieces will be produced: "Edith Wilson," "Love's Sacrifice," and "The King's Rival." The "Idiot Witness," a thrilling tale of blood, is a most exciting performance, and will contain, as usual, a local interest, illustrating some portions of the "Idiot witness" tragedy. Several new performers will appear, and all the parts will be presented in the best manner. Jones, who has a letter actor for his part, does not live on the Pacific Coast, will appear in a leading character. Mr. Ladd will produce a sensation by personating the "Idiot Witness." Mr. Cason will appear in an important character, and will all most suitably. The first four of the other gentlemen we have not named, but are informed that they are well up to the business. Mr. Nott and Miss Cason are not named, but are informed that they are well up to the business.

CURE YOUR COLD, AND SAVE YOUR LUNGS. NEWELL'S PULMONARY SYRUP Has Cured Thousands. IT WILL CURE YOU.

"A cough is generally the effect of a cold, which has either been improperly treated or entirely neglected. When it proves obstinate, THERE IS ALWAYS REASON TO FEAR THE CONSEQUENCES, as this shows a weak state of the lungs, and is often the forerunner of consumption."—Huchman's Domestic Medicine.

STOP THAT COUGHING! Some of you can't, and we pity you. You have tried every remedy but the one destined, by its intrinsic merit, to supersede all similar preparations. It is not surprising you should be reluctant to try something else after many experiments you have made of trusty compounds foisted on the public as a certain cure; but NEWELL'S PULMONARY SYRUP is really the VERY BEST remedy ever compounded for the cure of Coughs, Colds, Sore Throat, Asthma, Whooping Cough, Bronchitis, and Consumption;—the cure now, and an execution issued thereon by the clerk of the circuit court of the State of Oregon, for the county of Yamhill, and to me directed, I have levied on the property of Wm. A. Whyte, for a debt of personal property. I have levied upon and will proceed to sell to the highest bidder, at the court house door in Lafayette, on Saturday, the 27th day of May, 1865, between the hours of 9 o'clock a. m. and 4 o'clock p. m. of said day, all the right, title and interest of said defendant in, and to the following described premises, to wit: The donation land claim of W.
