THE STANDARD AMERICAN BILLIARD TABLES

AND COMBINATION CUSHIONS. MESSRS. PHELIP & COLLENDER.

At the Billiard Congress of 1863, composed of all the first-class players of America, it was unanimously resolved that tables of our manufacture should be used at all tables for the Championship, as the best and only reliable tables.

These Billiard Tables have received the unqualified approval of the leading players and most competent judges, who have universally pronounced them unequalled for general excellence and durability.

Having long experience and thorough knowledge of all the appliances of Billiards, and constantly on hand a large stock of the best and most thoroughly seasoned materials, we are prepared to furnish every thing required in the billiard line with unprecedented dispatch.

The eminent Billiard Player, M. Berger, has published the following opinion:

"On the eve of leaving the United States, I am happy to declare to all awaiting my return in the principal cities, that I have been enabled to judge in a satisfactory manner of the superiority of the Billiard Tables manufactured by PHELIP & COLLENDER."

"I am happy to introduce their style of cushion into France. They have united to their manufacture of American Billiard Tables that of the French Tables, of remarkable excellence and beauty. For these reasons, I am happy to make this declaration."

M. E. HIGHER, 720 Montgomery St., San Francisco, Cal., is our ONLY authorized agent for the Pacific Coast, to whom all orders should be addressed.

great branch of the legislative government would be wanting. And if we look beyond the letter of the Constitution to the character of our country...

perpetual loyalty and peace. Until it is done, however much we may desire it, it will not be forgotten. The adoption of the amendment requires us beyond all power of disruption...

COURTS AND TRIALS FOR TREASON. The full assertion of the powers of the General Government requires the holding of Circuit Courts of the United States within the districts...

MILITARY GOVERNMENT. I found the States suffering from the effects of a civil war. Resistance to the General Government appeared to have exhausted itself.

THE UNION AND INSEPARABLE. The Union of the United States was intended by its authors to last as long as the States themselves shall last. The Union shall be perpetual.

POWER TO PRESERVE THE UNION. The Constitution to which life was thus imparted contains within itself ample resources for its own preservation. It has power to enforce the laws, punish treason, and restore domestic tranquility.

STATE SUICIDE. Besides, the policy of military rule over a conquered territory would have implied that the States whose inhabitants may have taken part in the rebellion, had, by the act of those inhabitants, ceased to exist.

PROVISIONAL GOVERNMENT. If the States were to be restored to perform their offices, there is the more need that the General Government should maintain all its authority, and as soon as practically resume all its functions.

PARLONS. I knew very well that this policy was attended with some risk; but for its success it required at least the acquiescence of the States which it concerned; that it implies an invitation to those States, by renewing their allegiance to the United States, to resume their functions as States of the Union.

THE ANTI-SLAVERY AMENDMENT. The next step which I have taken to restore the constitutional relations of the States, has been an invitation to them to participate in the high office of amending the Constitution.

CO-OPERATION. States, with proper limitations of power, are essential to the existence of the Constitution of the United States. At the very commencement, when we assumed a place among the powers of the earth, the Declaration of Independence was adopted by States; so also was the Articles of Confederation and then the Constitution of the United States.

TIME THE SOLVENT. I know that sincere philanthropy is earnest for the immediate realization of its reforms. It is one of the greatest sins on record that has brought five millions of people into freedom, the extent of free industry must be fairly

BOOK AND JOB PRINTING. EXECUTED BY... THE OREGON STATESMAN.

purloined for the purpose from the merchant marine, have been returned to the hands of the pirates...

WAR DEPARTMENT. In the report of the Secretary of War, a general summary is given of the military campaigns of 1864 and 1865, ending in the suppression of armed resistance to the national authority in the Southern States.

TREASURY DEPARTMENT. The revenue system of the country is a subject of vital interest to its honor and prosperity, and should command the earnest consideration of Congress.

WARNING TO NEW JERSEY. The Constitution confers on Congress the right to regulate among the several States. It is of the first necessity that the tenor of the Union that commerce should be free and unobstructed.

DEPARTMENT OF THE INTERIOR. The report of the Secretary of the Interior explains the condition of the public lands, the operations of the Patent Office and the Pension Bureau, the management of our Indian affairs, the progress made in the construction of the Pacific Railroad, and furnishes information in reference to local matters in the District of Columbia.

DEPARTMENT OF COMMERCE. On the other hand, vigorous action is avoided when the settlement of the question is referred to the several States. They can, and they should, be made to feel that the country is their country, and their duty is to preserve it.

DEPARTMENT OF JUSTICE. The report of the Attorney General explains the condition of the public lands, the operations of the Patent Office and the Pension Bureau, the management of our Indian affairs, the progress made in the construction of the Pacific Railroad, and furnishes information in reference to local matters in the District of Columbia.

DEPARTMENT OF AGRICULTURE. The report of the Secretary of Agriculture explains the condition of the public lands, the operations of the Patent Office and the Pension Bureau, the management of our Indian affairs, the progress made in the construction of the Pacific Railroad, and furnishes information in reference to local matters in the District of Columbia.

DEPARTMENT OF NAVY. The report of the Secretary of the Navy explains the condition of the public lands, the operations of the Patent Office and the Pension Bureau, the management of our Indian affairs, the progress made in the construction of the Pacific Railroad, and furnishes information in reference to local matters in the District of Columbia.

DEPARTMENT OF ARMY. The report of the Secretary of the Army explains the condition of the public lands, the operations of the Patent Office and the Pension Bureau, the management of our Indian affairs, the progress made in the construction of the Pacific Railroad, and furnishes information in reference to local matters in the District of Columbia.
