STAND ON THE PRINCIPLES OF THE UNION PARTY.

Be just and fair. Stand by the principles of the Union party. The Baltimore platform is the only authoritative declaration of principles for Union men...

To Union men we say there is no cause for alarm. The Union party will not be divided. The efforts of Sumner and Stevens will fail.

What do you think of this? The Union party stands just where it always has, and it sustains Johnson. His views of the position of the seceded States are nothing new.

CONGRESS BACKING DOWN.—By the dispatches this week, it will be seen that Congress is backing down from the extreme grounds taken against the President.

THE FREEDMEN'S BUREAU.—We publish this week, on the outside, the 'Freedom's Bureau bill,' which the President vetoed.

A WAR OF EXTENSION.—Gen. Grant has declared that if negro suffrage is forced upon the South, there will commence a war of extermination between the white and black races.

It is possible. Now 'git' to your native hills to the mire.

UNPARALLELED BRAGGERS.—The Oregonian denounces Senators John Sherman, Gov. Morgan, Wm. T. Stewart, James B. Doolittle, Norton of Minnesota, Dixon of Connecticut, Venable and Wiley of West Virginia.

A great mistake. The Oregon Legislature has refused to vote the appropriation of three thousand dollars in aid of the long talked of Female Brigade.

THE PARDON BUSINESS.

Much fault has been found by President Johnson for his disposition of pardons to citizens of rebellious States. We will not say that the President is not at fault in this matter...

That is the testimony of a disinterested witness. It is not concerned as to whether the Oregonian or Statesman prospers. It speaks for the good of the Union party generally.

THE COPPERHEAD INDOREMENT.—The Copperheads are hurrying for Johnson, and many good Union men are terribly disgusted thereat. Just stop and think a moment. What does this Copperhead indorsement amount to?

After all this disinterested testimony against the Oregonian, what do you think, Union men, of the following extract from the Oregonian of March 1st, denouncing the Statesman, with all its other supporters...

CONGRESS BACKING DOWN.—By the dispatches this week, it will be seen that Congress is backing down from the extreme grounds taken against the President. The Union members from New York State are nearly a unit in supporting the President...

THE COURSE OF THE OREGONIAN.

We take the following from our exchange, one of which is not interested in the local politics of Oregon: to show how the public generally looks upon the factious course of the Oregonian.

THE COPPERHEAD PHARISES.

The veto, the Copperheads have made remarkable discoveries in the patriotism and integrity of President Johnson.

partisan feeling was a question that required the cool and temperate judgment of the wisdom and sagacity of the nation to adjust, and we think when the wildest of passions have subsided and the fears of the people have appeased...

These are terrible words, but are they not just and true? We commend them to the Oregonian. They suit the course of that paper most appropriately.
