# The Oregon Statesman.

EASTERN NEWS.

EASTEEN NEWS. Washington, March 21.—In the Horse Price, of lowa, on the committee on the Pa-cific Railroad, reported a bill to secure the speady construction of the Northern Pacific Railroad. Julian introduced a bill to equalize soldiers' and sailors' bounty. Referred to Committee on Military Affairs. Henderson, of Gregon, presented a joint resolution of the Legislature of Oregon in regard to Oregon war claims. Ward, of New Jersey, said the friends of deceased soldiers buried at Arlington Cera-stery were apprehemistic that it should reach the heirs of General Lee, therefore he desired to read a letter from the Secretary of War, the heirs of General Lee, therefore he desired to read a letter from the Secretary of War, which states the Arlington property was bid in for the Government at \$260,000, at a sale for unpaid taxes January 11th, 1866. The cer-tificate of sale would soon be placed on file in the Treasury Department. The House pass-ed the diplomatic appropriation bill, with an amendment anthorizing the appointment of a solucitor for the department, at an annual sal-ary of \$3,000.

ary of \$3,000. In the Scuate, Brown, of Missouri, intro-duced a bill to aid the construction of a rail-road from Kausas City to Galveston. Ramsey, of Minnesota, presented a memorial from the Minnesota Legislature for the establishment of A port of entry at the head of Lake Superior. The Senate passed a bill providing for incor-porating the Kansas Railroad Company, and also a bill to punish counterfeiting or altering

any bond. Chicago, March 22.—An order detailing chicago, March 22.—An order detailing Gen. Sheridan as a member of the special ar-my board to meet in St. Louis, reached him in my board to meet in St. Louis, reached him in New Orleans just as he was preparing to go on important service to Rio Grande frontier. The troops there are said to be in a disordered atate, and fears are entertained in consequence that new complications might arise between our Government and the French in Mexico. He demanded it necessary, therefore, to go there to regulate affairs in that Department, so as to maintain order. The Secretary of War therefore did not repeat the order for Gen. Sheridan's presence in St. Louis. The board will doubtless proceed without him. Secretary McCalloch contends that he must have complete sourced, source all

have complete control over all scourities and postage of New York. The Chairman of the House Committee on

The Chairman of the House Committee on Printing in the report yesterday on printing the Patent office Report made expose of the amount of paper used by Government calca-lated to open the eyes of the public. He says it uses one-thirteenth of all printing paper used in the United States, in fact by this it is the greatest publishing house in the world. And when it goes into the market to buy it af-fects the whole paper trade, consequently if reductions in the quantity used by Congress were made it would have much effect in reduc-ing the price and lowering tariff.

were made it would have much effect in reduc-ing the price and lowering tariff. The Senate yesterday passed the bill an-thorizing the enactment of submarine tele-graph between the United States and the West Indies, with exclusive privileges for 14 years. The Senate yesterday confirmed a large number of appointments, among them Edward McCork of Colorado, Minister resi-dent at the Hawaian Islands, H. Hawkins, of Nevada, Consul at Bombay, Wm. H. Barn-hart of Oregon, Indian Agent, in the Territo-ry of Washington. Several Connecticnt members had an inter-view with the President ; among them Senator

view with the President ; among them Senator Foster and Gen. Hawley, Union candidate for Governor. The interview was of a private nature, and is reported to have been satisfac-tory to the callers. The President assured them he had given no intimation of assured

tory to the callers. The President assured them he had given no intimation of a desire for the election of Senator, but on the contrary desires the success of the Union nominees, and is glad to see a disposition manifested by the people to support soldiers. The House Election Committee voted six to three that James D. Brooks is not entitled to a seat in Congress, and that Doige is. A call is issued by the National Union Committee of which Alexander Randall, 1st Assistant Post-master General, is President, for a graod moss meeting to be held at Washington next week to endorse President Johnson. The bill passed both houses gesterday pro-histing compensation for Government busi-ness performed by railroads to whom had is granted : but provides that roads constructed

within States may be constructed so as to form through routes. This latter section is intendapply to the Delaware and Raritan Railread so as to permit it to make direct connec-tion between Philadelphia and New York, thus

Medicines put up at all hours of the night—itf. **Resident Lots.** I HAVE surveyed one hundred and seventy-eight town lots adjoining the City of Salem on the South, being quite near the businers portion of the eity, and to the steambort handing. These lots conform to the sity surveys, and are made by an extension of Com-mercial and Liberty streets. A part of them have been in cultivation in orehard for years. The balance have a heautiful young growth of fir and oak shade trees. All are convenient and desirable for resident lots. A part of them will be offered at private sale on favorable terms to the purchaser. I also offer for sale block No. 40 (adjoining my residence), in lots or in whole, to snit the parties purchasing. Inquire of the undersigned, or of Hammer & Hatch, Brokers and Agents, Moores Block, Salem, Oregon. (EO H. JONES. February 19th, 1806–3m51pd

imerican Double Turbine Water-Wheel!

American Double Turbine Water-Wheel! Is now manufactured by the Oregon Iron Works, in It he City of Portland and orders for the same can be filled immediately. We have a small supply of the different sizes, from 10 inches to 48 inches in diameter. That we may know the proper sized wheel you require measure your water in the following way : Take the width of the stream, the average depth, and the dis-tance it flows in a minute. All the wheels now in use give universal satisfac-formance, commend it to the better indexent of all minds capable of appreciating the bighest develop-ment of mechanical construction. Therefore it has conquered the most violent opposition. This wheel is repeatedly adapted to mining purposes. It is light, and can be easily pracked into the moun-tiam. Wheels weighing from 100 to 300 pounds will yield from 10 to 40 horse power, mider a bread of 25 or 30 foet. They are the chapters thoughts set up known

## FOREIGN NEWS.

New York March 19 .- The steamship Ger-mania, from Southampton. 7th, arrived last

evening. Gladstone aunounced in the House of Comons that the reform bill would be read on the mones that the reform bill would be read on the 12th. It would only apply to England and Wales. He haped then to state the course to be taken in regard to Scotland. The Loril Chancellor's bill to make parties to a divorce suit complaints to answer any questions as to whether they have not commit-ted adultery, was vetoed. The London Times, says : The courage and decima whether they have to be courage.

The London Times, says : The courage and decision exhibited by President Johnson in re-fusing his assent to the Freedmen's Bureau Bill, confirms the respect in which his policy has been held in England, and will entitle him to credit as one of the ablest statesmen who have ever conducted a great nation success-fully through a crisis, by firmness, moderation and wiedom.

and wisdom. The prospectus of a new company has been issued. It is called the Anglo-American Tele-graph Company, with £600.000 capital for laying a new cable and raising the old one, introduced by Morgan & Co., with Mr. Pea-body on the board of directors. The Hause of Commons passed the bill for the Abolition of church rates to a second read-ing, by 295 against 252. The announcement

The Heuse of Commons passed the bill for the abolition of church rates to a second read-ing, by 285 against 252. The announcement of the vote was received with load cheering. It is thought the vote indicates an early solu-tion of the question, although the present bill will doubtles he rejected by the House of Lords, as usual. The London Parl ascerts that public feeling is dead about reform. The Times continues to protest against dealing with parliamentary reform. Bit John Gray's motion for the Irish Church, has been fixed for Tuesday. The resolution he proposes is that the Church in Ireland is a grievous wrong to the people of that country, and its continued maintenance prevents them from having any confidence in the justice or wisdem of the Imperial Parliament. The London Out says a German crisis is imminent. The Prussian Government dis-patched to Vienas a summons in respect to Stain, which was percuptory. Denmark is ready to face war and its consequences. Austria will at once take up the gauntlet or yield is the pretensions of Prussia in a some-what ignominions manner. London, March 2.- The Atlantic Telegraph meeting manimously approved the arrange-

esting unanimously approved the arrange-outs of the directors for laying the cable this

Seminal Weakness or Spermatorrhea.

Seminal Weakness or Spermatorrhea. The young man who experiences that growing weakness in his muscular and mental organization should step to consider whence it arises. If we will find he weakness of the back, trembling of the limbs, diaordened digestion, maccontable failing of the powers of the mind, distance for society, dread of im-provided and have/vious dreams accompanied by grow-ing the most terrible and destructive of all diseases. Seminal Weakness-Washing away his powers, destroaged to file and mathod, and drugging the data the discussion of the wind mathod and drugging the data and the terrible and destructive of all diseases es found weakness. Washing away his powers, destroying this hope of life and mathod, and drugging the data and diurnal emissions, the mere consultative or octurnal and diurnal emissions, the mere consultative of the data and diurnal emissions in the mere consultative of the data hashed diverse the and consultative of the data and the data and the sense of the set o

tief. Mutringe, that holy office, the safeguard and hope of Marriage, that hely effec, the safegrard and hope of mathiaid, brings to such a one no hope of curve, but adds to him for so much of her huppiness, is a victim of his evil, and an inoscent companion of his pointsh-ment. He addis to his minery and disorder mutil hope larces him. There is no rescu except in proper and skiffind treatment. Cound, then, at once, a physician whom long practice and careful research has made theroughly conversant with every phase of the dis-case. These who have become the victims of solitary vices, that dreadful, fascinating, and destructive habit is which fills thousands of sick rooms with paralytics and change in the solitary strength and the strength is delay, one who will sympathize with their aufferings. To such the Doctor would especially ad drease himself, giving to each and all assurance of a PERFECT and Physican CURE without a framework a drawn bilances, change of dist, or four of exnce irom dusiness, change of diet, or from
