MALLORY AND FAY.

The discussion between the two candidates for Congress came off here on Saturday last—if Fay's part of the performance is entitled to be called a discussion. Little Chiv Lane, son of old Jo and brother to the Confederate Johnny, attempted a speech, but it was so perfectly puerile, infantile, weak, and maudlin, that it is not worthy of notice. Fay was fully up to his reputation as a barroom blackguard, using such choice expletives as "you're a damned liar!" in replying to some one in the audience. He is certainly the most contemptible squirt ever set up as a candidate for Congress. His brains are all in his mouth, and consist of gabble, gabble, gabble. His public speeches on the stump, like his private conversation, bespeak his vile instincts and base associations. In personal appearance and mental endowments, Nesmith's description hits him exactly—"a cross between a rat-terrier and a ringtailed monkey." His candidacy for this high office is an insult to every decent, respectable man in Oregon; and when such professed Christians as Jo Smith will try to make the people of Oregon vote for such a man, we certainly conclude that they have gone over to the Devil. Fay's speech amounted to just an hour's slang and personal vilification.

On the other side, Mr. Mallory appears like a gentleman, talks like a sensible man, makes an able, logical, and dignified speech, such a one as people would expect from a candidate for Congress. On looking at the two gentlemen, and hearing their speeches, a stranger would conclude that Fay was the representative of the "Blood Tubs" and "Plug Uglies" of Baltimore, while Mallory represented the quiet, orderly, sober farmers, mechanics, and business men of Oregon.—As far as the speeches were concerned, Mallory literally skinned Fay, and exposed him in all the hideous deformity of treason and secession.

SIMON PURE DEMOCRATS.

Mr. Shaw, Warden of the Oregon Penitentiary, transferred the convicts from the old quarters, at Portland, to the new prison, east of Salem, on last Wednesday. We understand that there are sixty of them now, of which number *fifty-eight* are Democrats. Only one-thirtieth part of the criminals are Union men. Think of that, voters of Oregon. And then think of the fact, that this Democratic party in Oregon, the leaders of this misnamed Democracy, are encouraging the bushwhackers guerrillas and murderers of Price's army to come here and vote you down, and dictate laws to you. If these leading Democrats succeed in their infamous measures to carry the elections in this State, there will be a perfect carnival of crime. Talk about taxes now! Your taxes are not only low, compared with other States, but your property is protected, as well as it is possible to protect it, with so many rebel desperados in the State. Do you want the Idaho style of laws and protection?—vigilance committees and revolvers—instituted in Oregon? If you do, turn the State over to secession Democracy. If the Democrats carry Oregon now, it will become the City of Refuge to all the desperadoes of the Pacific Coast—just as Idaho has been, since the Democracy ruled up there.

Voters of Oregon, rouse yourselves! and put down the schemes of these men who would put you down by the votes of rebels. Turn out, as one man, and labor unceasingly for the triumph of the Union ticket in every county.—Bring out every Union voter, and let Democracy be so completely overwhelmed that it will shrink back in disgrace from the victorious march of the Union army.

The Cholera.—The City Council of Salem, and the Marion County Medical Society, met in Joint Convention, at the office of Dr. Boswell, last Tuesday evening, to take the proper steps to save Salem from the scourge of the Asiatic cholera, during the coming summer. We acknowledge the receipt of an invitation to attend the meeting, but other engagements prevented us from so doing. We hope to be able to present the result of their deliberations at an early day.

Marion County Democracy.—Tom. Caton has abandoned the concern and emigrated to Idaho, and their county nominations are going begging. Tom. was about the only man of sense in the whole plic, and the prospects are that Marion County Democracy is about "played out."

Retaken.—Nelson Haxhurst, who escaped from jail a short time since, was recaptured near Corvallis last week, and brought back to his old quarters at this place.

Concert.—Messrs. Barney and Wood, will give one of their pleasing entertainments in this City, at Griswold's Theater, on Thursday evening next.

A LIE NAILED TO THE COUNTER.

McMinnville, Ogn, May 16, 1866.

Ed. Statesman—We propose, very briefly, to review and expose some of the misrepresentations and slanders of the dirty scavenger of the Lafayette *Courier*, of the 15th inst. On the third page of the *Courier* the following flaming head lines to a leading article may be found:

"The flag question settled—The guilty wretch, George L. Woods, acknowledges that it was cut by Republicans, for a "little fun"—He implicates S. C. Adams! and others in the infamous transaction!"

We admit that the fellow who posted these brazen falsehoods at the head of his coarse diatribe, is possessed of no large amount of brains, and that he is a scamp of the dirtiest water. In the admission of this latter proposition, is included our belief that he positively knew, at the time he wrote them, and the article referred to, that he was writing a dozen falsehoods, and that nearly all the old citizens of Yamhill county would detect him in it, and brand him a fool and a liar. But he is here to do the work of the malignant secession villains who control the action of the Democratic (?) party in Yamhill, and as he receives his whisky money from them, his avocation must be industriously plied. Hence, his attack upon Woods and Adams. Why is this? Because Adams and Woods have been, and are, leading Union men of this county and the State. One of them is on the State, and the other on the county ticket, for responsible offices.

So far as the statements of the *Courier* may affect the results of the election in this county, our friends abroad, and in adjacent counties, need have no concern. These gentlemen are too well known to be put down by any amount of dirty water the *Courier* may be able to throw through his copper-cased squirt gun, from now 'till the fourth day of June.

Now, a word about flag matters. Pending the war, on the patriots for the life of the nation, copperheads in this county made a very bad record, as everybody all over the State knows. A little band of cowardly chivs in June 1864, near Lafayette, sneaked into the dooryard of a couple of ladies, whose husbands were away on official business, in Idaho Territory, and tore down the stars and stripes, in the presence of those ladies and their children, contrary to their entreaties to desist, and bore it away to a creek, and threw it in.

The ringleader of the gang was arrested by order of Gen. Alvord, afterwards made his escape and fled to his relative, Mr. Newby, of McMinnville, for protection; was afterwards brought before Gen. Alvord, and "*reconstructed*," by taking a very stringent oath, prepared by the general, especially for his case. Now, in order to get even, the man Newby, above referred to, tries to convict members of the Union party of the heinous offence, he and *scores* of Democrats in Yamhill endorsed in 1864, when they threatened to convulse the State in fire and blood, if Gen. Alvord did not release this democratic scrub from the clutches of the law. On last Thursday, after Kelly and Woods closed their speeches, Mr. Newby must mount the stand and read an affidavit of one Lynch, of Lane county, who on being catechized by Mr. Woods, admitted that he might be mistaken about its material substance—if substance it has—Lynch had stated in his affidavit that he had been informed by somebody that Woods knew who cut down a flag in McMinnville, some two or three years ago. John L. Baker, of McMinnville, was then called to the stand, by Woods, and made *his* statement in relation to the matter; said he was present at the time, and saw it cut down, and that Woods and Adams should be exonerated of knowing anything about it. Newby was foiled in his attempt to injure these innocent men.—Every good man present on that occasion went away satisfied that Mr. N. had made a contemptible ass of himself; that he had totally failed of his object. A leading Democrat present, contrary to the solicitation of a few of the more demagogical of the "*breethren*," mounted the rostrum, and proclaimed the failure; but this untiring ingrate, Newby, must, like Widow Bedott, "*continner*." He has, probably forgotten that Judge Woods, whom he now maligns and pursues so meanly, in 1855 largely assisted in saving him from prison, by signing and circulating a petition to Gov. Curry, asking him to remit the fine and imprisonment adjudged by the Circuit Court, and that Dr. McBride, Woods' father-in-law, took the petition to the Governor, and plead with him in Newby's behalf. The Governor listened, and thus this traducer was kept out of the walls of prison. His offence was a grave one, but in strict keeping with his chivalric (?) antecedents. He had taken a poor orphan boy, who had no relatives in Oregon, at that time, and tied him to a tree and whipped him nearly to death. These facts are patent; everybody here is familiar with them. Out upon such a villain. We have no doubt that he prompted the tool of the *Courier* to do the dirty work of the 15th.

He has charged that Judge Woods said, last Thursday, that the flag was cut down by Republicans for a little fun."

The Judge did nothing of the kind; and hundreds of the best citizens of Yamhill know it. Then how can the foolish fellow be so base as to charge what he knows will rebound with telling effect. Good and sensible men of all parties are not to be gulled by such malignant folly!

As a clincher to the facts above stated, in relation to the charges of the *Courier*, herewith please append the affidavit of Mr. Baker.

This communication is extended to greater length than was intended at the outset, but its importance is my apology. I must now listen to Mallory and O'Fay, the nondescript "What Is It" Nesmith calls him? A large audience is in attendance. Andy.

J. L. Baker, being duly sworn, says that the statement as published in the Lafayette *Courier* of May 15th, 1866, to the effect that Geo. L. Woods procured the services of John L. Baker (this affiant) and one Wells, to cut the halliards of the flag, and trail the same on the ground, at McMinnville, in 1861, is a positive, willfull, malicious lie, of the basest character.

Affiant further says that he was present at the time referred to last Thursday, and affiant positively denies that Geo. L. Woods said that the flag was cut down by Republicans for a little fun.

Affiant further says that all that part of Aaron Lynch's purported affidavit, as published in the same paper, stating that I had told Lynch that Woods had got affiant and Wells to cut down said flag is positively false.

Affiant further says that he never told Lynch or any one else, that Woods, S. C. Adams, or any one whatever, had employed him and Wells to cut the flag down.

John L. Baker.

Subscribed and sworn to before me, May 15th, 1866. E. D. Whitlow, Justice of the Peace.

A Severe Accident.—Mr. Geo. G. Gibson and his son, Samuel, met with a severe accident, on Thursday, while taking down a barn frame on their farm, 1½ miles above Salem, in Polk county. They were engaged in taking off the plates of the building, when the frame fell with them, breaking three ribs of Mr. Gibson, sen., and injuring him otherwise internally. Samuel escaped with severe sprain of one wrist and ankle.

☞ The importance of the issues involved in the coming election, is our only apology for filling our paper up with political matters, to the exclusion of general news, and other items of interest.

☞ **Hope for the Afflicted.**—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. Young, in 1850. In this age of deceit and charlatanism, it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor, the sick and troubled can divest themselves of their burdens of pain and shame, lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number, nor the manner of directing your letter. And think it hard to find,
Just step in to Smith & Wade's—
You'll get it, and the kind.

If in the Hardware line it is,
They have it, nice and new,
And sell it *awful* cheap for cash—
WHEAT,
OATS,
FLOUR,
BACON,
LARD,
WOOL,
BUTTER,
CHEESE,
BEANS,
DRIED FRUITS,
PORK, when you kill your hogs,
And throw the screws in too.

Their Dry Goods, too, were bought for cash,
And that since cotton fell;
It'll pay you *big* to trade with them; and everything in the world can be found there, in the line of
Dry Goods,
Clothing,
Boots and Shoes,
Hats and Caps,
Notions, etc, etc., etc.,
And they're *heavy* on the sell.

And this secret which we've learned,
We'll give to *all* to *keep:*
Their great success in catching trout, shooting game, etc., is not so much owing to their skill, or shape of head, as to the very superior kind of **Gunning and Fishing Tackle** they use.
And have for sale so cheap.

Remember now, make no mistake,
The name is **SMITH & WADE,**
And you will find before six months, that, in
Dry Goods,
Clothing,
Groceries,
Hardware,
Iron and Steel,
Wagon and Buggy Timbers and Irons,
Etc., Etc.,
It is *the place* to trade.

MILITARY and NAVAL HISTORY

OF THE

Rebellion in the United States.

It is designed to be a standard work, more complete than any that has been or may be hereafter published. Complete in one royal octavo volume of over 800 double-column pages, and illustrated with numerous fine steel engravings, colored plates of battle scenes printed in the highest style of chromo lithography in six colors, and nearly 100 well-executed maps and charts, indispensable requisites to such a work.—It also contains an elaborate index of contents, of 26 closely-printed pages, by means of which any important event of the rebellion can at once be referred to, or the career of any particular officer, or the operations of any particular command, can be traced out in detail.

☞ The work will be sold only through traveling agents, and exclusively by subscription. It has not been canvassed for at all, and the entire field is thus open, so that early applicants can have their choice of territory. Exclusive territory given, and liberal terms offered. On receipt of $1 by mail or express, we will forward outfit, with instructions for canvassing.
