The Oregon Statesman.

SALEM, MONDAY, MAY 21, 1866.

NORTH PACIFIC RAILROAD.—At a meeting of the friends of the North Pacific Railroad, recently held at Washington City, Senator Williams, of Oregon, was made Chairman, and Judge McBride, of Idaho, Secretary. Colonel Rowland and Colonel Simpson, representing the interests of the Company at Washington, addressed the meeting, and a Committee consisting of George Gibbs of Washington Territory, Judge McBride, Colonel Rowland, Frank Fuller and Edward Lander, were appointed to prepare an address to Congress on the subject. The bill they prepared has been recently defeated in the House.

KING'S VALLEY DEMOCRACY.—The sturdy democracy of King's Valley, in Benton county, consisting of just three voters, recently met in joint convention and solemnly resolved in the following words:

Resolved, That we hold the men calling themselves democrats, and still adhering to and operating with the abolition party, responsible for all the national calamities that may follow the issues of the day, and that they left the democratic party to gratify personal ambition.

There, now, that closes the door to you, conservatives.

INTENSELY DEMOCRATIC.—At the annual supper of the Pennsylvania democratic club, held in Chestnut street, below Twelfth, on Thursday evening, (22d February), Mr. Wm. B. Reed was called upon for a speech, but stated instead thereof he would give a sentiment, and accordingly gave: "To our illustrious statesman, now incarcerated in Fortress Monroe." This was followed by a proposition from a broker in Third street, for three cheers for Jefferson Davis. The cheers were given by some present, although Mr. Josiah Kendall and others loudly protested against the whole thing. There was then a general row, which resulted in some members sending in their resignations.

GRANT COUNTY.—The Union ticket is as follows: For Senator, L. O. Stearns; for Representatives, T. H. Brents and M. M. McKean; for Clerk, A. H. Morehead; for County Judge Ferd Adams; for County Commissioners, I. H. Wood, and Rob't Husband; for Sheriff, M. P. Berrys; for Treasurer, F. C. Sels; for Coroner, Dr. J. Bruner; for Assessor, M. B. Whittier.

SWEET DECOCTION.—In making a seizure of a distillery, in New York, lately, the police found a large quantity of old printer's rollers, from which, it was ascertained that the owners of the works were in the practice of making brandy, by extracting the molasses, used in making the composition for the rollers. It must be a sweet decoction that is produced from such a material. The roller is the devil's principal instrument in a printing office, which he constantly washes with lye. The brandy made from such a material, must be the very essence of lye.

☞ Seventy five steamboats, says the *St. Louis Dispatch*, are advertised to start in April from that city for Fort Benton on the Upper Missouri. Only a few years ago one or two boats sent up in the Spring answered all the purposes of trade.

LAWS OF THE UNITED STATES,

PASSED AT THE

Second Session of the Thirty-Eighth Congress.

TREATIES.

Convention between the United States of America and His Majesty the King of the Belgians. Dated at Brussels, May 20, 1863; Ratified, March 6, 1864; Exchanged, June 24, 1864; Proclaimed by the President of the United States, November 18, 1864.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Whereas, a convention between the United States of America and His Majesty, the King of the Belgians, to complete by new stipulations, the treaty of commerce existing between the United States and Belgium, of the 16th of July, eighteen hundred and fifty eight, was concluded and signed by their respective plenipotentiaries, at Brussels, on the twentieth day of May, eighteen hundred and sixty three, which convention, being in the English and French languages, is word for word as follows:

The President of the United States of America, on the one side, his Majesty the Belgians, on the other side having deemed it advantageous to complete, by new stipulations, the treaty of commerce and navigation entered into by the United States and Belgium on the seventeenth day of July, eighteen hundred and fifty eight, have resolved to make a convention in addition to that arrangement, and have appointed for their plenipotentiaries, namely:

The President of the United States Henry Shelton Sanford, a citizen of the United States, their minister resident near his Majesty, the King of the Belgians; his Majesty, the King of the Belgians, the Sieur Charles Rogier, grand officer of the Order of Leopold, decorated with the Iron cross, grand cross of the Earnestine branch of the Order of Saxony, and the Polar Star of St Maurice and St Lazarus, of Our Lady of the Conception of Villa Vicosa, of the Legion of Honor, of the White Eagle, &c., a member of the Chamber of representatives, his minister of foreign affairs; who, after having communicated to each other their full powers found to be in good and proper form, have agreed upon the following articles:

ARTICLE I.

From and after the day when the capitalization of the duties levied upon navigation in the Scheldt shall have been secured by a general arrangement—

1st. The Tonnage duties levied in Belgian Ports shall cease;

2d. Fees for pilotage in Belgian Ports and in the Scheldt in so far as it depends on Belgium, shall be reduced twenty per centum for sailing vessels, and twenty five per centum for vessels in tow, thirty per centum for steam vessels.

3d. Port dues and other charges levied by the city of Antwerp, shall be throughout reduced.

ARTICLE II.

In derogation of the ninth article of the treaty of the 17th of July, eighteen hundred and fifty eight, the flag of the United States shall be assimilated to that of Belgium for the transportation of Salt.

ARTICLE III.

The tariff of import duties resulting from the treaty of the first of May, eighteen hundred and sixty one, between Belgium and France, is extended to goods imported from the United States on the same conditions with which it was extended to Great Britain, by the treaty of the twenty third July, eighteen hundred and sixty two.

The reduction made by the treaties entered into by Belgium with switzerland on the eleventh of December, eighteen hundred and sixty-two, with Italy on the 9th of April, eighteen hundred and sixty three, with the Netherlands on the twelfth of May, eighteen hundred and sixty-three shall be equally applied to goods imported from the United States.

It is agreed that Belgium shall also extend to the United States the reduction of import duties, which may result from her subsequent treaties with other powers.

ARTICLE IV.

The United States, in view of the proposition made by Belgium to repudiate, by a common accord, the capitalization of the Scheldt duties, consents to contribute to this capitalization under the following conditions:

A. The capital sum shall not exceed thirty six millions of Francs.

B. Belgium shall assume for her part, one third of that amount.

The remainder shall be apportioned among the other States pro rata to to their navigation in the Scheldt.

The proportion of the United States, to be determined in accordance with this rule, shall not exceed the sum of two millions, seven hundred and seventy nine thousand two hundred francs.

E. The payment of the said proportion shall be made in ten annual instalments of equal amount, which shall include the capital and the interest on the portion remaining unpaid at the rate of four per centum.

The first installment shall be payable at Brussels, on the first day of April, eighteen hundred and sixty-four, or immediately after the Congress of the United States shall have made the requisite appropriation. In either event, the interest shall commence to run on the date of the first of April, eighteen hundred and sixty-four, above mentioned.

The government of the United States reserves the right of anticipating the payment of the proportion of the United States.

The above mentioned conditions for the capitalization of the Scheldt dues shall be inserted in a general treaty, to be adopted by a conference of the maritime States interested, and in which conference the United States shall be represented.

ARTICLE V.

The Articles first and fourth of the present additional convention shall be perpetual; and the remaing articles shall, together with the treaty of commerce and navigation made between the high contracting parties on the seventeenth of July, eighteen hundred and fifty eight, have the same force and duration, as the treaties mentioned in article III.

The ratifications thereof shall be exchanged with the least possible delay.

In faith whereof, the respective plenipotentiaries have signed the present convention, and have affixed thereto their seals.

Made in duplicate, and signed at Brussels, the twentieth day of May, eighteen hundred and sixty three.

H. S. SANFORD. [L. S.]

Declaration annexed to the additional convention this day signed between the United States and Belgium.

The Plenipotentiary of the United States having required that the attributions of the consuls of the United States in Belgium should become the object of further stipulations, and it having been impracticable to complete in season the examination with the sincere intent to come to an agreement as soon as possible.

Done at Brussels, in duplicate, the twentieth of May, eighteen hundred and sixty three. H. S. SANFORD.

And whereas the said convention has been duly ratified on both parts, and the respective ratifications of the same were exchanged in Brussels on the twenty-fourth day of June last.

Now, therefore, be it known, that I, ABRAHAM LINCOLN President of the United States of America, have caused the said Convention to be made public, to the end that the same and every clause and article thereof, may be observed and fulfilled with good faith by the United States and the citizens thereof.

In witness whereof I have hereunto set my hand, and caused the seal of the United States to be affixed.

Done at the City of Washington, this eighteenth day of November, one thousand, eight hundred and sixty four, and of the Independence of the United States of America the eighty ninth.

CIRCULAR.

THE symptoms of the diseases prevalent in our locality are known to every one. If the proper remedies were applied in season, they would save us from protracted illness, severe and long continued pain shattered constitutions, and last, but not least, a debilitated purse. Thousands are in the habit, on the approach of sensations which they recognize as the footsteps of some dreaded and well known disease, to resort to the patent medicines that are heralded to cure everything. This is always a doubtful and sometimes a fatal course to pursue.

Taking this view of the matter we shall keep prepared, by request as well as permission, the following preparations, *carefully* prepared from prescriptions of some of our best physicians, whose indorsement is a sufficient guaranty of their value. We think it better to recommend these to those who do not consider themselves sufficiently ill to require a physician's attendance, than any article of the composition of which we are ignorant.

We wish it distinctly understood by the public that, although we keep everything usually found in a drug store, we will recommend no preparation unless approved by our medical men whose qualifications are well attested.

HOSTETTER'S CELEBRATED STOMACH BITTERS.

READ AND REFLECT.

Make sure of health. "But how?" you ask,
We answer, 'tis an easy task,
Strengthen the STOMACH, and sustain
The NERVES, the servants of the brain.
The LIVER keep in active play,
And *regulate*, from day to day,
Each organ aid, on Nature's plan,
Brace and refresh the *inner man*.
And like a watch that's kept in chime
By constant care with railroad time.
The system's tone and strength renew,
And thereby cheer the *spirits*, too.
"How," you inquire, "can this be done,
This victory o'er Disease be won?"
"HOSTETTER'S BITTERS," we reply,
Is *Health's supreme Protection—try!*"

As a means of regenerating the disordered and enfeebled system, regulating every function of the internal organs, reviving the depressed spirits, invigorating the constitution, and prolonging life, no medicinal preparation either of the past or the present time has been so completely and so universally successful, as,

Hostetter's Celebrated Stomach Bitters.

Against the vapors foul prepare,
That fever taint the heavy air.
Drink not unmixed the water found
In prairies, woods or marshy ground.
If sedentary toil you ply,
Nature you must assist—or die—
For when debarred from exercise,
For *artificial aid* she cries.
Medicine's grand purpose and intent
Is threatened evil to prevent;
And if you'd be relieved or spared
From ills that crush the *unprepared*,
Hostetter's Bitters use—for note,
They are the surest antidote.

To set at defiance the miasma of unhealthy soils, the poison of unwholesome water, the effluvia of crowded work-rooms, and factories, and the baneful influence of sedentary employments, it is only necessary to be forearmed with

Hostetter's Celebrated Stomach Bitters.

Dyspepsia's pangs, that rack and grind
The body, and depress the mind—
Agues, that as they go and come
Make life a constant martyrdom;
Colics and dysinteric pains,
'Neath which the strong man's vigor wanes;
Bilious complaints, those tedious ills,
Ne'er conquered yet by drastic pills;
Dread diarrhea, that cannot be
Cured by destructive mercury;
Slow constitutional decay
That brings death nearer day by day,
Nervous prostration, mental gloom,
Heralds of madness or the tomb;
For these, though mineral nostrums fail—
Means of relief at least we hail,
HOSTETTER'S BITTERS—medicine sure,
Not to *prevent*, alone, but *cure*.

In dyspepsia, fever and ague, bilious complaints, constitutional and nervous debility, constipation, seasickness, spasms, and in all complaints of man or woman, proceeding from casual or inherent weakness of the body, the one great remedy and restorative is

Hostetter's Celebrated Stomach Bitters.

To wanderers on sea and land,
From Polar shore to Tropic strand,
To households lone in regions new,
And dwellers in great cities too;
To soldiers in camp, fort and field,
Who need against disease a shield;
To miners California bound,
And tillers of wet, marshy ground;
To feeble wives of fragile mold,
To young, and middle aged, and old,
To those in health, who would enjoy,
Heaven's best gifts, without alloy;
To all the strengthless, weak and pale,
Who droop, yet know not what they ail,
Hostetter's Bitters we present,
As Health's most potent element.

If there is any value in public opinion, or any weight in medical testimony, the very best and safest Tonic, Corrective and Alterative now before the world is

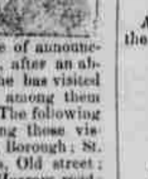
TO THE UNFORTUNATE.

New Remedies. New Remedies.

Dr. GIBBON'S DISPENSARY,



617 KEARNEY ST., near Commercial, San Francisco, established in 1851, for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc., Skin Diseases (of years' standing), and Ulcerated Legs, successfully treated.

DOCTOR GIBBON has the pleasure of announcing that he has returned to this State, after an absence of one year, during which time he has visited all the principal hospitals of Europe, among them those of Dublin, London, and Paris. The following celebrated hospitals of London are among those visited by the Doctor: Guy's, High street, Borough; St. Bartholomew's, Smithfield; St. Luke's, Old street; St. Mary's, Camb. Place, Pad.; Lock, Harrow road; University, Gower street; Westminster, Broad Sanctuary; Charing Cross, Agar street, Strand; London, Whitechapel road; Royal Free, Gray's Inn road; King's College, Portugal street.

DOCTOR GIBBON has also visited Doctors Acton, of London, Parker, of Birmingham, England; and Ricord, of Paris; who are considered the best physicians and surgeons in the world, and whose authority is acknowledged to be the highest in the treatment of Sexual Diseases.

DOCTOR GIBBON has obtained from them their new mode of treatment, which cannot be surpassed.

DOCTOR GIBBON has spared neither time nor money in seeking out new remedies, and has returned with new facilities for alleviation of human suffering.

Horrible Diseases.

How many thousands of persons, both male and female, are there, who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system. Look at their pallid, emaciated, and disfigured faces and their broken down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene.—Let parents, guardians, and friends attend to those who are suffering with any of these horrible, life destroying maladies—see that they are cured for and cured before it be too late. Send them immediately to Doctor Gibbon a physician who has made private diseases his especial study for years, and who is certain to cure the most inveterate cases, without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of these charlatans.

Seminal Weakness.

Seminal Emissions, the consequent of self abuse.—This solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combated by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples, and various eruptions about the face, furred tongue, fœtid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, the sufferer should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Doctor G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

Persons at a distance may be CURED AT HOME by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use, for Ten Dollars, sent in registered letter or through Wells, Fargo & Co.

Address DR. J. F. GIBBON, 617 Kearny street, near Commercial, San Francisco. Post Office Box 252.

Consultation FREE.

Prevention better than Cure.

The newly-invented Patent French Safe, a sure Preventive against Disease and Pregnancy, sent by mail. Price $2.—Address DR. J. F. GIBBON, 617 Kearny street, near Commercial, San Francisco. Post Office Box 252.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders, who, with bogus sworn-to certificates, dupe the unwary. Some of the self-styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen, and became too lazy to work at their trades. Some are tinsmiths, shoemakers, newspaper carriers, intelligence office keepers, etc. Look over the San Francisco Directory, and you will not find their Medical Institutes in it, but you will find their former occupations in it. Look at the Directory for 1862 and 1863. The only way to avoid imposition is to make inquiry—it will cost you nothing, and may save you many regrets; for, as advertising physicians in eight cases out of ten are bogus, there is no safety in trusting any of them until you know who and what they are. Dr. Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patients' letters, etc. Doctor Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he proposes to cure.

"CONSTITUTION WATER."

THE ONLY REMEDY

For Diseases of the
BLADDER, KIDNEYS,
Gravel, Dropsical Swellings,
GENITAL DEBILITY, Etc.

THE ASTONISHING SUCCESS WHICH has attended this INVALUABLE Medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure of the maladies above mentioned, and also

DIABETES,
IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS
GLEET, FLUOR ALBUS,

And in every disease any way connected with the disorders or decay of the PROCREATIVE FUNCTIONS. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER.

Whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once rebraced, revived, and built up.—Well may this celebrated medicine be called the

Medical Wonder.

The stooping, trembling victim of depression and debility becomes a new man; he stands erect, he moves with a firm step; his mind, which was previously sunk in gloom of an almost idiotic apathy, becomes bright and active; and he goes forth renegenerated, conscious of new vigor. The medicine reaches CONSTITUTION itself, and restores it to its normal condition.

Irritation of the Neck of the Bladder, Inflammation of the Kidneys, and Catarch of the Bladder, Stranguary and Burning, or Painful Urinating, Calculus, Gravel, Brick Dust Deposit, and Mucous or Milky Discharges After Urinating.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in these cases, and you will ever give your praise to

CONSTITUTION WATER!

Males or Females,

Are you troubled with that distressing pain in the small of the back, and through your hips? CONSTITUTION WATER will relieve you like magic.

LEFFEL'S

American Double Turbine Water-Wheel!

IS now manufactured by the Oregon Iron Works, in the City of Portland, and orders for the same can be filled immediately. We have a small supply of the different sizes, from 10 inches to 48 inches in diameter. That we may know the proper sized wheel you require measure your water in the following way: Take the width of the stream, the average depth, and the distance it flows in a minute.

All the wheels now in use give universal satisfaction. Both the construction of the wheel and its performance, commend it to the better judgment of all minds capable of appreciating the highest development of mechanical construction. Therefore it has conquered the most violent opposition.

This wheel is especially adapted to mining purposes. It is light, and can be easily packed into the mountains. Wheels weighing from 100 to 300 pounds will yield from 10 to 40 horse power, under a head of 25 or 30 feet. They are the cheapest wheel to set up known as they are so arranged as to produce the greatest power possible from the water used.

The prices of these wheels have now been reduced to the ability of all. Come and see them, or send for a circular to

TESTIMONIALS.

SALEM, OREGON, Oct. 16th, 1865.

From the good effects that I have seen and known of Mrs. Stipp's Thoracic Balsam, I can safely recommend it to the public. JAS. D. McCURDY, M.D.

SALEM, March 8th, 1865.

I hereby certify that I have been using Mrs. Stipp's Thoracic Balsam in my family, with the very best of results, and am happy in stating that the medicine is all that it is recommended to be by its proprietor.

L. WESTACOTT.

MARION COUNTY, OREGON, Sept. 27, 1865.

The undersigned, resident of Marion county, Oregon, takes pleasure in stating for the benefit of the afflicted, that, in the winter of 1863–4, I was suffering from an affection of the lungs and kidneys, resulting from a violent cold. I seemed to be going into rapid Consumption, and had begun to believe my death was not very far distant, and all who saw me were impressed with the same conviction. After trying various remedies without any success, I was induced to try Mrs. Stipp's Thoracic Balsam, and to it I am fully persuaded that I owe my life and present good health. Under these circumstances, I feel that I am but performing a duty to humanity when I recommend all similarly afflicted to try this excellent medicine. WILLIAM TAYLOR.

MARION COUNTY, OREGON, Sept. 28, 1865.

Having received great benefit from the use of "Mrs. Stipp's Thoracic Balsam," and being convinced that its use would be beneficial to thousands of persons suffering without hope of relief, it is with pleasure that I make the following statement: In the fall of 1863, I took a severe cold, which settled in my lungs and throat, causing a dry, hacking cough, fever, headache, and pain in the breast and under the shoulder, in severity, until my life seemed to be in real danger. About six weeks ago, I commenced taking Mrs Stipp's Thoracic Balsam, and in this short space of time I have regained almost my usual health and strength, have a good appetite, and am free from my cough and all its attending miseries. M. S. FORWARD.

☞ Agencies will be established at all the principal trading points in Oregon, for the sale of this valuable Medicine. **Mrs. L. A. STIPP,**

ALLEN'S LUNG BALSAM!

THE REMEDY FOR CURING

Consumption, Coughs, Colds, Asthma,
CROUP, DISEASES of the THROAT,
Bronchitis, Pains and Oppression of the Chest or Lungs, Difficult Breathing, and all the Diseases of the Pulmonary Organs.

ITS action is expectorant, alterative, sudorific, sedative, diaphoretic, and diuretic, which renders it one of the most valuable remedies known for curing diseases of the lungs. It excites expectoration, and causes the lungs to throw off the phlegm or mucus; *CHANGES THE SECRETIONS AND PURIFIES THE BLOOD*; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect, that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It is warranted to give entire satisfaction, even in the *most confirmed cases of consumption!*—It is warranted not to produce costiveness (which is the case with most remedies) or affect the head, as it contains no Opium in any form. It is warranted to be *PERFECTLY HARMLESS* to the most delicate child, although it is active and powerful remedy for restoring the system. There is no real necessity for so many deaths by consumption, when ALLEN'S LUNG BALSAM will prevent it, if only taken in time.

Sold by all Druggists. Price $1 per bottle.
