It will doubtless require some legislation to enable the county authorities to commence such a work, but that can readily be secured at the ensuing session of the Legisla-ture. In the older States, the County Infirm-ary is always an ornament and an honor to the county. We are more conversant with the system adopted in Ohio, and we know third, where the established Infirmary has been tried, the people woold not ge back to the old system . J. G. WILSON.

I hereby inform one and all that I have refused to ny the Doctors for their influence, in semiling preservity, ns or in any way influencing trade to my Drug Store This is why some of the members of the Combination sciety of Salem practice decoying my regular costons ers and others, who wish prescriptions compounded-into the store of their more favored Draggist. I think the people are as competent to choose their druggist as to choose their physician. Our laws protect us from the intpractice of Droggists as well as malpractice of betors, and neither are upheld in deceit and extertion When the M.D's write their prescriptions and stop capping" for certain Drug Stores, to the injury of theres, and let the people choose their own Drugman, will let them rost; but so long as they claim that the distare M. D. gives one head sufficient knowledge to has master of surgery, medicine, obstattics, and occu-licita, and its, deutists, chemists, apothecaries and drug gists, I will give them a chance to prove or disprov-one head competent to run a small drug shop in Salem I challenge any practicing physician in Salem to dis use in publicany branch of science belonging to the rofession of a Druggist and Apothecary. Now, comat, you professors of "Surgery and Chemical tests, and show the community now many protessions can be covered by one hat, or in future stop humbaggingme or the other-or I am, irrepressibly, ever y 24w1 J.
