HERING ARRESTED.

Cashier of Chicago Defunct Bank Denies His Guilt.

Chicago, Aug. 10.—Henry H. Hering, cashier of the Milwaukee Avenue State bank, which closed its doors Monday, was arrested yesterday and will be refused his release on bail until his connection with the disappearance of nearly \$1,000,000 of the bank's funds is cleared up. Paul O. Stensland, president of the defunct institution, is still a fugitive, and, although nearly 100 detectives are searching for him, his whereabouts is as much of a mystery as ever.

Hering was arrested yesterday afternoon, two hours after the time he had previously promised he would give himself up. He was taken at once to the office of Chief of Police Collins and put through a thorough examination as to his knowledge of President Stensland's mismanagement of the institution. Hering declared he did not know where Stensland was and had had no communication with him for over a week. The cashier strenuously denied the charge that he himself was partly responsible for the failure of the bank. Hering maintains that, if he is guilty of breaking the banking laws of Illinois, Stensland is responsible, as Hering in his examination declared he never benighted a single dollar by Stensland's peculiar system of banking.

Bank Examiner Jones and Assistant United States Attorney Gleason were present during the examination of Hering. Neither they nor the police officials were satisfied with his explanation of his connection with the collapse of the bank, and it was accordingly decided to refuse bail until the matter had been further investigated.

TO PURCHASE SILVER.

Government Enters Market for First Time in Thirteen Years.

Washington, Aug. 10.—For the first time in 13 years the government announced today its purpose to purchase silver for coinage purposes. Tenders are invited at the office of the director of the mint in this city on Wednesday, August 15, up to 1 o'clock p. m., and every Wednesday thereafter until further notice. These tenders are to be for delivery at the Philadelphia, New Orleans or Denver mints, settlement to be on the New York basis of bullion guaranteed .999 fine. The treasury reserves the right to reject all tenders or accept such part of any tenders as may suit its convenience.

It is understood that, anticipating that its reappearance as a purchaser might temporarily disturb the market unduly, the treasury has obtained control of considerable amounts for future delivery, so that it is in a position to drop out of the market for several months if desirable. The average requirements of the treasury throughout the year will probably not exceed 100,000 ounces per week, and it will be the policy of the department, while keeping a reasonable amount on hand, to so distribute its purchases throughout the year that its demands will be uniform and not an element of uncertainty in the market.

TREAT BOTH NATIONS ALIKE

Japan Says China Allows Russia Free Trade in Manchuria.

London, Aug. 10.—In a dispatch from Tokyo, the correspondent of the Daily Telegraph says it is stated with authority that Japan will only consent to the establishment of a Chinese custom house at Port Dalny to levy duties on goods proceeding inland beyond the Kwan Tung peninsula on condition that a similar system be inaugurated at the southern frontier railroad stations in Northern Manchuria.

It is asserted, the correspondent continues, that at present merchandise is pouring into Manchuria over the Siberian railroad, from both European Russia and Vladivostok, without the payment of duty. It can therefore be sold very cheaply. Russia's policy, the correspondent concludes, obviously is to isolate Port Dalny and divert all the trade to Vladivostok, in order to rob Japan of the fruits of victory.

Watson is Guilty.

Portland, Aug. 9.—After being out from 5:30 Tuesday afternoon until 2 o'clock yesterday morning, the jury in the case of the United States against Charles A. Watson returned a verdict finding the defendant guilty of perjury as charged in the indictment, with a recommendation for clemency. Judge Bennett, counsel for Watson, gave notice of a motion for a new trial as soon as the verdict of the jury was recorded. He was allowed 30 days to prepare bills of exceptions in the Hendricks and Watson cases.

Bandits Rule Polish Villages.

Warsaw, Aug. 10.—The terrorists are continually attacking and robbing postoffices, government spirit shops, treasuries and the mails. The governor general has ordered that henceforth the inhabitants of villages, communities and cities in or near which such crimes occur, shall pay the losses resulting from such robberies.

REVOLT IN FINLAND

Entire Populace Ready to Die Fighting Oppressors.

GOVERNOR ORDERS REBELS SHOT

No Distinction Made for Age or Sex—Women Are Taking Leading Part in Revolt.

Copenhagen, Aug. 9.—Legalized slaughter of Finnish women is promised if the troops carry out the orders given them by the Russian governor general yesterday. He issued a proclamation to the commanding officers of the troops, instructing them that all persons engaged in advocating and spreading the revolutionary propaganda must be shot, without regard for age or sex. Inasmuch as for the past week the loyal Finnish women have dressed themselves in garments of flaming red and paraded the streets, stopping passers-by and forcing their way into factories and shops, it is evident that the order of the governor general is directed against them.

The order followed the stabbing of the captain of a Cossack troop who attempted to arrest three women who were addressing a crowd of workmen in the market square of a Finnish town. As the trooper placed his hand upon the arm of one of them she turned, and drawing a dagger that she had concealed in her hair, ran it into his heart. With her companions she escaped, and has not been apprehended.

Other reports of similar occurrences have been received during the last three days, and, acting, it is understood, under orders received from St. Petersburg the governor general has determined upon the strictest repressive measures. All Finland is seething with revolt, and practically the entire populace is ready to sacrifice lives and property to deal blows at the military oppressors. The Russian authorities realize this, and are strengthening the garrisons of all Finnish towns. Half a dozen attempts on the lives of Russian officials have occurred recently, but none have succeeded.

CASHIER IS INNOCENT.

Officer of Defunct Chicago Bank Says President Did Looting.

Chicago, Aug. 9.—The Tribune today says: "Henry W. Hering, cashier of the Milwaukee Avenue State bank, looted by Paul O. Stensland of over \$1,000,000, is in Chicago. He has not been out of Chicago since Monday morning. The police department can call in its circulars, take its detectives off the trail and rest assured in the belief that at 1 o'clock tomorrow, or rather one minute after 1, Mr. Hering will be in the custody of Inspector Shipley. Hering intends to give himself up and is absolutely confident that in a short space of time he can show to the satisfaction of every one concerned that he had no part in robbing the 25,000 depositors of the wrecked institution."

Theodore Stensland, vice president of the Milwaukee Avenue State bank, and son of the fugitive president of that institution, has come to the rescue of the 25,000 depositors, and it is the general belief of those who are endeavoring to straighten out the affairs of the bank that there is an excellent chance that all depositors will receive almost dollar for dollar when a final settlement is made. The improved condition of the bank's affairs was brought about by young Stensland, who announced that he would turn over to Receiver Feter all the real estate and personal property of Paul O. Stensland, his father.

The son places a valuation of \$600,000 on this collateral, and he stated that he had full authority to make a transfer of the property for the benefit of the depositors.

Canned Veal is Disguised.

Columbus, O., Aug. 9.—Reports of the analysis of 20 samples of potted ham, chicken, hamburger steak, luncheon sausage and similar preparations sold by meat packers submitted to State Dairy and Food Commissioner Aukney today show the presence of preservatives and in some cases traces of tin and zinc poison. Some cans labeled "potted chicken" were found to contain veal. Mr. Aukney will officially warn the manufacturers that their products will be kept out of the Ohio markets unless they comply with the law.

Loss Will Reach \$1,000,000.

Fort Worth, Tex., Aug. 9.—Reports from the floods in the territories indicate that the damage will be great. Conservative estimates place the loss up to this time at \$1,000,000, suffered mostly by the railroads.

BANK UTTERLY GUTTED.

Even Safety Deposit Boxes of Chicago Institution Were Rifled.

Chicago, Aug. 8.—Theodore Stensland, vice president of the Milwaukee Avenue State bank, was arrested late yesterday afternoon on a charge of violating the banking laws of the state. Earlier in the day the institution was placed in the hands of a receiver and Paul O. Stensland, president of the bank, and father of the vice president, also Cashier Hering, were officially declared fugitives from justice and their personal descriptions placed in the hands of the police throughout the country. This action was taken by the authorities after developments had shown that the finances of the failed institution were in a deplorable condition and had been for a number of years. Even the safety boxes, owned and rented by the bank, had been tampered with and rifled.

The day's developments were productive of the first ray of hope for the depositors, who believed their savings of years swept away in the wreck. David R. Forgan, vice president of the First National bank, and one of those to whom the state of the defunct bank's affairs had been laid bare, declared that probably 70 cents on the dollar would be paid in the final adjustment.

FLOOD IN TEXAS.

Deluge of Pain Drowns Stock and Crops and Blocks Railroads.

Fort Worth, Texas, Aug. 8.—According to advices received here, West Central Texas has been visited by torrential rains, considerable damage being done to growing crops and railroad traffic is badly crippled. However, no casualties, so far as known, have occurred.

Traffic on the Lampasas branch of the Santa Fe railroad is suspended because of washouts.

At Brownwood, Pecos bayou, which flows into the Colorado river, rose so rapidly that many people living in the lowlands had to flee for safety. About six miles of the track of the Santa Fe has been washed out. Five hundred people are homeless. Last night the water was standing within three feet of the high water mark of 1900. A strip of country 30 miles long by two to four miles wide is covered with three to ten feet of water. Railway tracks have been washed out for miles, and a pile-driver sent out with 200 laborers was unable to proceed further than here.

At Ballinger some damage was done, and the Concho river rose to a higher stage than for years.

At San Antonio it was said that a family of five had perished, but this was an error. The family escaped during the night in advance of the flood, and reached safety.

Amarillo, Texas, in the Panhandle, reports a severe electrical storm, and has news that Canyon City, a small town, was wiped out by a tornado that killed several people. Wires are down in that direction and the report cannot be confirmed. At Amarillo the family of a farmer named Riggs, residing four miles south of town, was killed by lightning.

BLAMES TIMBER OWNERS.

Los Angeles Lumber Says There Is No Lumber Short.

Los Angeles, Aug. 8.—W. F. Wheatley, vice president of the Consolidated Lumber company of this city, which is a distributing branch of the St. Paul & Tacoma Lumber company, today gave out an interview, denying that there is any such organization as the "lumber ports" on the Pacific coast.

Mr. Wheatley is quoted as saying that the timber owners control the prices and are in the main responsible for the recent raises. There are other causes, also, he said, including the union labor difficulties, at the principal ports.

Mr. Wheatley admitted, according to the interview, that the St. Paul & Tacoma Lumber company was the principal owner of timber lands in the Puget sound country, but stated that the company was cutting very little of its timber at this time. It was buying he said, from small holders.

The present price of 12-inch Oregon Oregon pine boards in this city for the clear is \$41 and for the rough \$28. In October of last year the price was for the clear \$21 and for the rough \$18.50.

Will Ignore Separation Law.

Paris, Aug. 8.—A rumor is prevalent here that instructions from the pope to French bishops relative to the law of separation of church and state have been received in Paris. It is declared in a well informed quarter that the Vatican considers the enactment of the law to be a dead letter and does not recognize the principle that the lay associations shall govern churches. The Vatican overcomes the difficulty, however, by permitting for this purpose the formation of Catholic societies under the bishop.

Whole Ice Trust Indicted.

Philadelphia, Aug. 8.—The grand jury today found true bills of indictment against 14 members of the Philadelphia Ice exchange, who are charged with conspiracy to increase the price of ice.
