CITY.

TERRA COTTA WORKS.—Mr. C. H. Myers, of the Terra Cotta Works at Oregon City, has left at this office specimens of pottery which are very handsome. An excellent quality of clay is found near Oregon City from which every variety of pottery can be manufactured. Operations are being pushed forward and a great deal of useful work is being turned out.

WRIT OF HABEAS CORPUS.—In the matter of application for writ of habeas corpus of Geo. Lamont and John Galvin, before Judge Shattuck yesterday, the writ was ordered returnable on the 21st of September at 9 o'clock A. M. This is the case of the young fellows who were each fined $40 by Justice Davis for assaulting B. Austin.

OFFICERS ELECTED.—At a special meeting recently held by Willamette Engine Company No. 1, the following officers were elected to fill the vacancies which existed by resignations received: A. W. Witherell foreman, W. C. McKean first assistant, W. F. Hummel second assistant.

NEW MUSIC.—D. W. Prentice & Co. have laid on our table a new piece of music which has just been issued from the press. It is entitled "Lotus Bloom," and is dedicated to Miss Jeffreys-Lewis. The music was composed and arranged by Mr. Louis Bodecker.

BURNED.—On Tuesday night a barn and another outbuilding on the place of Mrs. Lucy Devens, about a mile above the Cascades on the territory side of the river, were destroyed by an incendiary fire. The barn contained about ten tons of hay.

ENTERTAINMENT.—Prof. Trauner, assisted by well known vocal amateurs of the city and members of the Northwestern Band, will give an entertainment at Turn Halle next Sunday evening. The programme will be published in time.

AMOUNT REALIZED.—Messrs. Gumpert & Buckner, proprietors of the Metropolitan baths, generously donated the proceeds of Tuesday's labor to the yellow fever sufferers. The total sum realized for the day was $21 75.

LOADING FOR PORTLAND.—A dispatch was received here yesterday from San Francisco, which states that the bark *North Bend* is on the berth loading for Portland, and that she will sail next week.

GOLD EXCITEMENT.

A few days ago mention was made in this paper of the reported discovery of gold in Snohomish county, Washington territory. Quite a number of Portlanders we learn have gone over to prospect at these recent discoveries. The following is taken from the *Dispatch* of Sept. 16th, relative to the precious metal fever:

The gold excitement is still on the increase. About thirty men left this city on the *Fanny Lake*. Some of them were fully equipped, carrying picks, shovels, pans, bacon, flour and tobacco, and others went without baggage, intending simply to locate claims and return for their outfits if the diggings are as rich as reported. Among the number are many experienced miners, and no doubt the mines will be thoroughly prospected.

Samples of grain gold, said to have been taken from the mines in Snohomish county, were shown in this city yesterday. In the afternoon a number of persons started for the mines in skiffs and canoes, taking their outfits with them. If the mines are half as rich as represented, a great many people will go to them on Friday, when the *Fanny Lake* makes her next trip.

An account of the state of affairs at Snohomish city is sent us under date of Sept. 13th, by W. M. Tirtlot, Esq., thus: "Great excitement prevails here in regard to a report that very rich diggings have been struck at some point on the Snohomish river. The merchants and blacksmiths, with a large number of the population of the town, have gone up to the mines, among whom are E. C. Ferguson and Ward. The town is almost deserted. This morning Barrett & Cotton are reported to have found paying claims, from which they have taken $16 per day."

The finding is said to have been accidental. A man named Lowe, accompanied by his son, were out on a hunt. One night they camped on what appeared to be a sandbar in the dry bed of a river. The next morning they discovered indications of gold, and during the day washed out $25 with the means at hand. These men carried the news to Snohomish City, and a large number of men went at once to the mines. There were fifty claims located on Friday last. The news spread to the logging camps, and many of them were deserted. When the *Fanny Lake* came down the river on Saturday almost the entire male population of the valley were on their way to the mines. The mines are about seventy miles from this city. Steamers can ascend the river to within twelve miles, and the remainder of the distance can be traveled by canoe.

A few men have been working in the vicinity for years, making from $2 to $5 per day. Gold is known to exist along the Suitau river, and those who have been prospecting there are not surprised at the recent developments. Still it is possible that the large findings, as reported, are only occasional deposits and not general. There are now hundreds of men in the mines, and we will soon be able to give something more definite.

BRIEF NOTES.

No state circuit court yesterday.

Great quantities of grain pouring in.

Daily freight trains on the east side road.

Eastern Oregon carried off the prize this time.

Nights are cool and inclined to be a little foggy.

The Macadamizing of Stark street has commenced.

Work on the new Cathedral is getting pretty well up.

Leonard's building is about completed—that is, the stone work.

When will it rain, and give us all a good chance to respire freely?

Councilman Simon has been up to Baker City for the past two weeks.

Now the solons at Salem will come down to regular work, as the senatorial contest is over.

The brick sidewalk around the block on which the postoffice building stands is worn into holes by the incessant travel.

Mr. James Guild, the gentlemanly telegraphic operator for the O. S. N. Co. in this city, returned from the Sound a few days ago.

The superintendent of streets is making himself very numerous, but there are yet a good many dilapidated sidewalks which require attention.

The great number of telegraphic and telephonic lines which are stretched about the city impart quite a metropolitan air to Portland. They look like business.

If you have any curiosity to see how utterly squalid the Chinese can live, just step around to the corner of Second and Alder and take a look at the old demolished rookeries. Phew! what an odor!

SINCERE THANKS.

The undersigned hereby returns sincere thanks to the unknown friend or friends who so seasonably and acceptably sent to his residence yesterday a neat article of furniture known as a "foot rest and boot polisher." This kindly and practical reminder to polish (or to keep polished?) the chaplain's understandings is received as a really opportune and welcome present by

R. S. STUBBS.

BUSINESS NOTICES.

The attention of the public is called to the advertisement of the Palace Lodging House.

Mr. John Cran has returned from a business trip to San Francisco, the result of which is explained in a lengthy announcement made in the advertising columns. The display of new goods at Cran & Co.'s is something extraordinary, and the ladies will do well to call and examine what the firm propose to offer for inspection.

PERSONAL.

Hon. J. K. Luttrell, member of congress from California, who has been visiting the Sound for some days past, arrived here Tuesday evening and is stopping in the city. He will proceed to Washington county in a few days, where Mrs Luttrell's relatives live. Mr Luttrell is accompanied by his family.

BOARD OF TRADE.

[PROCEEDINGS OF A MEETING HELD LAST EVENING.]

The Board of Trade met at its rooms last evening, Mr. Corbett, president, being in the chair, and the secretary and about thirty members present.

The minutes of the last meeting were read and approved.

A communication was received from W. W. Parker, Esq., mayor of Astoria, stating that a number of bar pilots had left the service of the tug owners and had fitted up a sloop, with which they desire to "lay off" the bar and supply vessels with pilots, and asking what were their rights.

The secretary was instructed to send Mr. Parker a copy of the bill relating to the matter which has recently been introduced into the legislature.

Mr. Corbett presented the name of Mr. W. S. Wilcox for membership and Mr. Failing presented the name of Mr. W. Jackson. Both candidates were elected members.

The committee on legislation presented two bills—one relating to attachments and another to assignments—which had been drafted by members of the legislature and sent to the board with the request that they make such suggestions in relation to them as would render them more efficient and equitable.

After discussing the details of the bills at considerable length, it was moved—

"That the secretary of the board be directed to ask our delegation in the legislature to so amend the attachment law that it shall apply to the benefit of all applying creditors, and that debts not due may be proved under any attachment issued, and receive their pro rata dividend."

The secretary was also ordered to communicate with the author of the assignment bill presented, thanking him for favors and recommending some changes which were suggested by members during the discussion.

The navigation committee presented three bills to be presented to the legislature; one relating to the appointment of a harbor master at this port, another for the protection of harbors, and another to prevent sawmill owners and other parties from obstructing river channels.

On motion, the bills were laid on the table until the next meeting.

A motion was adopted asking the legislature to memoralize congress to adopt and carry out the measures suggested by the war department for the improvement of the Columbia river from the Willamette to the sea.

It was also moved and carried that a committee of three, with the president and secretary, be appointed to draw up, for the consideration of the legislature, such suggestions as may express the sense of the board in relation to a bill to provide for the collection of debts. As such committee the president appointed Messrs. Francis, McCraken and Failing.

The board then adjourned to meet on next Wednesday evening.

TO TRUTH SEEKERS.

At the request of my friends I am induced to say that I attended the seance given by Dr. and Mrs. McLennan at Dr. Hyde's room, 141 First street, last evening. I have no interest or desire to exaggerate or overpaint the manifestations there given and witnessed by quite a respectable assemblage of, in most instances, entire strangers to me.

Soon after entering the room Mrs McLennan, a stranger to me, took a seat at the stand and at once wrote "My dear sir, I am glad to meet you here to-night. Lizz. and the children are all well, and expect you home Sunday. Your mother in spirit, Elizabeth Welsh." I will here add that "Lizz" is a family or pet name by which my wife has been known by intimate friends from girlhood, and Elizabeth Welsh is the name of her mother, and that I have been very uneasy, having heard by telegram dated 12th, that my wife was quite sick. In addition as a test to me, the names of my father and sister were given and also the name of Dr. McMichael, a spirit friend by whose name will readily be recognized by spiritualists of Grand Ronde valley. A large number of names and communications were read, each of which was recognized by persons in the audience. After this, the lights being extinguished, Dr. McLennan sitting in the centre and surrounded by about twenty persons, manifestations were given and communications received, that to be realized, would require the presence of the investigator. E. S. McCOMAS.

An Undeniable Truth.

You deserve to suffer, and if you lead a miserable, unsatisfactory life in this beautiful world, it is entirely your own fault, and there is only one excuse for you—your unforgivable prejudice and skepticism, which has killed thousands. Personal knowledge and common sense reasoning will soon show you that Green's August Flower will cure you of Liver Complaint, or Dyspepsia, with all its miserable effects, such as sick headache, palpitation of the heart, sour stomach, habitual costiveness, dizziness of head, nervous prostration, low spirits, etc. Its sales now reach every town on the Western Continent, and not a Druggist but will tell you of its wonderful cures. You can buy a sample bottle for ten cents. Three doses will relieve you.

Dr. Mintie's Vegetable Nephreticum.

Does it cure all? No! It is intended for diseases of the Kidney and Bladder. This great Tonic supplies a want long felt by a certain class of sufferers, and is taking a high rank among remedial agents in this country. First. Because it is made SPECIALLY for kidney and Bladder complaints, the different ingredients of which it is composed acting conjointly upon the muscular and mucous coats of these organs. Second. The combination is the result of large experience and careful study, both of the organs and their diseases. Third. The best materials (which are purely vegetable) are selected and used in its manufacture. In acute inflammation of the Kidneys or Bladder, pain or heaviness in the back and loins, with drowsiness and feeling of languor the NEPHRETICUM will give immediate relief, and a free use a perfect cure, by strictly following directions. Price $1.25.

Dr. Mintie's English Dandelion Pills.

Do they cure everything? No. They are intended for diseases that result from malarial poison and a deranged liver. Symptoms of a disordered liver—dull pain in the side and shoulders, loss of appetite, coated tongue, costive bowels, sick headache, drowsiness, weight in the stomach, often acting with acidity and belching up of wind, low spirits, loss of energy, unsociability, and forebodings of evil. Delay is dangerous. Many of the leading citizens of Portland, from experience will vouch as to the superior virtue and value of these two specialties. Price 25 cents per box. To be obtained of all druggists.

Dr. La Mar's Seminal Pills cure all cases of Seminal Weakness, Loss of Vigor, Nocturnal Emissions, Impotency, Nervous and Physical Debility, and all that class of complaints arising from Excess, Indiscretion or Abuse. The old and in this remedy A FOUNTAIN OF YOUTH, and the young a safeguard and protection. DR. LA MAR'S SEMINAL PILLS restore the Sexual Organs debilitated from whatever cause, to their pristine vigor. Price, $2 50 per bottle. Sent C. O. D. by express to any address secure from observation.
