TATLOR-STREET REVIVALS.—The meeting last evening at the Taylor-street Methodist church was the most successful in the evangelistic services now being conducted by the pastor. There was scarcely a vacant seat, and the large audience listened with closest attention. Dr. Locke delivered a revival sermon on "Enoch walked with God and was not, for God took him." He showed what were the evi-dences of a Christian life, and enforced the truth of the text that if a man walked with God in this life, he would share the glories of his redeemer in the world to come. When an invitation was given t the audience to become Christians, nearly a dozen people arose to signify their pur-pose. An after-meeting was held, which was full of interest. The revival meetings have developed great interest. Dr. Locke's subject for this evening will be "Is a Man Responsible for His Doubts?" A condist welcome is extended to all peo-ple to attend these meetings at Taylorstreet church.

Poon-Fans REPORY.-The report of the Multnomah county poor farm for the month of December was yesterday filed with the county commissioners. The bill for the month amounts to \$813.75. There was received from the sale of produce 57; total number of inmates, 96. Of these, 29 are males, native-born, and 47 males of for eign birth. Females, native-born, are 8, foreign-born, 4, children, L. The average number of inmates per day for the month was 100. Several have recently been dis-charged. The report of the Multnomah county poor farm for the year ending December 21, 1891, shows that during the year, including the hospital adjunct to the municipal court today, the poor farm, 224 different persons were AN OFFENSIVE DRUNKAR cared for. In the hospital, 89 men, 3 children and 13 women were attended. There were 29 deaths during the year. The average expense of the poor farm per month was \$743.49; average expense each inmate per month, \$7.06.

ASHLAND Will, HELP.-A letter was re-ceived by the fruitgrowers' executive committee from Mayor Casey, of Ashland, yes terday, stating that the fruitgrowers of that place held a meeting to discuss the ng meeting of the American Pomological Society, Eastern commission mer-chants and the Northwest Fruitgrowers' Association in Portland, and appointed ing men would make a display of minerals. if it was so desired. The people of Ashland are willing to furnish pampas plumes for decorating purposes. They are very anxlow rate is granted, a large delegation will come from the southern part of the

Tough Gave Assessed. - A gang o young boys-Robert Hart, Charles Guth rie, Sam Dolan, Albert Hall and Mat Butler-were arraighed in the municipal court yesterday, charged with malicious mischief. They had cut up a cover to a wagon belonging to Felix Diamond. The boys were discharged, but were immedi-ately rearrested and taken to Justice Geisler's court, and will have an examination have a hall where they indulge in prizefighting and other like amusements. uty District Attorney Fitzgerald will try to have the leaders sent to the reform school, and also to have the gang broken

CTCLORANA TO GO .- A force of men wil start to work this morning taking down the huge canvas of the battle of Missionary Ridge and packing it for shipment. Owing to the negotiations with a Japanese syndicate for its purchase and shipment to Japan, Mr. McConnell desired to leave it hanging until this matter was settled, but the expense of doing so, chiefly in the matter of rental for the large space it occupies, has decided him to take it down, pack it for shipment and store it until the Japanese are ready for it. This is to be regretted, for it is a magnificent picture, and a great many people who have flot seen it would be glad of an opportunity to do so.

GONE TO WASHINGTON .- Mr. J. D. Cole man, chief deputy in the United States narshal's office, left last night for Washington on some mysterious business of aportance. Just whether it concerns the fees arising out of the Coxey army troubles last spring, or has comething to do with the opium-rmugging cases, or whether he has gone to escori Nat Blum back to Oregon cannot be learned. The business which calls Mr. Coleman East is probably of more importance to the marshal's office than to the public, and in the end will be found probably to be connected with the collecting of the fees arising out of the invusion of the Coxeyites.

GEORGE J. BLODGETT ASSIGNS.-George J. Blodgett yesterday made an assignment for the benefit of his creditors, to Harry Beck, of Mason, Ehrmann & Co. His assets are \$3200, consisting of stock and fixtures of the store on Morrison and Fifth streets; also furniture. Liabilities are \$1400; principal creditors, H. W. Corbett, \$35; Clinton & McCoy, \$300; L. E. Smith, \$35. There are numerous small creditors, and these it was who forced the assignment. Mr. Plodgett has been in ess in Portland seven years.

A HOMELESS BOY.-Wallace Johnson right-faced boy of 9 years, was brought to the central police station last night, having no home or place to sleep. The homeless boy said his father was dead and his mother had sent him to live with an uncle. Yesterday when the uncle came home he drove the boy out into the street, refusing to furnish him food or shelter. He was placed in the care of Matron Burke, and today steps will be taken to provide him with a good home.

NEARLY READY TO MOVE.—The city of-ficials intend to begin moving into the new city hall about January 21. Mr. Fleckenstein has arranged for the removal of the large safes in the auditor's office, which will have to be hoisted into the new office through the windows. Some of the new furniture is going in, but some of it will ot be completed for two or three weeks. and the officials will have to get along without it as best they can till it is ready.

A Fine for Garthonne. - Bob Gar-thorne, the smuggler, was fined \$15 in the municipal court yesterday for using profane language in a street-car. When the fine was imposed, Garthorne did not have the money to settle with the court, but after waiting for some time he secured it from a woman known as Lucy Griffiths, of Albina, and was allowed to go.

SCHOOL MONEY READY.-The scho month ends today, and School Clerk Allen was hard at work yesterday drawing checks and preparing to disburse among the small army of schoolteachers today and tomorrow the sum of \$18,159. He says he has the money to pay, which is rather strange at this time of the year, and will

be pleasing to the teachers. SECOND STAD-COURSE LECTURE, "GRANT AT CHATTANOOGA," MAJOR-GENTHAL O. O. HOWARD, WRITE TEMPLE, TUESDAY EVENING, JANUARY 15. MAGNIFICENT ORGAN PRELUDE. William W. William.
Admission, 54 cents: reserved scats at Fosa', 283 Morrison street.

EFANGELISTIC SERVICES.-The evange stic meeting at the First Congregational burch, corner Park and Madison streets, last evening, was very largely attended, and much interest was manifested by all present. The simplicity of the gospei and its powers to quickly change the lives of who would yield to its sublime and neffcent influence was the theme of a sermon by Dr. Wallace. Numerous requests for prayer were made. The last service of the week will be held tonight at 7-30, and a cordial invitation is extended

A VERY BAD BOY.-Edward Clarke, vicious, unnatural boy of 15 years, is a prisoner at the city jail, and only his age will prevent his being sent to the penitentiary for a long term of years. He is known to have outrageously assaulted a little girl, one barely i years old, and to have committed other crimes. Clarke is as depraved as a human being could well be. He lives with his parents in South Portland, but his father last night signified an intention of letting him be sent to the reform school.

CHATTANOGIA, now one of the leading cities of the South, was only a small vil-lage in 1963, but, henimed in by Lookout mountain and Missionary ridge, it was the key that, in the hands of the invincible Grant, opened up the South to the armies of the North. The story of its capture, as told by Major-General O. O. Howard, is one of those realistic pictures that to the veteran recall so vividly the scenes of the great conflict.

WOODMEN INSTALL OFFICERS.-Prospec camp, No. 148, Order of Woodmen of the World, last night had the following officers for the ensuing year installed by Past Council Commander E. O. Mall: E. D. Williams, council commander; S. R. Coby, advisory lieutenant; J. C. Osfield, clerk; J. A. Frazer, escort; W. W. Gor-don, watchman; E. Ives, sentry; P. R. Young, physician; H. Fossbender and P. R. Young, managers

GAMBLING-HOUSE RAIDED .- At II o'clock last night Captain Cox, assisted by Of-ficers Harding, Johnson and Endicott, raided the Brunswick, a gambling-house on Third street, and arrested P. St. Mary, C. A. Pease and W. Anderson. It was a "crap" game. St. Mary and Anderson for-nished \$100 bail, and Pease \$50 bail, and were released from custody, to appear in

AN OFFENSIVE DEUNKARD .- A drunken man, Charles Fuerer by name, was ar-rested last evening by Officer Venable for disorderly conduct by insulting women on the streets. He made himself extremely offensive, and attempted to grab one young woman at Third and Salmor streets, terrifying her so that she fainted. The fellow was under the influence liquor at the time.

Roops.-Property-owners who will find necessary to repair or reroof their buildings after this storm, will save money and future trouble and annoyan by having J. C. Bayer and the Portla Ashphaltum Company do their work, the oldest established and most reliable metal and composition roofers in the city. Tele-

DONE BY THE CITY. Proceedings of the Common Council of Vancouver.

VANCOUVER, Wash., Jan. 18.-The city council at its last meeting elected the following city officers and employes: Charles McCarty, chiefe engineer of the volunteer fire department; J. B. Handy, driver of engine; Henry Burgy, driver of hose wagon; G. Burgy, driver of street-cleaning cart; C. H. Patterson and A. Bateman, night patrolmen.

Councilmen A. J. Bigham and E. G. Crawford, and Messrs. E. E. Coovert, A. B. Eastham and W. B. Daniels were appointed trustees of the city library for the ensuing year. The applications for the position of city justice were referred to the liciary committee. The aspirants are W. Sparks, H. L. Caples and F. P. Wagoner. A city health committee was constituted, to consist of the mayor, city clerk and the chairman of the committee of accounts and current expenses. The salaries of night policemen were red m \$60 to \$50 per menth after February l, the date when all the newly appointed thy employes will assume their duties. The bonds of the recently elected city of feers were accepted and placed on file. A warrant for \$50 was ordered drawn in favor of E. L. Canby, chairman of the ge counts and current expenses committee for defraying incidental expenses. The city clerk was instructed to advertise for bids for plumbing and forage for the en suing three months. The council decided to hold a special meeting January 11 to consider leasing the electric-light plant several propositions for that purpose being now on file with the council. Claims were

rdered paid amounting to \$626 23. The Clarke county fruitgrowers, at a recent meeting held in this city, appointed the following gentlemen to procure fundand samples of the best green and dried fruits for Clarke county's exhibit before the American Pomological Society in Portland, Or., about January 28, 1896; R. Keis, J. W. Fletcher, C. Knight, L. B. Clough, S. Scott, L. M. Hidden and

Mr. John C. Meldrum, ex-probate indee

terday. Mr. E. E. Miller, a mining man, Denver, is at the Esmond, accompanied by his wife.

Mr. E. V. Nevins, of La Grande, known all over the state as a republican campaign orator, is at the St. Charles. Mr. John Sliker, a prosperous farmer of Eagle Creek, Clackamas county, mong the visitors in Portland yesterday

Mr. A. W. Severance, of Tillamook county, is in the city. Two years ago he was calendar clerk of the senate, and at the coming session of the legislature he will amplye to the place of assistant chief clerk of the senate.

Mr. S. A. Durham, of Washington com ty, the father of the famous Durham bal-lot law, which was defeated in the last legislature, is in the city. He is a candidate for sergeant-at-arms of the house, his principal competitor being ex-Repre-sentative Ormsby, of Marion county.

Judge R. S. Anderson, of Baker City, the well-known republican politician of Eastern Oregon, arrived in Portland yesterday, evidently for the purpose of tak-ing a hand in the senatorial contest. He makes no claims as to being a candidate, but if there is a chance for a dark horse, the judge will be bridled for the fray.

Mr. Spencer Hartwig, of Covington, Ky., special agent of the interior department, engaged in the allotment of lands to Indians on the Warm Springs reservation, is in the city. He has completed his work and is now visiting friends in the state. He will return home in a few days, but he has become so pleased with Oregon that he may make it his permanent home, Mr. William J. Snodgrass, a farmer resident of La Grande, but now living in the realm of Queen Victoria, at Okanagon, was among the late arrivals in the city yesterday. Years ago he used to be called

"the merchant prince of Grand Ronde,"

but his peculiar forte is politics, Mr. Snoigrass must have smelt the senatorial contest from afar and hurried to Portland lust to keep his hand in.

Mr. Henry Wilbern, a prominent mer-chant of Clackamas county, living at Eagle Creek, is in Portland. The gentleman is one of the pioneer republicans of the state, and is in the city watching the progress of the senatorial campaign.

EAST SIDE AFFAIRS. Discovered a Lenk-Death of Dr. Lewis F. Ross.

Great difficulty has been experienced in keeping up the pressure on the mains of the East Side water plant, notwithstandng the assitance received from the Albina waterworks. Investigation of the cause recently led to the locating of some very bad leaks in the main on Division street, between East Twelfth and East Four teenth. The East Side plant has a sixas the Bull Run pipe. In putting down the latter, it was laid under the East Side main and then the earth filled in. The ground settled, and the small pipe has rulled. pulled apart, and thus letting out a great quantity of water. Inspector Gray was compelled to work on this pipe Wednesday night three or four hours in order to stop a very serious break. It is thought that before permanent repairs can be made, the pipe will have to be taken up and relaid from the four blocks

Death of Dr. L. F. Ross. News of the death of Dr. Lewis F. Ross, at Ogden, Utah, has just been received by his friends in Albina, where he resided a long time, and was greatly respected. Dr. Ross had been a sufferent from consumption for some time, and it was to that fatal disease that he suc-cumbed. He was \$5 years of age. A mother and three sisters mourn his loss, Dr. Ross was born in Canada, and reed his education at McGill's univer-Montreal, where he graudated in 1885. After a two years' trips through Germany and Austria, he settled in Albina, and accepted a chair in the medical de-partment of the Willamette university. An attack of influenza compelled him to seek a dryer climate, and he first went to Reno, Nev., and thence to Ogden, Utah, in 1893. At first he was considerably improved, but the disease had se-cured too firm a hold, and an acute at-tack caused his death. He was a member of the Masonic fraternity.

The Building Is Finished. The directors of the Patton Home As on are gratified that the annex to the building is now completed and ready for occupancy. Work has been in progress on this addition for several months, and the home will now have more than louble its former facilities for accommo iating the "old and friendless" who seek in asylum within its inviting and comfortable portals. It was Father Mathev Patton's desire, when he donated the ground for the institution, that it should be a home for the aged and homeless, and the association is endeavoring to ful fil his wishes literally,

Will Probably Resume Trips Cars of the Portland Consolidated Rall will probably resume trips to t of East Washington street in few days, making trips every 20 minutes etween the foot of East Washington and ast Burnside, and connecting with all the cars going to Woodlawn or Columbia river. The company will do this to save that portion of its franchise, and because there is demand for the service. For some time the company has had difficulty at the Columbia-river landing, and has been too busy fixing things there to put the

The week of prayer is being observed by the Trinity Methodist church on East Grant and East Tenth streets. Interest-

ing meetings are being held. Mr. J. M. Robinson, who left for the mines of Southern Oregon several weeks ago, has returned, satisfied with his ex-perience. While there he had the mis-fortune to get poisoned with poison cak, and his hand and face are badly affected. The big ferry was operated yesterday, but the East Side pontoon could not be repaired on account of the high water. The river went down slightly in the forcoon, but came up in the afternoon, and thus prevented the pontoon from being put in shape for vehicles. It looks quite like cld times along East Washington street since the free ferry commenced running, and the business men say they

A FEVER-STRICKEN SHIP The Comliebank Reaches Astoria With Eleven Sailors Down.

ASTORIA, Jan. 10.-The British four asted bark Comliebank, which arrived in yesterday from Acapulco, had il fever-stricken sailors on board. The Comlie-bank lay at Acapulco two months, and during that time, every one on board was affected to some extent with Panama fever. For three weeks all the officers ere in the hospital, and October 1, when were in the asspiral, and October I, when the vessel sailed, three officers and nine men were sick. During the past two months, the weather encountered by the Comilebank was unusually severe, and on account of being short-handed, she was compelled to run before the wind with here poles. About 35 north the most se-tere gales were encountered, and she was vere gales were encountered, and she was driven many miles out of her course. The log of the Comliebank shows that she has been within 500 miles of the Columbia river since December 5, but was unable to reach port, owing to adverse winds. Two vessels, the Dominion, for Port Townsend, and Yolo, from Portland for Queenstown, were spoken on the voyage, and, from the latter, Captain Smith ob-tained a supply of medicine, his supply having become exhausted. The 11 sick men were taken to St. Mary's hospital.

Short of Provisions. SAN FRANCISCO, Jan. 10.—The Brit-ish ship William Law, from Swanses, coal-laden, has reached this port. The trip was made in 130 days. Captain Ab-bott reports that on December 2 the Brit-ish bark Glendinorwig, from Rio de Janeiro to Portland, Or., was sighted. It was found that the Glendinorwig was short of provisions. Captain Abbott re-plenished their supplies and the two vessels parted company. The Glendinorwig is now out 163 days.

The City of Rio Floated. SAN FRANCISCO, Jan. 10.-A dispatch o the Merchants' Exchange from Lor don says that the Pacific Mail steamer City of Rio Janeiro, which went on the rocks on the Japanese coast about 100 miles from Nagasaki, Sunday inst, has been floated, and is now on her way to

"TAR AND TARTAR."

The Pyke opera company is making a big hit at Tacoma in "Tar and Tartar," in which they will open their return en gagement at Cordray's theater in this city next Monday night. This will be the first production of this charming opera in Portland, and the success it has met with everywhere else is sure to be re-peated here. It has all the elements of uneful music, rich costumes, clever bretto and humorous situations, and in the hands of such competent artists as Laura Millard, Louise Manfred, Al Leech, W. H. West, F. Gaillard and C. M. Pyke, it cannot halp but please. The libretto is by Harry Smith, and the music was com-posed by Adam Itzel, jr. The engagenent of the Pyke company is for one

That a three-story brick and 100 feet square centrally located in Portland is worth \$100,000; that one-half is mortgaged for \$55,000, and that we would sell it for \$7500, subject to the mortgage, don't you think the purchaser would get a bargain? Don't you know he would get a bargain? Don't you know he would get a bargain Suppose a man had money to invest and let this opportunity slip; don't you think there ought to be a guardian appointed for him? Is there not enough enterprise left in Portland to profit by this proposed sacrifice? Is there not one speck of marries before the contract of the profit of the contract of ow left in the financial backbone of Port land investors? Has effeminacy set in and spiritual decay taken control of enterprise and thrift and prosperity? As for us, we would rather fail 100,000 times trying to accomplish something or other than to feed and fatten upon the wrecks of the prais worthy efforts of others to build up and better the conditions around us. Let us discharge these financial undertakers and allow the dead to care for the dead, and evote our own energies to caring for the iving. Nothing will be gained by delay. One by one the bargains are being snapped up. The longer you wait, the less you money will be worth, and the same cau tion which causes you to have money for investment now will probably prevent you from taking advantage of the present un precedented low prices, possibly never to be seen again in the lifetime of any one living. This is the first block on the first street of the first city in the Northwest; it is paying good interest on the invest-ment, and it is the first bargain which should attract the first attention of investors.
