THE GRAIN MARKETS.

Prices Paid for Wheat at Home and

Abroad. The local wheat market was duli Saturday, and values were nominally the same as have been quoted for a week. For exput purposes Walla Walla is and worth over 4tc per bushel. Valley is quoted at 75/2771/2 per cental.

At Chlengo. CHICAGO, Peb. 16.-The usual heavy buying of wheat yesterday not having even sustained prices was the main reason why holders disprices was the main reason why holders de-pisyed a ready willingness to dispose of their property today. The half-holiday session had not one redeeming feature. From the start to the fitsh it was weak. Every commission house apparently had selling orders, and the bulk of them were of long stuff. The tailers on ye-terday's buying sold, and, in addition, some big lines went overboard. Prices suffered very ma-terially. The new was overfeathed. pressing, but the sentiment was certainly burpressing, but the sentiment was certainly bare of anything like encouragement. Liverpool cables were firm. Those from the continent were partially lower and partially higher, with some quotations unchanged. Becopits were 27 cars for Chicago and 312 in the Northwest. Exports from both coasts for the week were moderate at 2.572.000 bosiles. May wheat opened from 35% to 53%, declined to 52%, 52%, and closed at 5.5%, declined to 52%, 52%, and closed at 5.5%. 10%c, and closed at 52%c. We to it under yes terday. Receipts at principal Western points were 206,040; shipments, 40,440; receipts at Bastern points, 37,897; shipments, 183,825. Plour was easy owing to the action of wheat. Trading was light. There was a good demand for South American products to cover at better prices, which otherwise were unchanged. The weathers in the American financial situation indirectly affected the market.
