

TRIED TO BUY POISON

DETECTIVES MAKING CASE AGAINST ELLSWORTH.

The Chain Not Yet Complete—The Grand Jury Indicts the Prisoner.

Slowly the links in a chain of circumstantial evidence, showing that the death of Edith Ellsworth was due to poison, administered by her husband, Walter J. Ellsworth, are being woven.

Yesterday was the time set for the examination of Ellsworth in the municipal court, but no preliminary hearing took place.

The detectives have not yet discovered where Ellsworth procured the poison, but put hope to secure information which will complete the chain of evidence against him.

His demand for the poison denied, Ellsworth gave Mr. Hildge a furtive glance, turned on his heel, and walked out the store.

When Ellsworth was taken into custody and escorted to the central station, they became very uncommunicative.

The marital relations of Mr. and Mrs. Ellsworth were not entirely pleasant.

The story told by Ellsworth regarding his meeting with his wife and marriage, does not agree with that related by Mrs. Ellsworth to her friends here.

A "FENCE" LOCATED.

And Two Receivers of Stolen Goods Under Arrest.

The detectives' room at the central police station, last night, presented the appearance of a sump room for a general supply establishment.

For many weeks past complaint has been made almost daily of petty thieves, the victims generally being carpenters, who went to their shops in the morning only to find all their tools gone.

The visit to the Ankeny-street branch of the "fence" was a surprise party to Mrs. Burger, but she could only look on in stupid amazement.

A NEW CITY DOG LAW

OWNERS TO PAY LICENSE FOR FULL, NOT HALF, A YEAR.

Street Railway Franchise Amended—An Old East Portland Bill Paid.

The meeting of the common council yesterday was rather a tame affair, no business of importance being transacted.

Mr. Jones introduced an ordinance amending the ordinance providing for licensing dogs. It provides that no licenses shall be issued for less than one year.

TO AMEND A FRANCHISE. An ordinance was introduced to amend the ordinance granting a franchise to the Transcontinental Traction Railway Company.

NOVELTIES ARRIVING DAILY

MEIER & FRANK CO.

IT IS GOING TO COST

80,000 Dollars

To clear the land in our Tillson tract, near Salem, and get it ready for the people who are going to come and occupy it.

This vast amount of money is going to be paid out here for labor within the next year.

It means more than fifty thousand days' work.

If you want some of it and at the same time want to get possession and ownership of a piece of the best fruit land in the Willamette valley, come and see us or write for directions and go to see the land.

We put you in possession of the land all planted with trees of your own selection, and the ground cleared and harrowed ready to plant any crop among them.

When you can pull off your coat and go to work, we will sell the land at a fair price and pay fair wages to the men who are working on it.

You must have something to pay down on your contract, and then you get your wages every Saturday.

You can take a contract for clearing land or cutting timber.

Don't be afraid that there is not going to be money enough to clear all this land, for a large amount of money is coming in from the East every month, paid to the people who are coming there to live when we get the land ready for them.
