THE MORNING OREGONIAN, MONDAY, FEBRUARY 25, 1895.

CONVENTION OF THE CLACKAMAS COUNTY ASSOCIATION.

Twenty - Two Schools Were Represented in the Session in Oregon City by Fifty Delegates.

OREGON CITY, Feb. 3.-- The secretary of the Clackamas County School Associa-tion has just finished compliing the re-port of the fifth annual convention, which was held at Clackamas station last Thursday and Friday. Twenty-two schools were represented in the convention by 50 delegates, and there were accounts of 55 day schools in the county, as against

27 known at last year's convention. The 2 above at last year's convention. The officers chosen for the ensuing year are: President, C. Hoberg, of Oregon City; vice-president, Mrs. E. C. Eastman, of New Ers; secretary, B. M. Fisch, of Mil-watkle; treasurer, Mrs. J. K. Groom, of Gregon City.

The first session Thursday evening was chiefly occupied by an address by J. K. Groom on duties of Sunday school super-intendents, and the interesting discussion which it elicited, one of the speakers be ing the Rev. Mr. Winans, of the American Sunday school Union. Friday morning Mrs. Groom read a paper, in which she spoke favorably of the plan known as the loyal Sunday school army. Dr. Cowan, of Oregon City, discussed the question, "Is the International Lesson System the Best?" finally arriving at an affirmative conclusion. Mr. Gary, of Milwaukle, spoke about the use of maps, and G. W. Swope, of Oregon City, about the library and its

The Rev. Thomas Boyd, president of the Multnomah county association, gree ed the convention with an encourag attend the state convention to be held in Portland May 7, 8 and 9. Resolutions thanking the Clackamas people for their hospitality were adopted, and the last Sunday in November was suggested to be observed as a special temperance day. The address of Friday evening was de-livered by the Rev. C. Holdridge, of Portland. The appointment of district vice residents for the coming year was left o the president, and Milwaukie was mosen as the place for holding the convention of 1856

Yesterday Miss Clara Quinn, general delivery clerk at the postoffice, was dis-charged because of the attentions paid her by F. D. Bruce, an ex-convict. Today the couple left town, and this evening the parents of Miss Quinn received a telgram from Fortland saying they had seen married there. Mr. and Mrs. Quien iad long ago forbidden Bruce to visit their daughter.

J. P. Lowe's jewelry store was robbe 'The show-window glass was oroken, and three watches and two re-volvers taken. Three men had been seen around the place earlier in the day, whose ctions were suspicious. There is no clus o their present whereabouts.

Lee, the 2-year-old son of Dr. and Mrs. . I. Pickens, died last night of mem-ranous croup. The body of Mrs. Sarah Garvin's daughter, Annie, aged 5 years, was buried today, the funeral service being at the Catholic church.

Grand Master Bronnan, of Pendleton, preached in the A. O. U. W. hall this ming to a large audb

LITTLE BOYS AND GUNPOWDER. Very Painful Experience of Three

Youngsters at Jacksonville. JACKSONVILLE, Feb. 21.-Three little acksonville boys had a painful gun-

powder experience today. They were Louis Engledon, aged 5 years, and Victor and Bennie Plymale, aged 5 and 6, re spectively. The little Engledow boy ha a lot of agates and wanted to divide ther with the other boys. His mother gav him the box containing the agates an told him that there was some gunpowds in the box and directed him to pick out the agates and return her the box. A happy thought struck the boys, so they slipped out on the sidewalk and touched a match to the gunpowder. There was an explosion and three little boys are now without eyebrows, eyelashes and front hair. After three hours' of severe pain from their borus, the little lads are resting easily, and sustain no ecrious results from their experiment. They seem to be satisfied with their experiment, and will

not be likely ever make anat

ank was conferred on a number of meto ers. Afterward, lunch was served in the anquet hall.

Mr. Newman's Funeral at The Dalles THE DALLES, Feb. 34 -- The funeral of L. Newman occurred this afternoon fro-the family residence. A large number people attended the service and followed th remains to their last resting place in the Odd Fellows' cemetery. Rabbi Bloch, of Portland, officiated at the house, while the burial service was conducted by the Workmen, to which order Mr. Newman had long belonged. Many expressions of

regret are heard at the passing away of Mr. Newman, whose death leaves another vacancy in the fast diminishing number of pioneers of the town. A Musked Robber Foiled.

Lust Friday evening a masked man entered the saloon of H. L. Jacobsen, at Shohomish, and demanded the contents of the till, at the same time striking Mr. Jacobsen with a heavy maple club. The latter called instity for help, and the rob-ber field in time to escape those who at nce hastened to the rescue. Later in the evening, an Irishman, evidentily re-cently from Chicago, was arrested on charge of the assault. Jacobsen was badly cut over the left eye by the club.

Evidently a Case of Suleide.

SEATTLE, Feb. 24.-The body of Cone Mullen, who was released from the So diers' Home at Orting February 19, at his own request, was found in the bay here oday. There were no signs of violence Mullen was in jail twice here in 45 hour after arriving from Orting, first for in-toxication, and again to keep him from mmitting suicide. He is supposed " have relatives in San Francisco

A Minister's Unexpected Resignation. ROSEBURG, Or., Feb. 24-The Rev. R. B. Dilworth today announced his resigna-tion as pastor of the First Presbyterian church at this place. He assigned no rea-son for the unexpected action.

TWO SUFFOCATED.

Borrible Deaths of Convicts Worktug in a Mine.

BIRMINGHAM, Ala., Feb. 24.-A fire occurred in Rock slope of the Tennessee Coal, Iron & Rafiroad Company mines at Prait City this morning, which re-sulted in the death of John Patton and Louis Sievens, two miners, and more or less injury to 18 others. Twenty miners, all convicts, were in the slope near the directed the small of smoke. Soon after-ward an immenre volume of it came toward them from the engine-room, which was between the airshaft and the rage leading out of the mine. The engine ually contains no fire, but is used to mpcompressed air into the mines, hence he origin of the fire, which started in the ngine-room, is a mystery. Driven by moke, the men hurried to the airshaft, nd there huddled together to keep from suffocating. Meanwhile the smoke be-came thicker as the fire issuing from the ngine-room selzed seven trams and a lot of waste and burned furiously. Breathing became extremely difficult. Twenty-three mules in the mines also felt the smoke, and made night hideous with their cries. John Pation and Louis Stevens finally left the crowd at the alrehaft and tried to reach the cageshaft. They were after-ward found dead near the engine-room. One of the men had his head almost benton to a pulp, indicating that he had tried to kill himself rather than suffocate to death. Smoke seen issuing from the shaft brought help by way of the cage.

ad in three hours the fire was out, and

the 18 miners at the airshaft were brough ap in a more or less serious condition

the human target net. Haverly, who was

acting as assistant, had a steel plate over his beart. Rieckoff fired 20 shots at the

steel plate, "ringing the bell" 19 times

At the 20th shot Haverly sank to the floor crying, "My God, I am shot!" One of the

sullets had entered his stomach below

the plate. At the hospital it was said he could not live. Ricckoff was arrested.

from suffocation.

SALEM, Feb. 3.-Among the acts of the legislature's closing hours was the submission of the majority and minority reports on the stove-factory question

There was very little difference in the two reports, except that Senator Cogswell's minority report went into the subject ore fully. It was as follows: "The undersigned, a member of your ommittee, appointed under senate reso-ution No. 10, to consider and report upon

FOUNDRY QUESTION.

lature Majority and Minority Re-

ports Were Submitted.

the following extracts from the measure of Governor Lord-

" 'It is never wise for a state to buy a enterprise which prudent men are anxiou There is an impressio to get rid of. chase of the foundry plant and its oper-stion with convict labor has not been projuctive of profit or advantage to the ate. The idea is that 'an elephant' was loaded upon the state. I trust there is state. foundation for such impress that facts will disclose that the foundry has been successfully and profitably op-erated, furnishing regular employment for convicts, and making the penitentiary, in a great measure, a self-sustaining inst

totion. It is your duty to ascertain what is the true state of the case. * * ' -begs leave to submit the following re-

"The foundry at the penitentiary has een in operation during the past 20 onthe with satisfactory results, and after careful examination of the plant, stock, books and the methods employed by Superinterdent R. B. Fleming, who has been acting under the supervision of the governor, secretary of state and state treasurer, as a board of managers, I find that the institution has been well managed, and while it has not been made as

profitable as when operated under the contract system, on account of the gen-eral business depression, it has given employment to a large number of the con victs, and thus served the principal pur-pose for which it is maintained by the state. "The plant is in excellent condition and

is worth more than when the state pur-chased it, as there have been added thereto over \$7000 in new patterns, machinery and These additions and improvements ar

onsidered as more than offsetting any depreciation on account of wear during the 20 months of operation. "After a careful examination of the re-

port of the board of managers in con-nection with an investigation of the foundry plant, books, etc., I find that said report is correct with the exception of the method used in computing the 'value of manufactured goods on hand' in exhibit B, as the inventory of man ufactured goods on hand should be at the actual cost and not the computed selling

value. "The stock on hand at actual cost show as follows:

Stoves and ranges, 444,168 ibs., at 3 cents. Sets stove castings, 3988 ibs., at 3 \$13,5%5 0 419 64

619 S

cents Hollow ware, 28,138 lbs., &t 3 cents. Miscellaneous castings, 182,396 lbs., at 2 cents. 5,469.3 llaneous supplies..... Pig iron. Fuel, coke and wood

Cost of manufactured goods and stock on hand. The total sales amount to 42,005 8

The Appropriation Too Small. KNOXVILLE, Tenn., Feb. 34-A con

certed movement is now on foot by the officers of the National Guard of Tennes-see, whereby every officer in the state will, within the next few days, forward his resignation to Governor Turner and ask for an honorable discharge. The reason that the legislature last week, instea of making an appropriation to sustain the guard, appropriated only \$20,000 for the next two years and for no encampment.

LOSSES OF LIFE AT SEA Full Results of the Last Storm Not Vet Known.

PHILADELPHIA, Feb. 24.-The losses of life at sea this winter have been great-er than during any corresponding period within the recollection of the oldest ship-pingmen. The local underwriters cannot attempt at this time to figure out just what number of policies they will have to pay, as it is contended that the full and worst results of the recent storm have not yet come to light. It is a pitiable sight to stand at the entrance gate to the Maritime Exchange, as the doorkeepers are besieged by anxious wives and other relatives of seamen who went to sea previous to the great storm of the 7th inst., and have not yet been heard from. Rela-tives of Captain Oliver, of the schooner Emma Myers, which sailed from Charles-

ton 14 days ago and has not since bee: heard from, are almost prostrated with grief, for they believe the vessel has foundered and eight lives lost. January heard 29. the three-masted schooner Marooshen Captain F. S. Brown, manned by a crew of seven men, salled from this port, bound for Wiscasset, Me., but since then no tidings of her have been had, and it is thought likely she, too, met with the gale of the 7th inst., and foundered with all hands. Nothing has been heard from the chooner Governor Ames, which sailed from Salem early in the month for Phila-

delphia and Baltimore. She has a crew of nine men. The family of Capitain Dall-ing, of the Philadelphia schooner Dalling, which was passed at sea the 13th inst, abandoned, waterlogged and with masts gone, have not heard from him. Friends of the crew are becoming extremely anxious Many other vessels are missing and some have no doubt foundered in the

ame gale Man-of-War Lost at Sea

NEW ORLEANS, Feb. 21.-Anxiety is elt in regard to the Mexican man-of-war which sailed from Vera Cruz ibertad, February 15. Nothing has been heard of her since leaving port. She carried a crew of 50 men. Heavy north winds have been prevailing lately and it is thought she has foundered

After the Elbe's Matls.

LONDON, Feb. 24-The North German Lloyd Steamship Company has engaged nine divers to attempt to recover the mails from the foundered steamer Elbe. The vessel lies in water 120 feet deep, and two or three mail bags from her have been washed ashore on the English coast. The estimated value of the mail is \$90,000. Bosides wages, the company has allotted the sum of \$2500 for the recovery of valu-

ables in the steamer.

The Underwriters Must Settle SAN FRANCISCO, Feb. 24-Two hur

SAN FRANCISCO, Feb. 24.-Two hun-dred sacks of coffee were landed on the Paelfic Mail dock yesterday from the steamer City of Sydney, which was dam-aged by a leak. The whole consignment consists of 1550 sacks, and the underwrit-ers will be called upon to make good the damage, as it was caused through the straining of the ship in the heavy seas that have prevailed along the coast for that have prevailed along the coast for the past few weeks.

Cruelty Aboard the Kennelworth. SAN FRANCISCO, Feb. 24.-The bark-ntine S. N. Castle arrived from Honolulu oday, having on board two stowaways from the American ship Kennelworth, from which they deserted. The men tell a tale of fearful cruelty on board, the trew being continually beaten and maitreated by the officers.

OTHER ACCIDENTS. This Time Due to the Horses.

CHICAGO, Feb. 24.-Ten persons had a arrow escape from death at the Sixty-hird-street railway crossing. A street-ar, belonging to the Chicago Lawn Street Railway Company, was struck and de-nolished at the crossing by a Calumet terminal freight train, which was running at a rate of 10 miles an hour. Three per-sons were severely injured, while every ne in the car received minor bruises and cuts. Those most severely injured are Henry Burtscher, Charles Kelly and Al-fred Cond, the driver of the car. The

last named's injuries may prove fatal. The accident was caused by the streetcar horses becoming frightened and dragring the car across the tracks in front of he train.

There Was a Leak in the Meter. OAKLAND, Cal., Feb. 24-The Galinde otel barroom was wrecked by a gas ex-losion early this morning. Joseph A. ouquet, the proprietor, went to the saioon at 7 o'clock. Entering an anteroom, which was heavily curtained, he struck a match. Instantly there was a terrific explonion. Houquet was hurled out through the doorway, and on all sides of him there was a shower of glass from the broken windows. Miraculously, Bouquet was not seriounly injured. The bar and fixing were badly shattered. A leak in the gas meter had filled the room with gas during the night. The sound of the explosion was tremendous, causing a panic among the hotel guests.

Chicago Cable-Car Collision.

CHICAGO, Feb. 24.-A collision on the Halstead-street line today caused a great deal of excitement and resulted in three women being badly bruised. The gri had become entangled in a broken strand, making it impossible to stop the train. which crashed into one ahead of it. Many passengers escaped by jumping, while a number were thrown to the floor of the car by the collision. The injured are: Mrs. Ellen Cronin, Miss Margaret Cronin and Miss Ida Martin.

They Were Going to Church.

LINDEN, Ohio, Feb. 24.-This mornin westbound freight ran into a doub team containing a party of young people on their way to church, killing two and probably fatally injuring two others of the party. The dead are: Miss Allis Hunt aged 15, and Miss Bessle Hunt, aged 15. The injured are: Miss Margaret Hess, aged 17, badly hurt internally; Miss Louise Camp, aged 19, leg and arm broken.

OUTSIDE HELP NEEDED.

Results of an Inquiry Among the Miners of Ohio.

CINCINNATI, Feb. 34-The committee Allison vestigating, under the direction of Gov-nor McKinley, for the unemployed in the Hocking valley and other Ohio coal repions, will report to the governor this good, will report to the governor this week, and also to the commercial bodies that its members represent in different cities. The committee found much suf-foring and destitution existing and has oncluded that outside relief is absolutely

the ensurement of the mines open and enable the miners to become self-supporting. The Cincinnati chamber of commerce will re-sume its efforts for relief. At Buckingham

the miners during the last year have had % days' work. The mines shut down inst September and have not run since.

he plant than should have been naid am not sufficiently advised to give an

'If such was the case, the fault lies with the law which compels the governor, sec retary of state and state treasurer to pur chase this identical plant, and as the had no discretion in the matter, but were obliged to make the purchase whether it was offered for a reasonable price or not, the wonder is that the owners did no

compel them to pay the entire sum of \$5,009, which was appropriated." Owing to the confusion of the closing

hours of the joint assembly, the account of the last ballot was not strictly ac-curate. At the time the ballot was completed Dolph had received 20 votes and McBride 42. The first one to change his vote then was Representative Smith of Polk, then Templeton, then Bridges This made McBride 45, the number necessary to a choice. Several members then clamoring for recognition and asking that their votes be changed, Paxton jumped upon his desk and moved that the votes of all the republican members be counted for McBride. This motion was carried. and President Simon so ordered it. The error in yeaterday's report consisted in the list of members who declined to change to McBride and does those mem-

bers an injustice. All changed as soor as an opportunity was afforded. THE TENNESSEE CONTEST.

Taking of Evidence by Subcommittees to Commence Today.

NASHVILLE, Feb. 24.-The commission to investigate into the gubernatorial con-test has finished its examination of the counties objected to by Mr. Evans and Mr. Turney, and has stricken out many counties and civil districts from the in-vestigation. Rules have also been adopted defining the relevance of testimony to be taken and the issues upon which the evi

dence has been taken have been fixed. The commission, divided into four sub-committees, will begin taking evidence tomorrow. There is one in the west, one in the middle and two in East Tennessee. They have 40 days each to complete the uvestigation

IN OTHER LEGISLATURES.

Choice of Kansas' Legislature. TOPEKA, Kan., Feb. 24 .- A vote of the

republican members of the Kansaa legia-lature yesterday on presidential prefer-ences shows McKinley to be far in the lead, with Reed second choice. Ninetyneven of the 105 were seen, and this is low they stand;

1 Morton

John Sherman 1 No choice "It was admitted by a large number of the McKinley men." says the paper, "that the Reed sentiment in Kansas was growing, and one or two went so far as to predict that when the time came to se-ect a delegation from this state it would he nip and tuck between two candidates.

To Prepare for Statehood. GUTHRIE, O. T., Feb. 24.-The repub-lican mombers of the legislature are in the majority in both houses, and after a long caucus last night agreed that next week they would push through a bill with a deadly weapon

not go any further than Jacksonville with his company. The thing had been a fail-are from the start, and he was tired of Editorial Comment Upon the New York Sun's Attack Upon Mr. Noyes. being "old hog." He had lost about 2000 already, he said. The play did not take, and he realized that his company was not composed of actors. Hence, it is be-lieved here that Sullivan's drunk, though

NEW YORK, Feb. 24 .- The Brooklyn Eagle says: The New York Sun of Fri-day contained an editorial article on the Associated Press. It vigcorously praised the United Press. The Associated Press loes not belong to the Sun. Its zeal for

genuine, was merely a ruse to shake the crowd he had with him. Sullivan said its own organization is natural. Its sor-row or anger, or both, at what it regards as the bankruptcy and mismanagement, that he intended, as soon as his engage-ment was completed, to go to the North-ern part of Africa, where he would spend the misfortunes and the sins of the rival tome time getting his system in shane organization, may perhaps be due to genu-ine benevolence and honest sympathy. The Eagle has belonged to the United Press and belongs now to the Associated and, he intimated, training for his nex battle

Press. There was an old Quaker who, or his deathbed, said: "My son, honesty is the best policy. I know, because I have tried both."

The Eagle has tried both associations

the famous rifle shot, in reply to the chal-lenge of John Loris, the English cham-pion rifle and revolver shot, who offered It likes the Associated Press better than it did the United Press. With other mem-bers of the Associated Press, the Eagle is satisfied with the management of its to shoot with rifle and revolver against Carver for \$1000 and the championship of lirectors and its business conditions. The

world, says: Eagle was not satisfied with the experi-ence with the United Press, and withdrew from it. The declarations in the Sun have "I am not an expert with the revolver nor a trick rifle shot, but if Loris wants to arrange a match to shoot at objects with the rifle I will arrange a match to shoot at 1990 or 2000 glass balls, or blocks attracted the attention of F. B. Noves, of the Washington Star, since some of the lirectly dealt with him. He anno is his of wood or coal, for \$1500 or \$1500 a side intention at once to force a judicial test of the Sun's accusations against him on and I will agree to shoot the match in England if Loris will allow expenses." There is every probability of a match the line and in the light of the actual facts in the case. The Eagle's experience with Mr. Noyes has been such as to indi-cate that he is a thoroughly honest dieing consummated, as Loris is eager for s. contest.

friendly man.

BALTIMORE, Feb. 24 .- The American ays: While professing to advocate the laims of the United Press, to which it be-ongs, the New York Sun went out of its avs: way to make a most undignified and

wicked assault upon the personal charac-ter of F. B. Noyes, the energetic, capa-ble and popular manager of the Washing-ton Evening Star. The Associated Press, of which Mr. Noyes is a director, and which also furnishes the telegraphic news to the readers of the American, has so completely distanced its opposition that

the Sun, which is the most prominent member of that opposition, has grown frantis and its editor has forgotten his dignity. He is bolting against the air, however, in his rage, and made a colossal

mistake in choosing for his target a man who stands so high in the newspaper fra-ternity and in the esteem of the commu-nity in which he lives. A man of sterling integrity, as well as of unusual ability, Mr. Noves has no occasion to institute proceedings against the Sun to vindicate his character. The suit which he declares it is his purpose to bring, however, may have the effect of deterring the Sun from a repetition of its reckless utterances.

Soreness Stiffness Swellings

Painful inflamed parts tender to the touch, rigid joints and muscles, wounds and diseases which cause the fiesh to rise, burns, bruises, cuts, chaps, cracks, chilblains, deafness, pim ples, stings, scalds, strains, sprains, aches, pains or lameness anywhere, are soothed and quickly relieved by this wonderful Amodyne. It is the best remedy in the world for asthum, brouchitis, bleeding lungs, colds, coughs, catarrh, colic, croup, chills, cramps, cholera morbus, cholera infantum, chronic diarrhea, hoarseness, headache, hearthurn, whooping cough, influenza, irritations, inflummations, toothache, tonsilitis, la grippe, sore throat, sore lips and chest, bowels or kidney pains. It is marvellous how many different complaints and diseases it will cure. All who use it are amared at its power and are loud in its praise ever after.

Johnson's ORIGINATED ANODYNELINIMENT

Over So years the demand for it has steadily increased. It was devised in 1810 by an old fashioned, noble hearted Family Physician. It has stood on its own intrinsic merit, while generation after generation has used it with entire satisfaction and transmitted the know-ledge of its worth to their clafidren as a valuable inheritance. It is used and recommended by surgeons and physicians everywhere. It is the best, the oldest, the original. It is unlike any other. It is superior to any other. Be not afraid to trust what time has endorsed. All athletes use and endorse it. Every Mother should have it in the house, dropped on sugar suffering children love to take it. It is the great vital and muscle nervine. Its electric mergy everlastingly eradicates inflammation.

I have used your Anodyne Liniment during the past few years for removing stiffness of the muscles after long rides and have never found anything so effective. I have also used it very successfully for muscular theumatism. J. J. Fuctrr. President Roxbury Ricycle Club. Well known Century Rider.
