SOUR TALK ON SUGAR
The Senate Discussed the Bounty Appropriations
AND FINALLY CONCLUDED TO PAY
Gorman and Berry Have a Brief Tilt Over the Special Agents for Forest Preservation.

WASHINGTON, Feb. 26.—A financial discussion was imminent when the senate met today. The rapid work done at the session last night had cleared away most of the formal matter preceding the important provision for issuing \$100,000,000 worth of certificates of indebtedness to relieve the treasury deficiency. The resolution concerning the Mexican free zone, with provisions to include the entire length of the zone, was agreed to.

WASHINGTON, Feb. 26.—There was great rejoicing among the friends of the Helm bill today when it was passed by a vote of 61 yeas to 5 nays, it passed the house. The bill had been made the special order for today, and was taken up soon after the house convened this morning, and from 10 o'clock until 4 it was under consideration. There was little eloquence displayed, the day being spent in a wrangle over various clauses, and was exceedingly dry and uninteresting in consequence, except for parties working for or against it. The amended bill is little like it was originally, it being found necessary to amend it in many places.

WASHINGTON, Feb. 26.—The legislative committee on corporations, appointed to look into the charges brought against Superior Judge Langhorne by ex-Judge E. F. Hunter, finished its examination of witnesses here late last night, having examined 28 witnesses in one day. The committee has been very searching and conscientious in its work, and all of the city's dirty linen has been aired. The members left for Olympia, to be on hand to vote on the Helm railroad bill, after which they will resume the examination of witnesses in Chehalis. They expect to be able to make a report by the end of the week.

WASHINGTON, Feb. 26.—The telegraph rate reduction bill was discussed before the senate committee on corporations other than municipal tonight. Colonel Lamb, of San Francisco, making a long argument against the bill, contending that it would be a great injury to the country if it became a law. The bill will be considered further before a report is made.

WASHINGTON, Feb. 26.—Speaking of the decree just issued by the French government prohibiting the importation of American cattle, Nelson Morris, a well-known packer, said tonight, "The loss of the worth of cattle and produce to France alone last year, and this great trade is absolutely destroyed by the order of the French government. I know this was coming, and with the exception of two or three boat loads, not any cattle or any product has been sent to France in the last 15 days. The effect of the German and the British embargo has been to reduce the price of cattle of the classes shipped to these countries by 30 a head, and this French edict will even more unjustly affect the stock market."

ALMOST MOBBED HIM
Savannah Trembled on the Verge of Religious Riots.
LECTURER SLATTERY THE CAUSE
Only Kept From Doing Him Violence by Fixed Bayonets and Loaded Rifles in the Militia's Hands.

SAVANNAH, Ga., Feb. 26.—This has been the most exciting night in the history of Savannah since the city has trembled on the verge of religious riots. The entire white military force of the city, except the artillery has been on duty. There are 10 infantry companies, 10 Georgia Hussars, the latter being dismounted. A mob, estimated at from 300 to 500, the greater part being Catholics, has challenged their forbearance and extreme. But for the coolness of Mayor Meyers and the officers commanding the troops, blood might have been shed. Bayonet charges were made several times to the front of the militia, and the mob gathered about Masonic temple, one of the prominent buildings of the city, and situated in the heart of Savannah, stubbornly refused to retire.
