RAH FOR MULTNOMAH

THE ATRLETES WIN THE BOWLING TOURNAMENT.

Arlingtons Defented by a Score of 73 -The Totals and Finals-A Close Game.

The final eight games of the Arlington-Multnomah bowling tournament were bowled on the Arlington alleys last even-ing, and the Multnemahs were declared champions by a narrow margin of 72 points to their credit. It was by all odds points to their credit. It was by all odds the most enthusiastic meeting of the tournament, and the crowd that witnessed the play was the largest. The Arlingtons bowled by far the better game, and it was only the Multnomahs' 110 points holdover from the last evening's play that saved them from defeat. Their victory was none the less appreciated, however, for it would have been impossible for them to have celebrated it more ble for them to have celebrated it more

the for them to have celebrated it more enthusiastically, at least so far as outward appearances were concerned. The throng that crowded and pushed around the bowlers was made up of a about equal numbers of Multnomah and Arlington admirers, and the opposing factions seemed bent upon testing each other's lung power. Every time a Multnomah vell was beard an attempt was nomah yell was heard, an attempt was made to drown it out by the Arlingtons, and so it was when the latter took the initiative. Players were taunted and "joshed" on one hand and encouraged and praised on the other. But it was a jolly crowd, and even in the most trying moments the best of good feeling pre-valled. The Arlingtons took their defeat gracefully, promising a different outcome

at the next meeting.

In the opening game of the evening the Arlingtons scored a lead of 50 points, and things did not loom up so cheerfully for Multnomah followers. But in the very next game the athletes regained 40 points. After that the bowling became steadier, and no more excessive gains were made. The Multnomahs only succeeded in winat the next meeting. The Multnomahs only succeeded in winning one more game, by the narrow margin of 13 points, but they held their opponents down, and that was all they could ask. As the tournament drew toward its close, and the Multnomahs still retained a big lead, their spirits and those of their followers arose accordingly, and they cheered and fairly screamed with delicht wall they could cheer and with delight until they could cheer and scream no more, and it was a husky cheer that echoed the announcement of the final score,

The total score for the evening was: Multnomah, 1651; Arlington, 1688 — giving the Arlingtons a gain of 37 points on the nights play. As the Multnomahs had a lead of 110 points previously, it left them victors by just 72 points. The total score for the tournament was: Multnomah, 6520; Arlington, 6577. In the tournament of 1894 the Arlingtons won by 92 points, but the total scores were not nearly so high. Following is the score for last

OARSMEN WIDE AWAKE.

Enthusiastic Meeting of the William-

ette Rowing Club. There was a large attendance at a special meeting of the Willamette Rowing Club last evening, and plans for the com-ing season were discussed with enthusi-asm. President Milner was in the chair. The club has plenty of good material for senior and junior four-oar crews, and the sentiment expressed last evening was in favor of getting the men down to work

at the earliest possible moment.

A letter was read from Quackenbush, the famous single skuller, who is now at Whatcom, Wash. requesting that the shell be sent to him at an early date. He says that he has kept himself in excellent trim all winter, and is now ready to get ab the oars again. He desires to row under Willamette colors again, and thinks he can make a better showing than he did at the Seattle regatta last summer. The shell will be forwarded to Mr. Quackenbush in charge of the delegates who attend the annual meeting of the associa-tion, at Victoria, next month. Messrs. Braden, Mendenhall, Robb, Davies and Eubanks were appointed a committee on nomination, with instructions to select from the club's roster the names of 15 members in good standing, from whom the board of directors will be elected at the annual meeting of the club, next Wednesday. At the annual meeting a captain and lieutenants will be elected for the ap-proaching season, and delegates will be named to look after the club's interests in the association.

The club has a large number of active members, and all are enthusiastically in favor of making the season of 1895 one long to be remembered
