The Oregonian TELEPHONES.

PORTLAND, THURSDAY, FEB. 28.

CITY NEWS IN BRIEF Parties desiring offices in The Oregon-ian building, may inquire of Fortland Trust Company of Oregon, No. 12 First street, or the superintendent in the build-

BETTERING THE FIRE SERVICE. - The board of fire commissioners have author-ized a number of changes in the location of the apparatus of the department, and Chief Buchtel is very busy having them carried out. The bose wagons at Ablina and Holladay's addition are to be filled with two Babcock extinguishers, and also with two extension hadders, which will ordinance, and that such an ordinance will be passed. He is not ashamed of the record of the city administration. There has not been money squandered and there is not going to be. He says he is going to give the city an economical administra-tion, as he promised, and the council is in render them much more efficient. The ladders are after a design invented by Foreman Holden, of hose 5, and Chief Buchtel says they are the best ladders he has ever seen. They can be extended to II feet, and the splice is the strongest part of them. They can be added to in-definitely. Truck No. 4 will in a few days be moved from East Portland into the new house in Holladay's addition, and three horses will be placed on it. This is in the line adopted by the board of moving apparatus to high ground, so that running to fires will be down hill as much as possible. There has been some complaint about this move among residents in the vicinity of the present house, but it is considered that, with the hore cart in the new house, it will afford them better protection than it does now. On occasion of alarms. No. 1 truck will hereafter cross to the east end of Morrison-street bridge and await orders there. No. 2 truck will cross Madison-street bridge to East Fifth street. These changes will give the East Side better protection than it has ever had before. No. 2 chemical, at Holladay's addition, and No. 4 will, in case of alarms, go north to Albina or south to Morrison street, which will also tend to better the protection of East Side

orders are being sent to Salem for cer-tified copies of bills passed by the late tined copies of bills passed by the late legislature. Everybody knows how the bill he was interested in looked when it was presented, but some of them were so amended that their fathers did not know them after they had been squeezed through the mill. The doctors have ordered a copy of the bill regulating the present of sure of the second secon practice of surgery. It has been rumored that at the last minute it was amended so that there is only one homeopath on the examining board, instead of two, and the homeopaths wish to know if this is so. The old bridge commission has or-dered a copy of the new bridge bill, as the members want to know if they have been legislated out of office, and, if so, why and how, and when they were let go. Other parties have ordered a copy of the same bill, and wish to find out how the legislature can submit the vehicle-toll proposition to a vote of taxpayers. Sheriff Sears, it is understood, broke away from Senator McGinn to fly to Salem and procure a certified copy of the law re-ducing his emoluments. There was some kind of a game law passed, and sportsmen, as well as marketmen, are auxious to find out what it is, and how it affects their interests. Lots of others are after other bills.

A MIBUNDERSTANDING AVERTED .- An in cident occurred in the barroom of the Portland yesterday, which has afforded considerable amusement to the friends of the interested parties. A prominent politician and member of the late legisla ture, and a friend, a member of a popular church, met on the sidewalk of Sixth street, in front of the Portland. Both were seeking liquid refreshments, but neither liked to ask the other to join. The church member had a sore throat and he had been told to take some run and gum. The legislator just wanted his usual fill. He was afraid to ask his friend to drink because he belonged to the church, and the friend did not like to ask the legislator to drink for fear of creating the impression that he was a tippler. After passing the time of day, and all that sort of thing, they separated. One dodget around the corner and through the Morrison-street entrance to the hotel bar, the other went in the front way, and they arrived at the bar together. They "I'll shake you for the drinks." Explanations followed, and in future they will not be so shy of each other.

THE ISONING CURED HIM. - Theodore Love, an apprentice of the British ship Chillingsford, from Glasgow, was arrested yesterday by Deputy Sheriff C. A. Wheeler as insane. The captain of the ship has had Love in irons for the past two days, and released him only on the arrival or Deputy Wheeler. Young Love thereupon signified his intention of thrashing the master on the spot, with the whole crowd on board included, if necessary. It is reported that Love is demented over a frail female employed in a variety show on Third street, near Pine. He was seen in the county jail, and appears just as rational as anybody. He is nearly attired in a blug uniform, with cap to match. He answers all questions put to him civily and intelligently. The ironing by the captain appears to have completely cured

THE PERRY NEARLY READY.-The Van couver ferry-boat, which was sunk at the head of Shaw's island a short time since, has had the hole in her side repaired, and has, besides, had her ma-chinery thoroughly overhauled, and has been repainted, and is now ready for business. She will probably be put on the route again tomorrow. Persons who have occasion to cross the Columbia with teams will be glad to know that she is running aguin, for, although the boat employed in her place has carried teams and wagons where possible, it has been considerable trouble to unhitch teams and get wagons on and off the bow of an ordinary steamer

COMMISSION ORGANIZES, -Messrs, Solo named as citizens of Portland to compothe committee in the bill which passed the legislature providing for the purchase of the Morrison-street bridge and Stark-street ferry, met yesterday and organized. The members took their oaths of office, and flied them with City Auditor Gambell, after which they held their first official meeting at the office of J. V. Beach. Mr. after which the office of J. V. Beach. Mr. Hirsch was chosen president, and Mr. Beach selected to act as clerk of the committee. No other business of importance was transacted, and the committee will the Bad Lands of Dakota are changed in their character, arriving in New York hallbut, or sea bass, just as the market of the committee will be the committee will be a committee willike will be a committee will be a committee will be a committee w

THE CENTURY WAR BOOKS.—The Oregorian now has a nice supply of these
books, bound in full cloth, for sale at the
small price of St. If they are to be mailed

it a greater value than the red-fleshed small price of St. If they are to be malled to you, add 50 cents for postage. This salme history of the war, when sold in book form by the Century Company, sold for £20. When this supply is exhausted, it will undoubtedly be the last epportunity to get them through The Oregonian. We also have a few of Napoleon bound in cloth, for sale at £150, also £0 cents to be readed for postage. added for postage.

GAPP WILL HE AT LIBERTY.-It is understood that Dr. J. V. Gaff will be released on benis today. He expected to be out yesterday, and bondsmen presented them-selves, but the court was not in readiness to examine the matter, so it went over, and will doubtless come up again this

A New Section of the endowment rank. of P., has been organized in this city, th headquarters #2 Marquam building. with headquarters 40 Marquam building.

Knights destring to take out insurance wharf. His weight threw the officer flat, but he held on with a death grip, and, but he held on with a death grip, and, summoning all his strength, pulled him

PLANT NOW.—Roses, carnations, pansies. to a place of safety. The man had been rices very low at Burkhardt Bros.' Prices very low at Burkhardt Bros.'

NOT TOO LATE TO SAVE MONEY.-The Various city officials, whose salaries have been secured to them by the failure of the charter bill to pass the legislature, feel very well satisfied with the situation of Run Water to Be Turned Friday or Saturday. affairs, and are now ready to do sil in their power to run things economically. Mayor Frank is of the opinion that, bar-ring the saving which would have been

ffected by the cutting of salaries and the ombining of the offices of street commis-

oner and city surveyor, the council can fect as much reduction of expenses as rould have been secured by the passage

of the charter bill. He thinks that the

reyor would have been offset by the creation of the office of city en-gineer, with the necessary assist-ants. He says the saving to have been effected by having the cost of laying

out streets and sewers made a charge to the property-owners interested, instead of to the city, can be accomplished by an ordinance, and that such an ordinance

To HELP PRUIT INTERESTS .- The govern or has signed the bill amending the old act creating the state board of horticul-

ture. The new law confers more power on the members of the board, making them quarantine officers, with power to quarantine any trees or fruit imported into

this state. There are three commissioners

to be appointed, and, as soon as this is done, the board will get to work. The board had no quarantine power before.

It now has power to declare old worth-less trees which are damaging other trees or orchards a nuisance; and, if they are

not taken care of, to call the attention of

the county court to the matter. The board

board consists of five commissioners, of whom three are now to be appointed by the governor and secretary of state for

at different points on that line. He will

Seventeen children have been placed out

during this month, exclusive of the three he takes with him this morning. Expe-rience has taught caution in the manner

of placing children, and, no matter how good the references might be, the super-intendent takes them personally or by his deputy, and will in future pay much at-

tention to visiting them after they have been so pinced. One little 8-year-old girl was removed from a home the society deemed unfit for her in Pendleton on Sat-

urday, and returned to the society's home.

MILD WEATHER EAST OF MOUNTAINS .-

The weather has been as mild and spring-like in Eastern Oregon as in this sec-tion, and the snow on the Rockies has

begun to melt and the Snake river is ris-

ing. The water is already so high that the force employed by Captain Symons,

United States engineers, in improving the

navigation of the Snake between Hunt-ington and the Seven Devils country, by blasting rocks out of the channel, has

Every one will be pleased to know that the Snake is running off so early in the sea-

son, as this lessens the probability of high

the second, fourth and fifth districts.

tion, as he promised, and the cou unison with him in this matter.

The people on the East Side may expecto have Bull Run water to drink by Sat urday. As the legislature has directed that the East Side plant be turned over to the water committee, the common coun-cil have coincided with the notion of Mayor Frank, that it might as well be turned over first as last. The council would have been better pleased if the leg-islature had directed that the water comnittee assume all the water bonds of the ld city of East Portland, but as it did not, the situation will be accepted.
Mayor Frank will turn over the plant
March 1, and the council will make a
formal transfer at the next meeting.

March 6. An inventory of the property, preparatory to the transfer, is about comeffort to get the steel 24-inch pipe from reservoir No. 2 connected with the East Side 14-inch main at Twelfth and Division streets. The pipe has been laid to within three fect of the main for some time, and the connection is ready to be put in, but it is necessary to lower the main some 18 inches in order to bring the two pipes on a level, and this will take a little time. He hopes to have everything in readiness to turn on the water on March 1, or by March 2, at latest; so the East Side peo-ple may look out for Bull Run water in their faucets about that time. They will find it the best they ever tasted. Ice men now look forward to a diminished demand for ice this summer, and feel, with the filter men and mineral water manufacturers, that the introduction of Bull Run

water is not altogether an unmitigat The East Portland W. C. T. U. will present to the board of school directors a long petition asking that the law regarding instructions in the evils of the use of narcotics be enforced. Mrs. Sarah has not authority, as some suppose, to go out and order immediate destruction of old orchards wherever it pleases. The Kern, state superintendent of the W. C.
T. U., stated yesterday the object of the petition is to have the school board have

A Colored Shipmaster. missioners, of the teachers in the school give instruc-tions as required by law. "In the schools of Portland," said Mrs. Kern, "the only instructions received along this line are in the high school. In other portions of the perintendent Gardner leaves this morn-ing with three girls on the West Side road to place them in homes situated state regular instructions are given in the classroom, and we want the same thing done in the Portland schools. It is certainly needed very much. Mere chil-dren on the East Side are frequently seen also visit children scattered in different parts of Washington and Yambill coun-ties, and will not return before Saturday. hewing tobacco or smoking a pipe." cigarette bill, Mrs. Kern states, was not passed by the legislature, not because there was any opposition to it, but be-cause it was crowded out by other mat-

The Piano War Ended. The war over the condition of the plano in the Smith hall, among the secret or-ganizations meeting in the hall, has been amicably adjusted. It is established that the instrument was not tampered with for the purpose of breaking up the enter-tainment of Fidelity lodge No. 14, A. O. U. W., last Thursday, as has been re-peatedly charged against Winona tribe of Red Men. It arose from the fact that an examination of the instrument was made during the forenoon of Thursday by a tuner, and found to be in a bad co dition. No attempt was made to put in condition that day, and in the evenir the performers on the programme cot not use it at all. There was great indig nation over the "interference" with programme, but it has been shown ciano was not tampered with by any one, and was simply out of tune.

P. G. Eastwick, who has had charge of the party, is laying up the drill, scows, etc., and operations will not be resumed until after the flood in the river is over. Lateurelle Falls School. The Latourelle Falls school closed last week with appropriate exercises, which were attended by a large number of the patrons and friends of the school. The examination papers showed that a high standard of work had been maintained in the school. Mrs. L. Allard is the teacher. The highest grades made in the classes were: "A," advanced, Mrs. Clara Young, 38; Miss Edna Smith, 95; Miss Elia Cole, 16; Charles Latourelle, 39; "A," intermediate, Eva Latourelle, 38; Charles Smith, 36; Robert Cox, 90; "B," intermediate, Mabel Cummings, 36; Alvin Hurst, 169; Fredda Hoover, 95; Blanche Quilae, 26; Guy Smith, 39; Rosa Carpenter, 35; Alie Sawyer, 35; Jessie Sawyer, 55; Claude Carpenter, 36; "A," primary, Alfred Hurst, patrons and friends of the school. pussed the legislature providing for the purchase of the Morrison-street bridge and Stark-street ferry, met yesterday and organized. The members took their oaths of office, and filed them with City Auditor Gambell, after which they held their first official meeting at the office of J. V. and Mr. Beach selected to act as cierk of the committee. LA LIBERTAD SAFE.

At Anchor Off the Mouth of the Mis-NEW ORLEANS, Feb. M.—The Mexican warship La Libertad, which yesterday was given up as lost by the local Mexican consul, is at the present moment safely anchored about 20 miles below the passes. Second Engineer Joseph E. Penedo and Quartermaster Bernado Lopez, arrived in the city at noon and explained arrived in the city at noon and explained that La Libertad left Vera Cruz about a month ago to participate in the carni-val festivities. The voyage generally is made in three days, but continual gales and rough weather tossed the vessel for many days, until, when about 40 miles from the bar, the ship's coal gave out, February 23. The suils had been lost during previous storms, and Captain Pedro

H. Saiva, seeing his ship at the mercy of the elements, with no means of reach-ing the passes, detailed Penedo, Lopes and four sailors to attempt to reach land in an open boat. Finally, three days after leaving the ship, they reached the main pass. Then Penedo and Lopez made their way to the city. Outside of the partial loss of sails and the giving out of the coal supply, no other calamity was re-ported. A supply of coal will be obtained here by the Mexican consul and sent down to La Libertad at once, Movements of Ocean Vessels.

We have completed our inventory and closed our books for 15%. We wish to thank our friends for their kind patronage, and take pride in stating that our trade, since removing to our new store, corner Third and Oak streets, has been far ahead of our most sanguine expectations. It proves that the public appreciates honest values and fair dealing. Our aim has been and will be to give good, reliable clothing at reasonable prices. We are making at our mill in Albany lines of neat, desirable patterns in cheviots, cassimeres and tweeds for spring and summer trade. We have also placed our advance orders for the latest effects in imported fabrics. These, as well as our own make of goods, will be made in regular, short and stout, leng and silm, and extra sizes, enabling us to fit any one. Our country-order trade by samples has increased so that we were obliged to open a separate department for same, and we send samples and cuta of all lines, with plain rules for measurement, free to any address. This coming season we intend to devote more attention to our boys' and children's department, and shall carry full lines of novelties and staples. Our uniform department has been a great success. We equipped the Oregon National Guardy Portland military band, Oregon Soldiers' Home, American District Telegraph Company, reform school, United States lifesaving service and many others. We are prepared to submit bids for uniforms for any organization, as our electric factory is complete in every respect. We employ white labor at both factory and mill, and the money paid us for clothing remains on the coast.

To make room for our spring stock, we have decided to allow a discount of 18 per cent on every article in our stock, including four lines of Stein-Bloch Co.'s blue and black extra-long kensey overcoats, which were delayed in transit. As our prices were reasonable before the cut, an extraordinary opportunity is offered for a short time. For the same reason we offer in our custom-tailoring department to make suits to order in cheviots

ABOUT CLOTHING?

our clothing, too. Well they may be, for there is nothing in Portland better worth talking about. To have the weather suit you, you must be suited for it from our Two points about our clothing stand out blazingly visible, like Mount Hood-the style and value. There's no mis-taking the fashionableness of our suits any more than there is the economy of buying a good article at our figures. In buying a suit get something that won't need to be duplicated to get you through the season without looking seedy.

for Infants and Children.

"CASTORIA is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. ARCHER, M. D., tion, 111 So. Oxford St., Brooklyn, N. Y.

"The use of 'CASTORIA' is so universal and its meets so well known that it seems a work of supererogation to inderse it. Few are the in-telligent families who do not keep Cautoria

within easy reach."

CARLOS MARTYN, D. D., New York City.

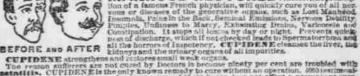

Late Pastor Bloomingdale Reformed Church.

Sour Stomach, Diorrhoen, Eructation, Kills worms, gives sleep and promotes diges-Without injurious medication.

WFor several years I have recommended your CASTORIA, and shall always continue to do so, as it has invariably produced beneficial re-sults." EDWIN F. PARDEE, M. D.,

"The Winthrop," 125th St. and 7th Ave., THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK.
