SATISFACTORY ASSAYS OF ORE FROM THE GREENSIDES,

Mill at the Magnolia Completed-Values Continue Good at the Golden Fleece.

GRANITE, Or., Jan. 6.—The first as-says of ore from the Greensides mine were made a few days ago. The tunnel has been run 40 fest, where it cuts the ledge. Three assays were made at this point, one showing fill ounces of silver, worth at the market price, \$308 40, and \$41 34 in gold; total value, \$36 74. Another gave \$63 in sliver and \$24.80 in gold; total, \$67.80. The third one gave \$26.80 sliver and \$8.26 gold, or a total of \$37.65. This is an average of \$158 20, and is a fair showing of the value of the ore in this ledge. The property is two miles east of the Magnolia, and is operated by Harvey

The mill at the Magnolia is completed and began dropping stamps teday. It is not known at this time what the results of the first day's work will be.

The values at the Golden Fleece, four miles from here, continue good, and the numerous people so recently located on this ledge are all happy. The feeling of certainty grows stronger as the days go by, and the permanency of values in go by, and the permanency of values in this district assured. It is pleasing to note the fact that Portland people are finding their way into the land of treasure vaults, and all are convinced that Eastern Ore-gon is all right.
