FROM THE HIGH SCHOOL

CLASS OF 23 YOUNG WOMEN AND MEN GRADUATED. Exercises in the Assembly Hall—Address to Graduates and Presentation of Diplomas.

Promptly at 8 o'clock last evening, 23 happy graduates of the Portland high school marched to the tune of a lively march into the gaily decorated hall.

The class themselves entertained the same much; the girls, with their pretty white dresses, and the boys with their evening suits, from which hung long streamers of the school cardinal.

The high school orchestra opened the program with "The Serenade," which was not up to their usual form, but they redeemed their reputation in their second number, "Bohemian Girl."

Rev. L. E. Rockwell delivered the address to the class, and his talk was a very happy one. He told them the thing before them is to choose their right pursuit in life.

There were five first honor pupils, namely, Parthenia Dukehart, Adeline Hamlin, Arthur D. Leach, Elsie O'Neil and Nellie Poppleton.

English—Rowena Cochran, Bessie C. Core, Parthenia Dukehart, Laura G. Evans, Nellie Englund, Semmie J. Grant, Adeline Hammond, George G. Hart, William M. Killingsworth, Jr., Leah Nelson, Nellie Poppleton, Florence Elizabeth Terry, Maude M. Baker, Tidcombe, Anna Wagner.

Latin—Winifred E. Chance, Gordon W. Edwards, Arthur D. Leach, Lena Belle Leifer, Jean McKecher, Elsie O'Neil, Olive M. Statter, Delta M. Watson, Bert Went, German—Florence E. Bloehinger, Rose M. Tschanner.

The board of regents of the university of Oregon held an adjourned meeting yesterday afternoon. The heavy debt that burdened the school last year has been entirely removed.

The following report of the special committee appointed Tuesday was read and adopted: "The Board of Regents of the State University."

"First—We recommend that the former appropriations, to wit, \$1000 to the medical department, and \$600 to the law department of the university, be restored.

"Second—We recommend that no contract relating to the expenditure of the funds of the university be permitted or recognized unless the same be made with the approval of the president of the university, and by the president of the board; that no accounts be run or obligations of any character be incurred, except under the requisition of the president of the board and president of the university."

"Third—We recommend that two additional instructors, at salaries not exceeding \$1000 each per annum, be employed for the coming year, and that the president of the university be requested to suggest the names of persons for such employment at the June, 1900, annual meeting.

"Fourth—We recommend that \$250 be appropriated for the maintenance of the musical department, the same to be expended under the supervision of the president of the university.

GAME LAW DISREGARDED

DOG SHOT WHILE SUCKLING A FAWN—But No Conviction. GREENLEAF, Ore., Feb. 1.—(To the Editor.)—It is regrettable in the extreme that the game law is so much in violation of the city engineer, and that it is very doubtful if property-owners interested, who had not signed the petition, could be made to pay their assessments for work done under such a petition.

On motion of Baker, 60 days further license could be enforced in Portland. The men of this community are pot-hunters, either. They are not noble-minded sportsmen, who hunt for the pleasure of killing and wounding deer, but are moved by the base motive of procuring urban and suburban game.

I am not opposed to enforcing the game law on personal grounds, as one of these pot-hunters might be, for I keep no gun, and never fired a shot at game in Oregon, but I have a grievance. Ten per cent of my hay was ruined by deer, who made trails all over it before it was ready to cut.

Now, I submit that if the noble race of sportsmen were preserved for them to come into the country and shoot for sport when their vacation and the open season come around, it is not fair to deprive them of their game.
