The missioners state that they believed all those appointed as Democrats were such, and were so in the past, and if any mistakes are shown to have been made changes will not be refused.

Soldier Boy Burled With Military

A military funeral was given Alfred H. Holmes, the soldier of Company D, Four-teenth Infantry, who died while on the way back from the Philippine Islands on the transport Sherman, yesterday after-noon, at Dunning's undertaking parlors. A large number of the ex-members of the Fourteenth Infantry were present, and also many ex-volunteers of the Sec-ond Oregon. Those from the Fourteenth wore badges with the number of the regi-ment. From the regiment the firing squad was formed, under Sergeant Lassimick, and was composed of Messre, Godwin, Ho-gan, Mancey, Hancey, Fisher, McCurc, Anderson and McMeter. The bugler was Gordon. The publisherars were John Gordon. The pall-bearers were John Erickson, Earnest H. Justice, Fred Nystrom, George Higgins, Oskay Nelson and Herbert Osborne, all soldiers. The casket was banked with floral pieces, trib utes from comrades and the Army and Navy Union. Both firing squad and pall-bearers were in the uniform of the regu-

and touching, befitting the life and oc-cupation of the deceased soldier, who had given his life to his country. Mr. Forbes commented at some length on the great events that have engrossed the nation within the past few years which have called for the services of the soldiers in a foreign land. There they had gone unflinchingly in the discharge of their duty to their country and fing. Many had fallen in battle, and others had gone to their death by disease, but it was the same sacrifice and they deserved well the honor and respect of their country. As a result of their labor, Mr. Forbes said, the cause of Christian civilization had moved for-ward and would continue to go forward. Mr. Forbes closed his eloquent address by referring to the Second Oregon in complimentary words.

Then came the concluding services. The remains were taken to Lone Fir Cometery, and there consigned to the last resting place as the salute of the firing squad was discharged, and as the bugler sounded the taps. Many of the soldlers of the Fourteenth Infantry came from Vancou-ver and elsewhere to do honor to their dead comrade.

PERMANENT PLACE SELECTED FOR PRODUCTS OF OREGON.

Weekly Meeting of Board of Trustees of Chamber of Commerce Was Uneventful.

The board of trustees of the Portland Chamber of Commerce, at its weekly meeting yesterday, decided to locate the permanent exhibit of Oregon products at 26 Washington street, near Third. The final report of the Oregon Emergency Corps and Red Cross Society was re-ceived and the thanks of the Chamber for the good work done by the women of the society was extended. A number of matters of minor importance were onsidered, but the meeting was an un-ventful one, and was brief.

The question of the permanent exhibit ame up as a report from a committee composed of Messrs. Batchelder and Livingstone, which follows: In pursuance to the instructions to this con

In regard to the funds raised by subscription for the purpose of defraying the expenses of the exhibit, we would respectfully suggest that it be placed in a separate account and be kept separate from the funds of the chamber, and that the money be disbursed only on the order of the committee appointed to look after the management of the exhibit.

The report was adopted and the com sittee was given full power to act in the matter.

The report of the Oregon Emergency Corps and Red Cross Society was received with a communication from General Charles F. Beebe and a letter from Mrs. Fannie E. Lounsbury, secretary of the society.

A Tacoma Fake.

Letters were read from Senators Simon and McBride, calling attention to cir-culars sent out from Tacoma to Senators and members of the House, giving statis-tics of the shipping and customs business of that port. In the Tacoma circular the small craft that ply between that city and Victoria dally are registered as vessels from foreign ports, thus giving to the port an appearance of importance that it does not possess. It was suggested by Senator Simon that Portland might profit by this circular. This was referred to mittee on navigation for a report.

Steamer to Nome.

The Nome Steamship Company, of San Francisco, wrote the Chamber, offering to ut on the new passenger steamer Sar Portland will guarantee it 150 passenge a trip for the first three trips. It was found to be impossible to make this guar antee, but the company will be informed that if it will put on the ship and properly advertise, there is little doubt that the passengers will be forthcoming.

In this connection a communication was read two weeks ago from citizens and business people of Dawson, protesting against the poor mail service. It was stated that much first-class mail matter for Dawson was held at Skagway, instead of being forwarded. The contract calls for a weekly delivery of 700 pounds, and it is said the carrier handles only 350. Senator McBride's reply shows the status

Report of the Elevation of Father Orth.

Eastern Catholic papers announce th appointment of Rev. B. Orth, of St. Lau-rence's Church, of this city, as Bishop of Victoria, which includes a vast amoun of territory in British Columbia. The place was formerly held by Archbishop Christie, now of this dloose. Father Orth knew nothing about the matter until shown the papers, and he is inclined to believe it to be a practical joke of some of his brother priests. The fact would be no surprise, however, to those who know him, for he is among the foremost and best known of the Catholic clergy west

of the Mississippi River.
Father Orth is well deserving of the place, having officially served the Church in this state for nearly 30 years. He is a native of Germany, having been born in Rhine Province, Prussia, 50 years ago. He was ordained as priest in Brussels, Bel glum, in the year 1872, and came imme diately to Oregon. During the next five years he worked hard in the eastern part of the state, and then came to Portland where he has been stationed ever since Sixteen years ago he built St. Laurence's er they shall make the lease as trustees for the permanent exhibit fund, or whether it shall be which was shortly followed by the erectia the name of the Chamber of Commerce. man street, joining the church, Father Orth was very reticent in speak-ing about his labors here. However, he

played a very prominent part during his 22 years' service in this city. Together with Father Fierens, he built the old Cathedral on Third and Stark streets, and during the erection of the new St. Vin-cent's Hospital he took an important part in the labors. Father Orth was also chair man of the building committee of th archiepiscopal residence. During the reconstruction of the Catholic Sentinel, he was editor of the paper, and afterwids served in that capacity for many years. A steady string of people was constantly calling on him yesterday to offer him their congratulations.
