Ment and Provisions.

duced by this step, as our banking depends on checks far more than on notes. As a matter of fact, the notive note circulation of the bank down to 1507 tended to decline, and has gone up since then merely because of the rapid is

er of small brai of other joint stock banks. As the bank buys government securities with extra notes and receives interest thereon with little deduction, 1

naturally makes the most of its privilege, and this past three years the note circulation has swollen to about \$4,000,000. The stock market has failed wholly to re-spond to the news from South Africa. The fact is they are paralyzed partly by dread of what the Boers may do to the mines and partly by the enormous hidden speculation for a rise al-rest. ready existing in Kallirs and copper shares. Also 4 per cent chills adventures in the mar-ket and closes every form of gambling. New enterprises are putting forward their once more, but meet with scant encouragement. Our rallways themselves furme for money, far from resulty fortheoming, and the colonial loan of £1,000,000 offered last week was laboriously underwritten at 1% per cent below the price at which it was offered to the public. How can frash capital be found when market is over bend and cars in debt? over the Continent also, except in Paris, where

Foreign Financial News. NEW YORK, March 19.-The Commercial Ad-vertiser's London financial cablegram eays: The markets here were brisker and good in tone on the crumbling of the opposition in the Pree State. Consols were up 1% on the war loan premium. I understand applications the loan of more than \$100,000 get only 6 per cent of their applications. Americans opened strong, but quiet, till in the strest, when they purted on the New York buying of Baltimore & Ohlo, and Atchisons were good. Tintos were 65 11-16, but they relayed, closing unchanged at 55%. Panucos Mexican copper mine, with a capital of half a million, fell from 10s to 9s on the damnatory report of Mr. Knom, a New York mining engineer, who is said to have re-ported favorably before. The bank bought £12,000 gold in bars. Of the large amount due

the bank, two-thirds was repaid and one-third renewed, contrary to expectation

NEW YORK STOCK MARKET.

Lenders of Money Inclined to Hold Out for Higher Bates.

NEW YORK, March 19 .- The stock market gave evidence today of a dispatition on the part of the speculative contingent to discount the prospects of relief to the money market for funds to operate with, and, while there were symptoms of relaxation in money rates, the supply is still extremely restricted. Lenders of money are inclined to hold out for higher Purchases of wheat made in March in-variably show a good profit during April and May, as the following table, compiled from the official records, will prove: rom the assumption that interest rates from will not relax until after the April 1 settle-ments have been disposed of. Borrowers take 1879... more hopeful view of the immediate outook, and are inclined to await the expected 1881

early easing of rates. There was an appreciable stirring of speculative interest today, which was notably mani-fest in the railroad list, but which was mostly confined to a few stocks. Baltimore & Ohio was the most complexion with a rise of 3 pointin. Union Pacific. Baltimore & Ohio ferred, Atchison preferred and the Colorado & Southern stocks were all is good demand, and gained over a point. Mobile & Ohio and Min-insota & Si. Louis preferred rose 2 points each. The bears made attempts to obstruct the ris-ing tendency of priors. They first made a raid upon the New York stocks on the ground that the tax levied under the new franchise-tax law will be so great as to threaten their ability to pay dividends. Later an attack was made on the iron and steel group, based on the threat-ered strike of machinists. Neither of these was effective in breaking up the strength man-tiested among the railroads. In form the facilities and solicit your busi-ness. reas effective in breaking up the strength man-fested among the railroads. In fact, the rail-road iss showed more bestitation in face of the violent raillies in the local traction group than n the weakness of the specialtics, It is well anderstood that the vicinitudes of

CREDIT IS DEARER.

Funds for Business Are Scarce All

Over Europe. NEW YORK, March 19 .- The Times' Londo financial correspondent cables: Perfect happiness is denied even in the money markets. Here we have been beating the record

noon, when the price dropped quite fast, May finally being hammered to 60% 606.000 the last half-hour of the semion the demand improved somewhat and shorts sold and longs renewed their lines. May advanced to 66% and reacted to 60% 6000%, where it closed. Corn was quiet, but fairly stendy. There was a general belief that important lines of long corn were in process of liouidation but of your war loan last in, with one subscribed for II times over, and every dealer in credit is grumbling like a bear with a sore bead. The cause is patent enough when the Bank

ong corn were in process of liquidation, but the market was well supported, notwithstand-ing this, and the weakness of wheat. May closed ide lower, at 31 pc. Outs were extremely dull all day, nothing of of England's return is examined. Before the applications for the loan became known the market owed the bank about 55,000,000, and it now owes fully £13,000,000, in spite of dis-

interest occurring in the speculative market. Small cash demand strengthened futures. May closed a shade lower, at 24@24igc. bursements by the treasury, with the consequence that every shilling of application money costs the market 4 per cent. The bank lends and discounts freely at 4 per cent, and thinks

Provisions at times were extremely active, especially so as regards pork, the demand for that article being heavy and general. Small stocks and higher prices at the yards started its action liberal, but the market grunts, "Why should the bank be allowed to hold our money?" and demand the instant issue of al-lotment letters. This is easier asked than granted, since the number of applications is shout 40,000, so money discounts were tight all last week, quite 4 per cent for both, and for two days brokers asked 4% per cent on 60 days' remitted paper. a buying movement early, which advanced Lard and ribe also showed fair advances at one time, but lost them when pork declined.

ms to be no immediate or approxi-There see mate chance for the better in prospect, because the market resources are fully engaged, even At the close May pork was 10c higher; May lard a shade lower, and May ribs a shade without a loan. And w cannot increase our currency at will, but must rest altogether on credits from the state bank for increased means. At a point undetermined, the bank must check its advances, because the more it higher. The leading futures ranged as follows: March distends credit the more our stock of gold is imperied. Should, however, the government's money be disbursed mostly within the United

CULLISON & CO.

Kingdom, we may see a more comfortable state of matters by the middle of April. The true point to bear in mind is that until the bank is paid off the market cannot go much below 4 37% 37% May July Sept. per cent. The last Government Gazette announces that the Bank of England has decided to increase its fiduciary circulation about \$1,000,000, under the power in its charter, which gives it the MESS PORK. right to replace lapsed note circ English provincial banks up to two-thirds of their amount.
