FOUND COUNTERFEITING OUTFIT. With It Quantities of Bogus Nickels Were Made and Circulated.

Walla Walla Union. Chief Kauffman unearthed a counter-feiting outfit Wednesday last in an old house below Dement's mill. The Chief and Street Commissioner Crampton took a walk in the morning to where construction work has been commenced upon the sewer system of the city. After spending an hour or two at that point, they concluded to walk over to an old house about half a mile distant, where an old Indian woman, Jenny Balla, resided previous to her death two years ago, and which was a favorite resort for crooks who infested the city at that date. They found the building had been torn down, and continued their trip to a house a short distance, once the property of the Hol-brooks. While looking through this old building, the Chief came acros five plaster of Paris molds used for making counterfeit nickels. He brought the molds to his office, and by comparing them with about to of counterfeit nickels he had collected in this city, discovered they were of the same date, 1896, 1897 and 1898. Over \$6 in these bogus coins were taken in one day from a single slot machine in this city. coins were circulated generally the few in circulation, owing to Chief Kauffman's efforts to round up the gang. FRUIT CANNERY.

Farmers of Eagle Valley Will Erect BAKER CITY, Or., April 2.—The farm

ers of Eagle Valley are about to erect a fruit cannery. At a meeting held at the house at that place a few days ago, the farmers of the valley subscribed \$3000 for the purpose. The total cost of the plant will be about \$5000, and, as this is the first meeting held, the farmers are the first meeting neid, the farmers confident that no trouble will be met with in raising the full amount.

The establishment of the cannery will be of much benefit to Baker City, as well as

to the farmers of the valley, where a large amount of fruit is raised annually. cannery will be conducted on the cooperative plan, and it is the intention to take all the fruit offered by the farmers, of the product will find a market in Baker City, as the home consumption is large and a steadily increasing. The project is in the hands of some of

the most progressive and prosperous farmers of the valley, and there is little doubt it what the cannery will be a success from the start. The crops along the Snake River are in ne condition, and are further advanced

this year than for many seasons past. All the fruit trees are now in full bloom, on account of the early Spring, and a on account of the early spring, and a big yield is predicted. The only fear en-tertained is of frost in April, and if this should prevail, it would cause heavy losses to the fruitgrowers and farmers.

WHATCOM, Wash., April 2—William J. Bryan arrived here on a special train at 1:30 this merning and began his second week on the Pacific Coast itinerary, adfressing 10,000 people at an open-air meeting at 5 o'clock this morning. Accompanying Colonel Bryan were Secretary of Stat ing Colonel Bryan were Secretary of State Jenkins, Secretary of the Democratic State Central Committee Maloney, Colonel A. J. Blethen, of Seattle, and other prominent people. Mr. Bryan and party breakfasted with 50 prominent local Democrats at 7 o'clock, at the Hotel Bellingham. Mayor Hardin introduced him as the great commoner of Nebrasks. He spoke for an hour and ten minutes, giving the greater portion of his time to dising the greater portion of his time to dis-cussing the Philippine question. He criti-cised the Administration for not extending sympathy to the Boers, and said it was the first time in the history of the Republic when they had not applauded a republic

when they had not applieded a republic struggling for its existence.

Mr. Bryan said: "Distinguish between expansion and imperialism. Expansion means extension of the limits of the Republic; imperialism is policy of empire. We have expanded before. We never had imperialism before. We expanded when we took in Florida and Louisiana Territory and Texas and New Mexico and California. We took in land that was to be settled by American citizens and made be settled by American citizens and made into American states. But we are not into American states. But we are not expanding now, we are not getting land for settlement; we are getting races for subjugation. We are not trying to extend the limits of the Republic. The Republican party wants to build an empire upon the ruins of the Republic."

Speaking of the disposition of the Philippines, he said: "Let us say to the Filipinos: "We are not coming here to conquer you and hold you in subjugation. Stand up; be free." And then let us say to the world: 'Hands off; let that repub-

I would rather have the F flag, representing a republic, floating over the Philippine Islands than change the American flag from the flag of a Republic to the flag of an empire. You talk about destiny of empire. I want the giory of the Republic. I am not pleading the case of the Filipino. If all the Filipinos were to die, the world would go on, but when this Republic puts out its light, under what nation can struggling humanity look for hope and inspiration in its struggle for better things? You tell me you want the flag to be feared. I want our flag to be loved by every human being as the em-blem of justice and liberty and self-gov-ernment the world around." (Applause.)

OREGON CITY, Or., April 2.-When the chairmen of the Democratic and Populist Central Committees prepared calls for county conventions, the basis of represen-tation for the various precincts was made on the vote cast for Will R. King, Union candidate for Governor in 1898. This plan

gave each precinct exactly the same apportionment of delegates for both Democrats and Populists, thus giving an equal representation in the joint fusion convention to be held after each party has held its individual convention to elect delegates to the State Convention, provided a full complement is elected on both sides. Last Saturday, the Populists of Maple Lane precinct held their primaries and elected delegates to attend the County Convention. OPINIONS HANDED DOWN AND OR-DERS MADE YESTERDAY.

Judgment Affirmed in the Case of Otla Savage, The Dalles Express

SALEM, April 2.—The Supreme Court SALEM, April 2.—The Supreme Court today affirmed the judgment of the Circuit Court for Wasco County in the case in which Otis Savage was found guilty of stealing \$14,000 from the Pacific Express Company at The Dalles in 1894. This is the case which lately attracted wide attention because of a lapse of activity on the part of the prosecution after the case had been appealed to the Supreme Court. The case came to the Supreme Court in March, 1895. In the meantime Savage has been out on bail, and no action was taken en out on ball, and no action was taken until the case was called to the atten-tion of Attorney-General Blackburn, who immediately filed a brief and had the case

immediately filed a brief and had the case tried. The judgment affirmed today is that the defendant be imprisoned in the penitentiary for a term of four years. The facts relating to the controversy in the Supreme Court are stated as follows:

"The defendant, Oits Savage, was jointly indicted with Frank Klein for the crime of larceny. The indictment charged that said Otis Savage and Frank Klein, on the 13th day of October, 1894, in the County of Wasco and State of Oregon, in a certain office in Dalles City, in said county, then and there occupied by the Pacific Express Company, . . . the same being and there occupied by the Pacific Express Company. . . . the same being the express office of said company, unlawfully did take, steal and carry away \$14,000 current gold and silver coin of the United States, of the value of \$14,000, lawful money of the United States, and then and there the money and property of said Pacific Express Company, the denomination of said money being to the Grand Jury unknown, contrary, etc. . . A demurrer to the indictment on the ground, inter alia, that it charged more than one offense, having been overruled, a plea of 'not guilty' was entered, and a separate trial being had, the following verdict was entered: 'We, the jury in the above-entitled cause, empaneled to try the defendant, Otis Savage only, find said Otis Savage. ant. Otis Savage only, find said Otis Sav age guilty of larceny only, and assess the value of the coin stolen at \$14,000."

Justice Moore, writing the opinion of the court, says: "It is contended by defendant's counsel that the indictment charges grand larceny and larceny from a building, and that the court erred in overruling the demurrer to the duplicity. The statute, in prescrib-ing the manner of stating the facts constituting an offense, provides that the in-dictment must charge but one crime and in one form only (section 1273.) It also provides that in all cases the defendant may be found guilty of any crime the commission of which is necessarily included in that with which he is charged in the indictment (section 1883). The stat-utes which it is claimed the indictment charges a violation of, as far as applica ble herein, are as follows: 'If any person shall steal any goods or chatttels, the property of another, such person shall be deemed guilty of larceny, and upon conviction thereof, if the property stoler shall exceed in value \$5, shall be pun shed by imprisonment in the penitentiar

not less than one nor more than 10 years 'If any person shall commit the crim "If any person shall commit the crime of larceny in any . . . office. . . . such person, upon conviction thereof, shall be punished by imprisonment in the penitentiary not less than one nor more than seven years" (section 1766).

It was contended that the defendant, having been charged in the indictment with the crime of larceny in an office, could not be found sullty of grand larceny.

could not be found guilty of grand lar-ceny. On this subject the opinion says:
"The Legislature of this state has never subdivided simple larceny or by any act denominated such crimes as grand or petit larceny. . . In an indictment for larceny in an office, the value of the property stolen is immaterial, but when such value is alleged, the party accused of the crime is thereby notified in this

A large number of other questions are stance it is held that there was no error

Among the most important of the minor questions passed upon are that there was no abuse of discretion in denying the motion for a new trial, and in permitting the Sheriff to summon special jurors. The opinion is a very lengthy one, and it handles each question in detail.

Sanford S. Haris et al., respondents, vs. William Sargeant, appellant, from Polk County, George H. Burnett, Judge, affirmed; opinion by Wolverton, C. J. This was an action to recover real property. Both parties allege ownership in fee and that they are entitled to possession. On November 15, 1884, William M. Harris was the owner thereof, and he and his wife on that day conveyed the same by quit-claim deed to their children, the plaintiffs herein. Subsequently, one G. N. Townsend, a judgment creditor of the said William M. Harris, began a suit against him, Francis Harris, his wife, and the plaintiffs herein, to set aside said deed and to subject the property to the satisfac-tion of his judgment. The summons was issued and placed in the hands of the Sheriff of Benton County for service, who made the following return: "I hereby certify that I received the within summ on the 9th day of April, A. D. 1889, and served the same on the 25th day of April, 1889, in Benton County, Oregon, on the defendants S. S. Harris, L. E. Harris and L. M. Harris, by delivering to each of said defendants a true and correct copy of said summons, prepared and certified to by me as Sheriff, the above-named defendants being minors; also by delivering to their guardian, Mrs. Frances Kemp, for each of them, a true and correct copy of said summons, prepared and certified to by me as Sheriff; also by delivering to the defendant S. S. Harris, and his guar dian, Mrs. Frances Kemp, each a copy of the complaint, prepared and certified to by C. G. Coad, County Clerk of Polk

An order was made in said cause, which after reciting that "it appearing to the court that said defendants have been duly served as by law required, to wit: by per-sonal service, upon defendants S. S. Har-ris, L. M. Harris and L. F. Harris, and Frances Harris-Kemp, within the County of Benton, and State of Oregon, more than 20 days prior thereto, as shown by the return of the sheriff of said county and state," directed that default be en-tered against said defendants, and provided for the appointment of a guardian ad litem for the minors. Thereafter a de-cree was rendered in accordance with the prayer of the complaint, and the premise in controversy were sold to satisfy judgment, the defendant herein bec the purchaser, who subsequently obtained a Sheriff's deed thereto. Judgment of the lower court was for the plaintiffs, and

The Supreme Court holds that in the former action the court did not gain jurisdiction for the reason that the Sheriff's return did not show a delivery of the copy of the summons to the minors personally, which is made an essential requirement by the statute. "It is made affirmatively to appear from the record that the court was without jurisdiction to render the decree, and it is therefore void as against the minors."

The following minor orders were made in the Supreme Court today: State of Oregon ex rel. Rangdina Riv-ers, plaintiff, vs. J. E. Miller, defendant. ers, plaintin, vs. J. E. Miller, defendant, ordered that Julia M. Heilkemper be allowed the sum of \$62 to be paid by the State of Oregon for services as stenographer in taking and transcribing testimeny in said case.

I used it faithfully for three months, and improved greatly, and today consider myself among those who are strong and healthy. I regard Warner's Safe Cure as the one thing in this world needful to those suffering from
