### COMMERCIAL AND FINANCIAL NEWS

The local markets were drifting along under teasy sail yesterday, with no features of special interest and no changes in prices. There was considerable produce received, but not enough to affect prices. The first Oregon asystagus of the season came to hand yesterday, and found buyers at 6c, compared with 41% for the California article. Oregon onions, radishes and rhubarb are quite pientiful. The erg market is able strength in the grangers, under the leader-holding steady around 11801184; the latter of the prices got back to last night's level.

The market gase evidence of the pressure of large speculative of prices. The market gase evidence of the pressure of large speculative strong enough to withhold their offerings at any considerable concession. Outside of a few stocks, today's movement was narrow. There was considerable of the prices got back to last night's level. holding steady around lightlyc, the latter figure for single-case lots. There is very little doing in wool yet, and hope are quiet. Onlors are still very firm and high, and potatoes are

Grain, Flour, Etc. The Portland wheat market is steady to firm, with some good-sized sules reported within the past 48 hours. These sales were generally on the pasts of 84655c for No. 1 Walla Walla, although the latter figure is about ige higher than is openly quoted in this city, and is dightly above the export value based on 41s 3d, which was paid for a near-by ship yester-day. Valley is easy at 53655c, and bluestem about 57c. Shipowners show no disposition to make concessions, and freights are very firm,

### NEW YORK STOCK MARKET.

Pederal Steel and Baltimore & Ohio the Potent Factors.

NEW YORK, April 3.—The two most factors in today's stock market were Pederal Steel and the Baltimore & Ohlo stocks. The pressure to liquidate the former had a de-cidedly unsettling influence on the whole marthe day unsetting influence on the whole market in the morning, and the strength of the latter stock served to stiffen prices during the afternoon, and to retrieve to a large extent the early decline. The opening in Federal Steel was wide, and the price was soon carried down to 49, a drop of 4% from yesterday. It railled 2 points, but went off again in the last 15 minutes to the lowest, developing respected states of weekpress in the newed signs of weakness in the rest of the list. The selling of the stock was due to the practical admission of the failure to amend the charter at the annual meeting yesterday, which was equivalent to abandonment of fur-

strength in Baltimore & Ohio developed after the executive committee had convened. It was generally understood that this meeting would consider the granting of additional rights to stockholders. A new rumer found circulation about every five minutes as to what the rights would be, and the speculation in the the rights would be, and the speculation in the stocks of the company was very active. The stocks of the company was very active. The stocks of the company was very active. The stock of the control of the preferred S5, and both reacted nearly 2 points on profittaking, belping to the easier tone at the close. London was a free seller in the early dealings, and helped to the opening reaction. While there were no very large offerings brought out at the decline, the demand for stocks was decidedly less urgent than in the stocks was decidedly less urgent than in the precent market, and when the duliness and drances prompted an advance large offerings to

ship of St. Paul, based on a very heavy grain movement over Western lines. The trunk lines were firm. The rally from the low point reached in a number of prominent railroads, but finally eased off, leaving most of the day's inges small and mixed between gains and

early decline of over a point mounted upwards 4 points on the reported easing in the price of raw sugars. The price eased off in the late decline, bringing the net advance down to 1%. The money market worked somewhat easier today, as the influence of the April disburse-

money market considerations.

The bond market continued quite active, and changes in prices were mixed. Total sales, \$4.750,000. United States is coupon, new 4s and Se declined 1/4 per cent in the bid price. BONDS

language, with special reference to its

SOUTHERN OREGON QUARTZ Three Companies in Jackson County

Developing Properties. H. Banfield, a mining man of Jacks County, Oregon, is at the Perkins. He says the mining people of that district are very enthusiastic at the prespect of a smelter in Portland, which would mean a great saving in freight rates for them. At present the cost of sending ore to San coma, owing to the steep grade on the city, after a temporary suspension, awaltskiewing. With a smelter in Portland, the Jackson mineowners think they have a right to expect a rate of about half what they are paying now. The saving would make a world of difference to them, and would bring about more activity in min-ing. Mr. Banfield, in the course of an

"There are three companies operating on Elk Creek, and considerable work is being done. The Collie Dog Mining & Mill- control of a mile of the ledge. There is a ing Company is working two groups of 10-stamp mill on the Shorty-Hope, which ciaims, and is the first company operat-ing to any extent in this district. It has recently put in a pump to control the water, and is about to add hoisting mathree to ten feet in width, and assay from \$30 to \$75 per ton. They carry values in gold, silver, copper and galena. The company intends to sink to the 400-foot depth both groups of claims. The company is composed of well-known capitalists and citizens of Freeport, Ill. V. A. Springford, of Portland, and myself are interested

and managing the development part.
"The Rickey Mining Company, of York, is working eight men on two groups, sinking to 600 feet. Assays have run as high as \$180 in gold and copper. Sherman Clark is the superintendent. The Gold Hill Mining Company has several groups of claims, and has thoroughly prospected by tunnels, warranting the expenditure of money and systematic development of

their property.

"This belt seems to be an extension of the now famous and well-known Bohem's district, as it is the same formation. By further development some good mines may be expected from this district."
