

CITY NEWS IN BRIEF

Amusements Tonight. CORDRAY'S THEATRE (Washington street)—"Merry War." Evening. "Because I Love You." Russ in English. "Because I Love You."

MAY BE A HEAVENLY MESSENGER—A new curiosity being secured for the City Museum by L. L. Hawkins, the father and indefatigable promoter of that institution. It is a globe of stone, something over two feet in diameter, and weighing 900 pounds. It is rounded to smooth as a cannon ball, and may be a meteorite or one of the cannon balls used in the battle between Satan and the Heavenly Hosts, described by Milton.

Holds the Trout Record.—The champion of the opening day of the trout fishing season of 1900 has just been heard from. He lives at Hillsboro, and his name is Blazer, and on the first day of the season he went up Dairy Creek, above Rafferty's, and alone and unassisted, caught, he says, 29 trout, nearly all of them with a fly, several times capturing three at a cast. This is extraordinary. He is the only person heard from who used a fly on April 1, and two good fishermen from Portland who fished at Dairy Creek above Rafferty's on that day, caught only 24 fish between them. Landing three trout at a cast is not an unheard of feat, but it is not a common thing, especially on the first day of the season, and to do this a number of times in one is still more uncommon. The trout is a beautiful and guileless creature, and not fished in this manner, but it is a fish which tends to make some who fish for it very inaccurate and loose in their statements.

Will Accompany Every One.—The registration office is progressing very favorably, but many laboring men, who have to work every day, have not yet registered, and have no time to attend to the matter except at personal loss. It is said that of 100 or more men employed in sawmills and other manufacturing establishments a large majority have not yet registered. Councilman Martin was yesterday morning with the County Register to have the registry office kept open some evening in order that the men employed in his establishment, as well as those employed in the mills of the Eastern and Western Lumber Companies, which have an opportunity to register without losing any time. Mr. Holmes assured him that the office would be kept open as late as desired on any evening or evenings when the men put in an appearance, and that no pains would be spared to give every voter a chance to register.

Blush Ferns.—In a number of places about town, bluish ferns are in bloom, and, as the plants are large and branching, the people are by some mistaken for roses. Some 20 or 40 years ago, when there were not so many varieties of roses as there are now by thousands or tens of thousands, these ferns were used to be a very pretty and fragrant rose, known as the bluish rose, supposed to have sprung from the union of a white and red rose. There are roses of all colors now, but few of them are a "bluish," and it is still too early for roses to be in bloom in the open air, even in Oregon. There will, however, be wagon loads of them for Memorial Day, which occasion they are sometimes very scarce.

BRIGADE SURGEON.—General Beebe has appointed Dr. Sanford Whiting brigade surgeon on the general staff. This position was held by Dr. Whitting at the time the Second Oregon Volunteers were mustered in, when he resigned and was appointed assistant surgeon of the regiment, with rank of captain, in which capacity he served in the Philippines. Dr. Whiting was a highly esteemed member of the brigade staff before the war, and his return to his old position was the source of much pleasure to all the members and General Beebe.

ELECTRIC FANS will keep the dining and observation cars on the new North Coast Limited—Northern Pacific—cool and comfortable. Electric fans will be used at night. Electric berth lights in Standard Pullman sleeping cars, and a big dome light on rear observation car platform. A. D. Whitting, assistant general passenger agent, 225 Morrison street, corner 3rd, will tell you all about this new double daily train service. Call or write him.

ENJOY MILES AN HOUR, if necessary, can be made by the locomotives that draw the North Coast Limited. That means time made up if delays occur between terminals, so that Chicago or St. Louis passengers will not miss connections at St. Paul and Minneapolis. Call or write A. D. Whitting, assistant general passenger agent, 225 Morrison street, corner 3rd, for full information.

HEARING POSTPONED.—President Taylor, of the Chamber of Commerce, received the following telegram yesterday from M. S. Decker, assistant secretary of the Interstate Commerce Commission: "The hearing in Portland has been postponed until Tuesday morning, April 10. Please inform Henry Hahn, of the Jobbers' Association, and United States Marshal Honser."

SHRUBS AND FLOWERS WANTED.—The Spring having come, the management begs to call the attention of their friends who may have some spare flowers or shrubs to the fact that they are in great need of flowers of all kinds and small shrubs at the Home, and should any one wish to donate plants they will be promptly called for by advising Oregon telephone, 601 1/2.

DEATHS OF T. J. QUIMBY.—T. J. Quimby, of Granite, brother of L. P. W. and D. J. Quimby, of Portland, died at the Grand Hotel in Granite, recently, after an illness of only a few days. He was 62 years old, and left a wife and one daughter.

FELL FROM A SCAFFOLD.—C. P. Mercer, a carpenter employed on a house on East Oak and East Fifteenth streets, fell from a scaffold yesterday and was badly bruised. Mercer was First Sergeant of Company E, Second Oregon Volunteers.

DEATH OF MARINO ZAN

PROMINENT MERCHANT AND PUBLIC-SPRITED MAN. Identified With Portland's Commerce for the Past 25 Years—Brief Illness.

Marino Zan died at 8:30 o'clock last evening at his home at 126 North Seventeenth street, of peritonitis. Mr. Zan was attacked with some intestinal trouble about 10 days ago and sank rapidly until his death. Previous to this brief sickness he had been in unusually good health all his life. Despite the best of medical attention, it was evident from the beginning of his illness that his recovery was improbable. The funeral will be conducted from St. Mary's Cathedral Monday morning at 9:30 o'clock.

For a quarter of a century, Marino Zan has been closely connected with the maritime movement choruses. A very pretty march is introduced by the chorus. The cast will include the entire company.

"Merry War" is full of vocal gems, among them being "Let Me Like a Soldier Fall" and "Battered Mother." By special request Signor Russo will sing the beautiful ballad, "Because I Love You," the first time in English. There has been a tremendous advance sale for both performances, and indications are that the house will be packed.

LANDED SEVEN SALMON. D. K. Howe Opens the Season at Oregon City.

The salmon fishing season at Willamette Falls was opened Thursday by D. K. Howe, who captured seven salmon, of the steelhead species, weighing in all 72 pounds. They were displayed in Hudson's window yesterday, and attracted much attention. Mr. Howe has opened the fishing season at the falls for the past five years, but when he started out Thursday he was "guyed" by his friends, who told him he would catch no fish. He fished with a spoon, and hooked 14 salmon, several of which he failed to land, through accidents to his tackle, a fine new line being broken three times, and a number of spoons lost.

Last year Mr. Howe caught over 250 salmon at the falls, weighing from 4 to 20 pounds each, and in one day he and his wife caught 38. He always fishes with a spoon, but some who do not so well understand the location of three rocky bars below the falls get tired of losing spoons and take to bait, often with fair success. The spoon he used Thursday was a gold one that he thinks the best sport extant. It is safe to say that there will be a crowd of fishermen trying their luck at the falls tomorrow.

And yet it is said the English let go of the gold on the Territory of Oregon because the salmon here would not take a hook. It may be said that, although the steelhead is commonly known as a spoon, and hooked 14 salmon, several Genuine chinook salmon, however, are often caught at the falls of the Willamette.
