HIS OPINION OF WAR DEMOCRATS

Row at an Alabama Convention-Meeting of Nevada Republicans-Boles' Letter.

WASHINGTON, April 19.—In reply to a letter from the editor of the Hamilton Democrat, Hamilton, O., relative to a paragraph which has been going the paragraph which has been going the rounds of the newspapers, Admiral Dewey today sent the following communication:
"Washington, D. C., April 19, 1900.—Dear Sir: I am in receipt of your letter of the 15th inst., asking if I am correctly reported as saying: Well, I'll tell you what a Democrat is: In time of war a Democrat is a d—d traitor; in time of peace he is a d—d fool.' In reply I have to state that this is one of the thousands of lies uttered concerning me, to attempt to contradict all of which would require more time than is at my command. However, since you extend the opportunity, it gives me pleasure to state that I have never said or ure to state that I have never said or thought of such a thing as the foregoing statement accredited to me. I have a very fond remembrance of thousands and tens of thousands of 'War Democrats' whom I knew, and who are some of the best fighters this country ever saw. Very truly yours, GEORGE DEWEY. truly yours, GEORGE DEWEY.

"The end came. The grip of a tyrant had been broken. Spain was at our feet, Cuba. Puerto Rico and the Philippines at our disposal. It needed but a simple de-mand from us to make them forever free. But here we halted. A word that would have made the name of America immor-tal was never spoken. Greed took the place of charity and usurped the throne of justice. We wanted an excuse for exploiting the Philippines, and made a vol-untary donation of \$20,000,000 of gold to Spain to find it. What followed? I wish to God we could blot from the annals of ur race this page of American history as it must be written, and go shame faced, as it will, through all the ages to come. Ex-Senators Hill and Murphy will hold a consultation with John F. Carroll, the representative of Richard Croker, and James H. Shevlin and Senator McCarren, the representatives of Hugh McLaughlin, of Brooklyn. Mr. McLaughlin's health is very poor and he will not be a delegate to the National convention. The leaders have tacitly agreed to hold one of the state conventions this year in New York City and the other in one of the interior cities, Albany preferred. It is likely that the first convention will be held in this city. There is no talk among the party city. There is no talk among the party leaders of any opposition to Mr. Bryan.

Tennessee Republicans Divided. NASHVILLE, Tenn., April 19.—The Republican State Convention was called to order this morning by Congressman Brownlow. Delegates whose seats are not contested were admitted by ticket. After the election of Congressman Gibson as temporary chairman, the convention adjourned until 8 o'clock. The night session was very brief. After the announcement of the temporary officers, the convention adjourned until tomorrow, and at a late hour tonight the contending factions are still wrangling before the credentials committee. The outcome is almost certain to be against the Evans men, and a bolt tomorrow is almost sure to come.

New Jersey Republicans. TRENTON, N. J., April 19.—At the meeting of the Republican State Convention today, delegates to the National convention were elected. Besides unqualifiedly indorsing the administration of President McKinley, the resolutions pay an elequent tribute to the late Vice-President Hobart. #### FIGHT WITH CATTLE THIEVES Utah Outlaw Killed by a Sheriff's Posse.

SALT LAKE, April 19.—A special to the Prioune from Thompson's, Utah, says: Mr. Fullerton, manager of the Webster City Cattle Company, yesterday discovered two men mutilating brands on his cattle. They threatened to shoot and he retreated. With the assistance of Sheriff Precise and posse, the thieves were over-taken 70 miles north of here and ordered to surrender. The thieves showed fight, and were followed six miles further north, all exchanging shots, one of the outlaws being instantly killed. The dead man an-swers the description of "Flat Nose" George, and investigation proves almost conclusively that he is one of the men that robbed the train of the Union Pacific Railroad about a year ago. He has been brought to Thompson's for identification now on the way from Cheyenne to identify him.

SUIT FOR SOLDIERS' FARES Land Grant Roads Will Begin Actio

Against the Government.

CHICAGO, April 19.—General counsel of several Western land grand railroads met here today and decided upon the course of bringing suit against the United States Government for the recovery of the vast amounts of money which the roads claim are justly due them for the transportation of troops within the last two years. They came to the conclusion after a number of conferences that the carrying companies were entitled to regular first-class rates from the soldiers, notwithstanding the con-troller of the Treasury's ruling that the Government should settle for the hauling of the troops upon a party rate basis. The general counsel will recommend to the executive officers of the roads that suit be instituted against the Government with as little delay as possible. In instituting suit, the Court of Claims will be ignored, the counsel deciding that the first active steps should be taken in the United States Circuit Court.

The steady increase in exportations is the more remarkable in view of the fact that exports of agricultural products are only about the same as those of the cor-responding months of last year, the notable increase of more than \$100,000,000 in the nine months in question being largely in manufactures. In eight months ending with February (the details for March not yet being completed), the exports of ag-ricultural products were practically the same as those of the corresponding eight months of the preceding year, while those of manufactures show an increase of \$61,-

These astonishing figures of the March exportations make it apparent that the total exports of the fiscal year 1900 will exceed those of any preceding year in our history, since for the nine months of the fiscal year for which the figures are now at hand, the total exports are \$106,-000,000 greater than those of the corresponding months of any preceding year. It seems probable that the to al exports of the year will reach \$1,700,000, and that actures will supply fully \$400,000,000 of this vast sum.

Imports also show a marked increase over last year, the principal increase beng in manufacturers' materials, which in the eight months ending with February were \$30,000,00 greater than in the corresponding months of the preceding year, while manufactured articles for use in the mechanic arts also showed an increase

There is a serious block at this port of through freight destined for San Francisco. The freight is shipped by the Cana-dian Pacific Railway to Vancouver and thence by boat to California. The Uma-tilla took away 24 carloads, and today there is awaiting transshipment 189 cars of freight. In addition, 30 cars are en route this side of North Portal, the point where the American business of the Canadian Pa-cific is transferred to the Canadian transcontinental road. As the San Francisco steamers make but six trips a month from this port, the relief of this congestion of freight will necessarily be slow.

Milton and "Paradise Regained."

From "The History of Thomas Etwood."
"After some common discourses had passed between us, he (Milton) called for a manuscript of his, which, being brought ne delivered to me, bidding me take it home with me and read it at my leasure and, when I had so done, return it to him with my judgment. When I came home and had set myself to read it, I found it was that excellent poem which he entitled 'Paradise Lost.' After I had, with the best attention, read it through, I made him another visit and returned to him his book . . . He asked me how I liked it, and what I thought of it, which I modestly

out freely told him, and after some further discourse about it I pleasantly said to him: "Thou hast said much here of Paradise Lost, but what hast thou to say of Paradise Found? He made no answer, but sat some time in a muse, then broke off that discourse and fell upon another subject. So, when 'Paradise Regained' was written, Milton said, in a pleasant one: "That is owing to you, for you put it into my head by the question to me at Chalfont, which before I had not thought of."
