

TRADE WITH THE ORIENT

ASTORIA MAKING AN EFFORT TO GET A SHARE OF IT

Resolution Adopted at a Special Meeting of the Council-Talk of a Combination Against the River

ASTORIA, Or., April 30.—At a special meeting of the city council, held this evening, a resolution was passed calling the attention of the people of Portland and Astoria to the urgent necessity for uniting action in an effort to secure a greater portion of the Oriental commerce for the Columbia River.

Resolved, That we view with alarm the increasing loss of the Oriental trade in the matter of providing ships of the heaviest draft for a line between the Orient and the mouth of the Columbia, while the lines most interested in the matter are building such ships with the greatest speed to catch that trade of the world's commerce.

Resolved, That we view with alarm the increasing loss of the Oriental trade in the matter of providing ships of the heaviest draft for a line between the Orient and the mouth of the Columbia, while the lines most interested in the matter are building such ships with the greatest speed to catch that trade of the world's commerce.

THE JOYS OF LIVING

Duffy's Pure Malt Whiskey

will bring a rosy glow to the pallid cheek; give new energy to the faltering limbs; strengthen and invigorate the weary body and throbbing brain; reanimate the vital organs, and create a new supply of rich, red blood. It always helps, never injures.

7,000 doctors prescribe it to those who are overworked, nervous, or suffering from indigestion, loss of sleep, or any other ailment. It is the only whiskey that is pure and unadulterated.

All druggists and grocers, from a bottle. We save you the trouble of visiting distilleries and importers as agents. Write for a free sample and full particulars.

DUFFY MALT WHISKEY CO., Rochester, N.Y.

The agent sent East, and he has just returned with the first contingent, a number of workmen from Maine, who will go into the employ of the Mason County Company in the Black Hills. The remainder of the imported loggers will arrive soon.

The fund being raised to construct a permanent home for the Spokane Industrial Exposition now aggregates \$60,287. The general committee, and the subcommittee of business men will continue their work this week, and expect to swell the fund to \$100,000.

No new developments have come to light in the case of the child found buried in the Moscow cemetery. The identity of the persons who perpetrated the crime is as much a mystery as ever.

The four mill building and plant of the Fletcher Milling Company, at Fletcher, was destroyed by fire Wednesday night last. The plant was valued at \$100,000, while the insurance on the establishment was only \$100,000.

The new bridge across the south fork of Clearwater, at Siltco, is now possible for teams. It is understood that the Clearwater Grain Company will erect a large warehouse at that point, for the accommodation of farmers who haul grain there for shipment over the railroad.

Immigration Commissioner Bassett has just completed a pamphlet on the State of Idaho, from which the following statistics are taken: Number of acres patented, 2,468,545; number of horses, 40,332; cattle, 145,831; sheep, 1,022,712; the total number of bushels of grain raised in the state last year was 10,560,427; there are 2,865 acres of orchard in the state, and 25,000 carloads of fruit and produce were shipped last year. There are over 400 irrigating canals in the state, with carrying capacity of 500,000 inches, and length, of 2000 miles. The total production of gold last year was \$2,500,000; of silver, \$8,100,000; of lead, \$1,800,000; of copper, \$600,000. The number of school children is 94,172; teachers, 1950; districts, 1000. The average temperature is 52 in Spring, 73 in Summer, 53 in Autumn, and 34 in Winter. There are no severe storms, no high winds, no cyclones and no blizzards in the state. It is a land of sunshine, fruit and flowers; the state averaging 300 clear days per year.

See handsome moving pictures now on exhibition, free, at Union Pacific ticket office, 135 Third street.

Brush Fires in New Jersey. HAYMONTON, N. J., April 30.—Forest fires at Pleasant Mills, on Friday, destroyed the Junior Order of American Mechanics hall, including the lodge furniture and paraphernalia. At Batato, one mile beyond, seven dwelling houses were burned.

This fire was started at Batton, 10 miles away, by an old woman, who was burning brush on a small cranberry bog. It has ravaged over thousands acres of timber land, and the trees, subject to the damage done is \$150,000. It is not yet out.

THE BEST NATURAL APERIENT WATER, BOTTLED AT THE SPRINGS, BUDA PEST, HUNGARY. Under the Scientific Supervision of PROF. von FODOR, Director of the Hygienic Institute, Royal University, Buda Pesth.

Weakness, Sufferings, Paleness HUDYAN RELIEVES HUDYAN is a friend to sickly, suffering women, for HUDYAN quickly alleviates all those miseries that are peculiar to women alone.

Women who suffer as a result of chronic uterine or ovarian troubles are nearly always nervous. This weak-nerve condition brings on indigestion and constipation.

HUDYAN meets all these conditions. HUDYAN gives to weakly women strength, also a splendid appetite. HUDYAN acts gently and naturally upon liver and bowels, thus overcoming constipation. HUDYAN does not produce nausea, but is pleasant in effect. Persons with unusually weak stomachs find immediate relief in HUDYAN.

Note the numbers—they indicate points of weakness that HUDYAN cures.

HUDYAN cures pain in back, pain over abdomen, dragging pains, bearing-down pains. HUDYAN cures mucous discharge, and all chronic inflammations and ulcerations.

BIG COLLIER FLOATED

WILLAMETTE NOT SERIOUSLY DAMAGED BY SUNDAY'S FIRE

SEATTLE, Wash., April 30.—The big steam collier Willamette was floated this afternoon at 3 o'clock. Apparently she did not sustain serious damage by the fire of Sunday night, and is now being pumped out before the vessel is floated.

A letter was received by Governor Geer today from W. Wolf, of Montreal, Canada, asking for aid in finding the latter's son, who was last heard of at Huntington, Or., June 15, 1893. The son was Allen Wolf, 21 years of age, and was reported to have disappeared. The father visited Huntington in search of his son in September, 1894, and has since corresponded with J. J. Cavani, at that place, who has been assisting in the search. Two reports were gathered by Mr. Cavani—one that the young man was drowned in Powder River, the other that he was residing in South Dakota. The father fears foul play may account for his son's disappearance. The letters are made public in the hope that they may lead to some information regarding the young man's fate.

Little Political Talk. There is very little political discussion in Marion County at present; so little, in fact, that a prominent Democratic war-horse said today that he never before saw politics so quiet just before an election.

Marion County Taxes. Sheriff Durbin today made his second payment of 1899 taxes to the County Treasurer, the amount being \$18,129.38. This is the amount of taxes collected during the month of April. The total collected in March and April is \$27,888.84 of 1899 taxes turned into the treasury thus far. The most important items of this month's collections are: State county and town taxes, \$12,417.87; Salem School District, \$421.83; City of Salem, \$763.81; poll, \$284.

Small Strike at the Paper Mills. OREGON CITY, April 30.—Eleven boys employed as cutters in the Williamson Paper Mill, near Myrtle, today went on strike. The boys are demanding an increase of wages from 75 cents to \$1 per day. The matter was finally compromised by a promise to give the boys steady work on the mill, and the others were working on full time, the number getting in on an average of 15 to 20 days each month.

Militia Election. OREGON CITY, April 30.—Separate Companies F. O. N. G. held an election of Lieutenants after the regular Monday night drill this evening. Second Lieutenant Leighton Kelly was elected First Lieutenant, and Private Fred Humphrey was made Second Lieutenant, to fill the vacancy.

Oregon Notes. A new saw and shingle mill will soon be at work two and one-half miles southwest of Myrtle Point. The Corvallis Union-Gazette has dropped the name of Judge Hines as a candidate for the legislature on Tuesday and Friday.

Thomas Rookard, an aged and well-known resident of Coos county, died at his home at Ebechanted Prairie Wednesday, April 26, 1900. The owners of the Porter mill at Coos Bay have commenced an injunction suit against P. L. Phelan. The complaint asks for \$100,000 damages.

Andrew J. Andrews, a resident of Coos County, near Myrtle, since 1874, died April 25, at the age of 77 years, at his home on Sugar loaf. The Corvallis saw mill last week shipped three carloads of hard wood timber to California. Two cars went to Sacramento, and the third to West Berkeley. The Laguna, the wrecked steam schooner, has been dismantled, and will be allowed to remain on the Garibaldi beach as an attraction for summer visitors to the coast.

The steamer W. H. Kruger sailed from Hoboken for San Pedro last week. She carried 60,000 feet of lumber, and a good passenger list, among whom were the Jackson family. The new river steamer built by White, Moomaw & Snyder, above Coquille City, has been launched. She is 77 feet in length, with a 16-foot beam and 23-inch propeller, and will have a speed of 24 knots an hour.

The annual teachers institute of Crook County will be held in Prineville on May 14-16, and an excellent program will be prepared for the meeting. Superintendent Ackerman will be present and assist in the management of the institute. Claude Thayer has arranged to have the sailing schooner, Lillie and Mattie taken off the beach at Myrtle. If John Embury is superintending the work, she is still in good condition and can be made a serviceable boat if they can get her righted, and into deep water again. Friday afternoon the following notice was posted on the door of W. J. Carthy's bank at Lebanon: "Unless I can get money immediately this bank will not open." Mr. Carthy has been doing business on a very small scale in Lebanon for several years. The deposits in the bank were small, about \$500, the liabilities about \$800.

The first carload of canned salmon shipped from Astoria this season, to the consignee Saturday by the Booth Packing Company to its Chicago house. The consignment consists of the firm of the Spring catch. Densley, William Hume has been so long in the business of the district, and afterwards moved on the Snake River, where he met his death. Four of the family survive the deceased, all of whom were adopted.

Northwest Dead. Mrs. Colla Campbell. BAKER CITY, Or., April 30.—Mrs. Colla Campbell died in this city today, aged 50 years. She was the wife of John Campbell, who was killed on the Snake River about 15 years ago, his assailant now serving a life sentence in the Penitentiary for the crime. Mrs. Campbell was born in Indiana, and after the couple moved to Montana, where they resided several years. They came to Oregon about 15 years ago, and Mr. Campbell at once became interested in mining in the Crook district, and afterwards moved on the Snake River, where he met his death. Four of the family survive the deceased, all of whom were adopted.

Mrs. Benjamin Beach. OREGON CITY, Or., April 30.—Mrs. Benjamin Beach, aged 24, died of consumption this morning at the home of her parents, Mr. and Mrs. James Ward. She arrived from Skagway, Alaska, a couple of weeks ago, where her husband is now located. Her condition was not considered serious when she left Skagway, the attending physician giving an opinion that it was unnecessary for her husband to accompany her here.
