Co. for \$5000. Hunter was an engineer.

Suits for Divorce

Tillie J. Conlin has sued John J. Conlin

for a divorce on the ground of cruel treat-ment, and has also asked the court for an order restraining the defendant from

molesting or in any manner interfering with her during the pendency of the case.

They were married at Portland, January II, 1825. The plaintiff avers that about two weeks afterwards the defondant, un-

nindful of his marriage vows, maliciously

struck her, inflicting great bodily injury, and causing her much mental suffering. In March 1899, she states he ogain as-saulted and beat her, and at another time

assaulted and struck her at Grand avenue and East Morrison street. On December 25, 1898, in church, she says, he cruelly heat and shook her, and on another occa-

sion while she was asleep choked her and threatened to kill her. She avers further

that he came home one morning under the influence of liquor and threatened to

take her life, and to save herself she was

compelled to jump through the window, and she was afraid to re-enter the house and remained outside in the cold and wet, and finally sought shelter in the house of

Mrs. Charles Larsen. Mrs. Conlin also charges that the defendant is of a cruel nature, and is frequently under the influence of liquor, and at times is entirely out of his mind, and since their union has

spent most of his earnings in saloons. In conclusion, the plaintiff says her husband is employed by Sharkey & Co. and earns good wages. She asks for \$15 for costs to

prosecute the suit. 39 temporary alimony, and to be allowed to resume her maiden name. There are no property rights.

Mary A. Keyes has filed suit against J.

A. Keyes for a divorce because of deser-

A. Reges for a divorce necessed of each tion. She avers that she was united in marriage to the defendant at Vancouver. Wash, in 1892 and that he left her with-out just cause August 1, 1893, and has falled to provide for her since. There are

DONE BY CITY COUNCIL

GRAB OF \$1100 VOTED FOR THE SEVENTH WARD.

First Steps Taken Toward the Big Beech - Street Sewer, on the East Side-Routine Work.

The Common Council yesterday refused to take action on two of Mayor Storey's votoes, and referred them to committees. A \$100 grab out of the general fund was authorized as a graft for the Seventh Ward. A protest was filed against Madison street, between First and Front, being used as a freight depot by the East Side Railway Company. A petition was presented asking that the extensive Beechstreet sewer system be inaugurated. Apstreet sewer system be inaugurated. Appilication was made for permission to run bicycles on several blocks of the sidewalk on Milwaukie street. A wholesale appli-cation was presented for permission to stretch advertising banners across Front street for five months. Mayor Storey pre-sided, and all the Councilmen were pres-ent, except Baker.

Two Vetoes Referred. se Mayor presented his veto of the nance authorizing the improvement of Madison street, from Park to Wost Park, which was, on motion, referred to the committee on streets, to his evident dis-

A veto of the ordinance providing for the purchase of a dozen actics for the piaza blocks was next presented, and, the question being, Shall the ordinance be-come a law notwithstanding the veto of

the Mayor? a motion was made to refer it to the committee on parks.

The Mayor said it was his opinion that the first veto had not been properly disposed of. He thought a veto should be acted on at once, and asked for a stay of properties while he committed Roberts. receedings, while he consulted Rob-Rules of Order for information on

Jameson was of opinion that when a veto was submitted to the Council it had passed out of the hands of the Mayor, and the Council could do what it pleased

The Mayer not being able to find any authority on the subject, the veto was referred to the committee on parks, the Mayor's suggestion that it took eight votes to dispose of a veto being ignored.

Bikers Want Sidewalk Privilege. Cameron introduced an ordinance authorizing the riding of bicycles on the sidewalk on the west side of Milwaukie street, between Karl and Holgate sireets, from 6 to 9 A. M., and from 4 to 7 P. M. The reasons given for asking this is that the street is very rough there. There are only a few houses on the half-dozen blocks and two of the householders have blocks, and two of the householders have

esented to allow bicycles on the side The ordinance was read twice and Grab of \$1100 Out of General Fund-The City Engineer submitted a report proposed opening of Kelly street Terwilliger Park, recommending account of the slope of the hillaide in the park, the roadway be made only M feet in width, and that a trestle be built across a guich 190 feet in length. Thus reduced, the roadway could be built for \$1100. It is not shown that the openfor \$1160. It is not shown that the o to any one except one Kerrigan, and the

street will lead nowhere, as Thomas M. Hichardson vows he will not allow it to be extended through his property; but the report was adopted, and the grab out of the general fund authorized. Jameson later endeavored to have the vote by which the report was adopted reconsidered, but there were only two votes for this. The only excuse for raid-Ing the general fund for this careless job is that the Seventh Ward has not had its share out of the general fund, and those who have had their share felt constrained

to vote for this graft. Want to Stretch Banners.

se eight or ten dealers in agricul tural implements, cows and horses, har ness and saddlery respectfully petitioned for permission to put up banners advertis Mag their business across Front street, to stay up till September 1. The request was referred to the street committee.

It brought a smile on the countenances of most of the Councilmen, and it is high-

ly probable that the very modes; request will not be granted. The request is not so aurprising as the fact that permission was deemed necessary. Banners of this kind are usually stretched across streets or sdewalks without leave being asked, and in the present style of enforcing ordi-nances they can be left there from July to eternity if they do not rot out.

Protest Against Car Blockade.

The petition of storekeepers and proper-ty-owners on Madison street, between Front and First, praying to be relieved of the nuisance created by the East Side Radiway Company using that part of the street for a freight depot and allowing empty cars to stand on the screet most of the day, was referred to the street

Improving Four Sixth-Street Blocks. petition for the improvement of Sixth et from Morrison to Salmon, with vitsified brick, was referred to the street committee. It has the names of a majority of the interest d property-owners signed to it, so the improvement will probably be

Last Yamhill street to the sewer in Bel-mont street, and appropriating \$279 29, the cost thereof, was passed.

An ordinance declaring the probable cost of improving Broadway from East First to East Second streets, and appropriating \$303 91, the cost thereof, was passed.
Ordinances providing for the time and manner of improving the following-named streets were passed: streets were passed:

Sacramento, from Williams avenue to Union avenue.
Tillamook, from Williams avenue to Rodney avenue. Tillamook, from Union avenue to East

Seventh. Sixth, from Washington to Hoyt. Alley between Cook avenue and Free mont street, from Commercial to Ganten

Rodney avenue, from Hancock to Knott; and Sacramento, from Union avenue to East Seventh. An ordinance extending the time of completion of the rights and privileges granted the North Pacific Terminal Company for laying a switch on Thirteenth street, 120 days, was passed. The company is unable to get the ralls for the switch at pres-ent, and therefore asked for the extension of time.

The committee on atreets recommended that further consideration of an ordi-nance granting the Oregon Telephone & Telegraph Company a franchise over the streets of the city for 50 years, be 'n-definitely postponed. Adopted. On recommendation of the street com

militee, a remonstrance against the im provement of Clifton street was placed The reports of the City Engineer on the

proposed opening of Twentieth street and the extension of Upehur street were re-ferred to the street committee. The petition of the Hand Manufactur-ing Company for the vacation of Wat-son street was referred to the street com-mittee.

Beech-Street Sewer.

A petition asking that the Beech street and Cook avenue sewer system be insu-gurated was referred to the sewer committee. This in an extensive and expensive system, which has been in contemplation for some time, and includes a hig outlet sewer across the O. R. % N. Co.'s property at Albina to the river. The City Engineer was directed to prepare plans and specifications for this sewer system.

Petitions and Remonstrances. The petition of George H. Himes, asking to be paid \$200 on account of damages to his bonse and buggy, caused by a runa-way city team colliding with them, was referred to the judiciary committee. The remonstrance of the First Presbyterian Church against the proposed im-provement of Alder street, from Sixth to Lowsselmie, with wood blocks, was re-ferred to the street committee. The Poundmaster submitted a report

showing that the receipts of his depart-ment furnished \$16.75 toward paying the \$200 it costs the city.

The Municipal Judge presented a report.

for April amounted to the magnificent sum

A petition for the improvem ty-second street, from the extension of Thurman to block 21, Willamette Heights. macadamizing, was granted, and the ty Engineer was directed to prepare e necessary plane and specifications. A petition for the improvement of Grant street, from Fourth street to the Patton county road, was granted. Resolutions.

olutions directing publication of notice for the improvement of the follow-ins-named streets were adopted: Halsey street, from East First to East Third; Stark street, from East Third to East Seventh; Tillamook street, from Rodney avenue to Union avenue; Failing street, from Williams avenue to Union avenue; Sellwood street, from Williams avenue to Gantenbein avenue; Hancock street, from Williams avenue to Union

A resolution directing the City Engineer te a survey of the proposed exten-North Seventh was passed.

Six Months' Residence Required.

PORTLAND, May 1 .- (To the Editor.) Can a man coming to Gregon from an-other state in January, 1900, record his residence and vote for President at the

residence and vote for President at the November election of the same year? Also can a man coming to this state in November, 1826, record and vote in June election of this year. SUBSCRIBER.

1. No. He is not qualified to vote in June; betwee council get his name on the registration books. He may "swear in" his vote at the November election. his vote at the November election. 2. Yes, provided he came on or before 2. Yes, provided he came on or before November 15, 1895, and is a citizen of the United States. Oregon requires only overruling a motion to elect, and alleged six months residence in the state.

IN THE SEVERAL. COURTS two crimes, because it charged Carlson with the robbery of two men, Knudson and Harding. The motion to elect was as to which of these charges Carlson should to which of these charges Carlson should be first tried upon. The other principal point is that there was no evidence at either trial to show that the rifle used was loaded. "Robbery being armed with a dangerous weapon" is punishable by from 5 to 29 years in the penitentiary, while in "simple robbery" the penalty is only from one to five years. If the rifle was not loaded, it is contended the offense committed was only "simple robbery," and that therefore the sentence pronounced on Carlson of 14 years in each case was filegal.

Probate Matters.

case was Illegal.

Martha Nickerson, administratrix of the estate of Arthur L. Nickerson, deceased, was authorized to sell three acres of land. The petition of J. G. Blank to have his claim of \$100 against the estate of H. B. Borthwick, deceased, allowed, as a preferred claim, was denied.

D. H. Bamhoff, S. J. Beachler, and A. Klinger were appointed appraisers of the estate of Alice Freeman, deceased. gine was thrown from the track a short distance west of Rooster Rock Station,

times likely to come down the slope on to the track, and that a large rock and other debris had slid down on the track, causing the engine to be derailed. It is furthermore stated that the place was on

water and in an unsafe and dangerous condition. It is also averred that the company failed to keep a watchman at this point, and neglected to take any means to make the track safe. Eva Hunter, whose husband, Robert Hunter, was killed by the same accident, The Mount Hood Poultry Farm Com-pany filed articles of incorporation; in-corporators, A. E. Cooper, F. M. Moore and was engaged in running the locomo-tive. The allegations in this complaint are precisely the same as in the other case. A. S. Bennett. of The Dalles, appears as

EXAMINED TIMBER LANDS.

Wisconsin Lumberman Speaks of Oregon's Forest Wealth.

Benjamin Sweet, a prominent timber and speculator, of Milwaukee, Wis., is resting up at the Portland after an extended tour through the forests of egon, Washington and Northern Ca He expects to make some purchases mber lands up the Santiam River, near Mill City, where he has found large bodies of fir, which will be called upon to supply the world's market in the near future. "Fifty years ago," he says, "timber lands were bought up in Wisconsin, Minnesota and Michigan at the rate of 10 cents per thousand for the timber, and now these same lands are held at \$1.50 per thousand stumpage. The purchasers of those days have nearly all passed away, but those who purchase timber lands in Oregon now won't have to wait half a century for their reward, as Oregon contains about all the timber in America that has not been absorbed by large speculators. The forests of Wisconsin and other tim-fer states of the Upper Misassippi are well nigh exhausted, and the Atlantic dities must look to Oregon for their lumcities must look to Oregon for their lum-ber supply within a very few years. There is yet considerable timber in the Southern States, but it is of the white pine va-riety, heavy and sappy, and will not com-pare with the fir of Oregon, for struc-tural purposes. I have heard a good deal of the timber resources of British Colum-bia, but they will not amount to much when drawn in by the markets of the world. In Northern California I found world. In Northern California I found me fine bodies of redwood and also in Southern Oregon, but the Oregon fir is the standard lumber of the world, and is bound to hold first place in general de-

He finds considerable land for sale in this state at prices ranging from \$300 to \$3000 per quarter section, and much of it still remains in first hands. Middlemen. however, are necessary when purchasers desire large bodies in any particular sec-tion, as it would be very difficult for spec-ulators personally to visit every quarter near or remote, in hunting lands and making estimates on the stur has been out himself at the head of a party of five for the past few weeks in he Santiam country, and finds there is good deal of hard work connected with traveling over the foothills of the Cas-cades, where even horseback riding is impossible. His party goes as far as wagons can be taken, then the saddle and pack horses are used where only trails ex-ist; after that the members of the party must take it on foot, and pack what sup-plies they can. He will return to the

Santiam within a few days.

In speaking of the lasting qualities of red fit, Mr. Sweet says he saw a nemiock four feet in diameter growing on top of a fir which had lain on the hillside near Mill City for nearly a century, and yet its wood was as firm and sound as when it fell. The roots of the hemiock did not penetrate the fir log, but encircled it, and vere drawing sustenance from the soil
