SOUTH BEND, Wash., May 8.—The issue in the last city election was between high license and low ficense, coupled with strict enforcement of the Sunday closing law against the sale of liquors ciosing law against the sale of liquors to minors and against gambling. A Council and Mayor pledged to a \$500 license and enforcement of the laws mentioned were elected, and as a result the saloons have been shut tight every Sunday They have, however, grown restive under the new regime, and last night petitioned the Council either to close the candy and newsstands and the bowling alleys on Sunday or permit the raisons to open. The petition was turned down. It is understood that some of the saloon men will force matters to an issue by either filing complaints against some of the oper stores or by opening their saloons on Sun-day. As the ordinance under which the licenses were issued forfeits the license the moment the law is violated, the outcome of the latter step, if taken, will be watched with interest.
