NEW YORK, May 11.—The Commercial a ertiser's London financial cablegram says: The markets here were rather harder today Grand Trunk and West Adstrainan Business, however, was slock, at the beginning of the settlement. There was some talk of peace, hared on a report that the Volksraad had given the Transvaal Government authority to act as circumstances may require, coupled with the cabinet council today. Funds railied on the sudcaldinet council today. Funds railled on the sud-den easing of money. Americans began firm, some of them going a deliar over parity. New York did nothing till the close, but in the street efforced stock, cameria a final sag. It is thought the Boer emissaries' visit to America will cause temporary disturbance in the United States, affecting the market. Tintos spuried to 55% on the los rise in metals, but relapsed to 55% on Park sales before the settlement. o 54% on Parts sales before the settle Amountains were supported. The bank bought \$24,000 gold in German coin, and was notified of \$50,000 at the Cape, and \$100,000 in transit from Japan, which will probably be intercepted. Money was unlendable.

"Hence This Puff." "One of the pleasantest sights we have had in this town in a long time was the artistic manner in which John Griffin, of Lawrence, burled 'Bill' Kruger, who died since our last issue. Mr. Griffin had his trade at his tragers' ends, and he handled trade at his firgers' ends, and he handled our dead clizen with an agility that was startling in its originality. He was everywhere at the same time, weeping with the afflicted wislow, discussing weather prospects with the farmers and soliciting business from the other attendants at the funeral. He will doubtless be able to get all the business in these parts. Before leaving for home he subscribed for this great family weekly, paying a year in advance. Hence this puff."—Vineland (Kas.)
