The report also shows that the receipts for the 11 months from May 1, 1898, to May 1, 1899, were \$1,100,000, and the expenditures \$1,090,000.

Probably Agonillo's Work.

WASHINGTON, May 24.—The Paris dispatch of an insurgent victory in Catbig is undoubtedly a Filipino account of the battle which occurred on May 23, and in which there were about 30 American casualties. It will be remembered that Agonillo, the representative of Aguinaldo, is in Paris, and that he from time to time gives out accounts of the progress of the war in the Philippines, which have always proved to be exaggerated accounts of occurrences that have been fully published.

The cost of the extension to Prairie City is estimated at close to \$200 per mile. Contractors are now engaged in making their calculations, and it is probable that the contract for 18 miles of the line will be let next week.

Williams (Dem. Ill.) offered an amendment to provide for a territorial delegate from Alaska. Both political parties, he said, were committed to the proposition that the territory should have a delegate in Congress.

The conference report on the Indian appropriation bill was adopted. Fitzgerald (Dem. Mass.) called attention to the fact that by the terms of the bill Congress for the first time since General Grant's administration, refused a cent for contract schools. He charged that this was due to the campaign of bigotry waged in certain sections of the country against these contract schools, most of which were Catholic. The result, he said, would be that 30 Indian children would be denied schooling until Government schools could be built.

A bill was passed requiring the disbursing officer of the census to give an additional bond of \$50,000 for the faithful performance of his duties during the year ending Jun 30, 1901.
