DISORDERS IN ISLE OF JERSEY

Trouble Threatening Between British and French Residents.
LONDON, May 25.—Serious trouble is threatening between the British and French residents of St. Helier, island of Jersey, owing to the pro-Boer attitude of the latter. There have been several collisions, and this morning troops were forced to charge with fixed bayonets to prevent the demonstrators from invading the French quarter. Thirty arrests were made. The French Consul has reported the situation to the British Foreign Office, with the result that the latter has wired to the governor, Lieutenant-General Sir Edward Boplin, holding him personally responsible for the maintenance of order.

TO PRISON FOR LIFE.

Sentence of Welland Canal Dynamiters.
WELLAND, Ont., May 25.—Carl Dullman, John Walsh and John Nolin were today convicted by Chancellor Boyd and a jury of having attempted to wreck lock 24 of the Welland Canal with dynamite, and were sentenced to imprisonment for life in Kingston Penitentiary.

Queen Thanks the President.

WASHINGTON, May 25.—Ambassador Choate, at London, has cabled the following message from Queen Victoria to the State Department:
"American Ambassador—Pray express my warm thanks to the President of the United States for his kind congratulations for my birthday."

BOERS ALL ACROSS

No Fighting Men Left South of the Vaal River.

ROBERTS IS ADVANCING RAPIDLY

His Army is Expected to Invade the Transvaal Today or Tomorrow—Boer Movements a Mystery.

LONDON, May 25, 2:30 A. M.—The latest intelligence from Lord Roberts' headquarters at Vrededorp Station, filed Thursday, 5:45 P. M., was that the British were rapidly advancing their positions south of the Vaal River, and 5000 had already crossed the north bank. Probably General French's cavalry is already reconnoitering the ford of the Vaal. The British Office also has received a dispatch from the field marshal which will be dated "In Sight of the Transvaal Frontier."

Bennett Burleigh, writing to the Daily Telegraph from the front on Thursday morning, said Lord Roberts would doubtless cross the Vaal River Saturday or Sunday. The British outposts were then at Ernie Gekker's farm, and a command of 500 is guarding the bridge against any such attempt by British raiders.

It is reported that President Kruger will retire to Lydenburg when the British are imminent at Johannesburg and Pretoria. Concern is expressed at Pretoria with reference to the possibility that General Carrington may come down from Rhodesia with 2000 men to cooperate with the Boers and to make a dash for the Vaal.

Colonel Baden-Powell declines to act upon the suggestions of his friends that he should return to England for rest. He is determined to retain his active command at the front. Advice from Mafeking, dated May 25, says:

"The Boers are intrenching at Fofontene, 10 miles from Mafeking. The Northern Railway is now repaired to a point within four miles of the town. Ample supplies of plain food are coming in. Colonel Baden-Powell has ordered the St. Boers and 11 wounded Boers to the Commandant, who thanked him for his kindness. The Boer attacks, stimulated by the British successes, attacked the natives at Bethune, on May 19, and took much loot. They released Saml, the old chief who had rendered good service to the British in keeping Mafeking supplied with food during the siege. The railway south of Mafeking is being repaired rapidly, and the bridge at Taunga can now be used. Refugees from Mafeking are passing through Taunga bound for the Cape."

Two thousand Boers are near Picketburg, besides small roving parties that come into contact with the British with some frequency. There is heavy fighting with the Boers last Monday, organizing and inspiring them, and drafting recalcitrants into the service. The British are sweeping the country far and wide, seizing horses, cattle and grain. Yesterday President Steyn was reported to be at Bethlehem with a small force appealing to the Free States to defend their freedom and independence. Apparently he and all the Free States he can assemble will not join the Transvaalers, but will remain in the northeastern section of the Free States.

There was heavy cannonading at Mocheneze, near Bethlehem. The firing began at dusk. Why, and with what result, is not known at present. The Times has the following from Newcastle, dated Thursday:

"The Boers are fortifying a very large and semi-circular position extending from Majuba to Pongwana. Large numbers are entrenching and six guns are visible."

General Buller has communicated to the Colonial Government Colonel Buller's report of the loss of the squadron of the Bethune Horse in ambush at Vrededorp. The report says that "this regrettable affair was due to the imprudence of Captain Goff, who was killed."

Advancing on the River.

PRETORIA, Friday, May 25.—An official bulletin issued here says it is reported that the British have occupied Vrededorp and are advancing on Shoemans' Drift. General Dewet announces that the federalists have occupied Heilbron and Potchefstroom. He reports that the call to arms is meeting with a noble response.

BOER ENVOYS STATEMENT.

They Will Have Time to Visit Only a Few American Cities.

WASHINGTON, May 25.—The following statement was issued today by the Boer envoys who are in this city:

"Messrs. Fischer, Wessels and Wolmarans, who are representing the South African Republic in this country, have received many pressing invitations from most of the large cities of the United States to visit them, but, owing to the short time they have to spend in this country, it will not be possible to accept all of the invitations received."

"It is their intention to return to their own country, staying in Europe sufficient time to carry out their instructions, but before leaving they have concluded to yield to the great demand on the part of the American people to spend a few more days in America, and they have concluded to visit first Baltimore, Philadelphia, Providence and Boston during next week. After visiting these cities they are in hopes of being able to spare the time to

WILL AGAIN NAME M'KINLEY FOR PRESIDENT

SENATOR J. B. FORAKER, OF OHIO.

CHICAGO, May 25.—A special in the Tribune from Columbus, O., says: Senator Foraker said today that he would present the name of President McKinley to the Philadelphia convention for nomination. It was Mr. Foraker who placed McKinley in nomination at the St. Louis convention in 1896.

LOOTED THE CHARLESTON.

Filipinos Said to Have Stripped the Wrecked Cruiser.

SEATTLE, May 25.—During the last voyage of the Churrucra from Apari, according to the Manila Freedom, the steamer touched at the island where the Charleston was wrecked, for the purpose of taking on board a number of passengers and American civilians were passengers on the ship and they seized an opportunity to go ashore. Ruins of a house larger and more modern than the cottages of the natives attracted their attention. While passing through the place they stumbled across the searchlight of the cruiser Charleston and upon it placed several instruments, the property of the Charleston's medical officer. No arms were found among the loot, and the suspicion is that the booty of the natives was the hands of natives they were taken across the mainland where the rebels might use them.

A report from the wreck of an expedition failed to find anything of the ship, and the supposition was that she had slipped off the reef and sank in deep water. The startling theory is now advanced that the natives, who were the latest discovery that the natives, knowing the immense value of the wreck, contrived to cut off the masts of the ship, and to sink her in the bay. The natives, thereby hiding the hull from the Government, and saving the work of salvage for their own good time and pleasure.

The hull of the Charleston is barely submerged at low tide, and would be easily accessible to experts, and there is no doubt the natives have been busy at work on her since the time of the wreck last September.

STRIKE SYMPATHIZERS.

Cashed Another Riot in St. Louis Yesterday.

ST. LOUIS, May 25.—Sympathizers of the striking street-car men were again the medium of a riotous demonstration today, and as a result another name was added to the list of those who were arrested, as a car on the Jefferson-avenue line, running south, approached Sullivan avenue, it was attacked by a crowd of men and boys. Several shots were fired in the air. The police on duty returned the fire, and in all about 100 shots were exchanged. Peter Welke, a patrolman, who was riding on the front platform, was hit in the left arm by a bullet produced an ugly wound. It is not known who fired the shot, as the crowd scattered as soon as the men on the car drew their revolvers. It was rumored that the riot was the work of the strikers, but they could not be found by the police.

The differences existing between the management of the St. Louis & Suburban Railway and the strikers, who are in its employ were satisfactorily adjusted this afternoon and all danger of another strike has been averted, at least for the present.

Twenty-two lines of the Transit Company were in operation today, but few cars were running.

At 6 A. M. an attempt was made by somebody unknown to blow up a car on the Spaulding-avenue line of the Transit Company. The wheels of the first car struck something that exploded with a loud noise, and lifted the car two or three feet into the air.

Naval Station at San Diego.

SAN DIEGO, Cal., May 25.—Captain Field, of the United States steamer Ranger, has received orders from Washington to proceed to San Diego, to make a survey of the bay and recommendations as to whether this is a suitable location for the establishment of a naval coaling station, and further to advise whether it is possible to construct a pier in the harbor. The work of surveying the harbor will be begun immediately. The minimum depth of water will be reported, and also the cost of the necessary land, if the Government does not already own land near where the bunkers would be located.

Runaway Work Train.

AKRON, May 25.—Three men were killed and a number of others seriously injured as a result of an accident to a work train today on the Akron & Cuyahoga Falls Rapid Transit line. The train on two cars carrying a dozen workmen became disabled at the top of a steep grade. The cars rushed down the incline at a terrific speed. Nine workmen jumped and were seriously injured. The others stuck to the cars until they jumped the track at the bottom of the hill, and were killed. The dead are: Jack McMahon, Michael Penders, E. Walker,

LOOKING TO OREGON

National Significance of the Coming Election.

EDITORIAL IN WASHINGTON POST

Friends of Expansion Confident of Success—Provision for Duplicate Copies of Land Office Records.

WASHINGTON, May 25.—The Washington Post has an editorial today on the significance of the Oregon election. It says:

"In Presidential campaign years the Oregon election, occurring on the eve of the National conventions of the two great parties, is always a matter of much more than local interest and is generally charged with national significance. This year will be no exception, unless the interest be greater and the significance more marked than heretofore. The largest vote in the history of the state is indicated by the registration. The Democrats, Populists and Silver-Republicans are fused and are fighting for 15-to-1 as earnestly as if that mummy were a living and robust reality. They are also giving attention to the courts and 'imperialism,' and, upon the whole, making a strong fight, not without hope of success."

After giving the election figures of four years ago, the editorial continues:

"The fight was won on a gold-standard platform and Oregon is regarded as firmly planted on that side of the coinage question of any campaign which threatens the stability of the standard. Expansion, or as the Democrats and their allies call it, 'imperialism,' is the most interesting of the issues on which the Oregon voters will pass."

The Post then quotes from the Oregonian, which, it says, is "an independent Republican paper," relative to the issues involved, and "if under existing conditions funds should be made available in Oregon on the expansion issue, the result would be regarded as extremely significant, but the friends of expansion are not anticipating such a backward."

Duplicates of Lakeview Records.

Senator Hanna has prepared an amendment to the sundry bill appropriating \$10,000 for preparing copies of the records of the Lakeview land office, which dispatches announce have been burned.

To Take the Portland Census.

Representative Moody has secured the appointment of N. J. Lovvick, an special agent to assist Supervisor Telfer, in taking the census of Portland. Supervisors are not granted assistants in their home towns, but an exception was made in this case owing to the extent of the supervisor's district and the desire of Representative Moody to give the supervisor sufficient assistance to guarantee an absolutely accurate enumeration.

Emergency Bill Reported.

The Senate committee on commerce, through Senator McMillan, today reported the emergency river and harbor bill. On the following additional harbors, rivers, and canals were authorized: San Joaquin River, California, from Antioch to Suisun Point; Colorado River, Nevada, from Eldorado Canyon to Riville; Columbia River, Oregon, for canal at The Dalles; Snake River, Idaho and Washington, from the head of navigation to the Columbia.

Army Bill Goes Over.

Chairman Hull, of the House committee on army, today reported definitely that, owing to the lateness of the season, it would be impossible to consider the bill to increase the efficiency of the Army.
