BAKER COUNTY PRECINCTS MAY FAIL TO GET THEM IN TIME.

Printer's Stock is Still in Portland, and Haste With the Work May Be Unavailing.

BAKER CITY, May 29. — Considerable excitement was created today when it became known that the ballots for the election next Monday were not yet in the hands of the printer. The contract was awarded a few days ago, but the material for the work has not yet arrived, and it is considered doubtful that the ballots can be printed in time for distribution on elec-

Telegrams were sent this afternoon to have the material transferred from the freight cars and forwarded by express. It is now in the freight depot in Portland. and unless sent as requested will not arrive here for two or three days. The work takes several days, and as the office to which the contract has been awarded is entirely unprepared for the emergency, it is believed to be impossible to have the ballots ready in time for distribution to dutside precinets, to some of which it will take 40 hours to deliver by special car-

The contract calls for the printing of 24,000 ballots, and the state law requires that they shall be in the hands of the Sheriff for distribution five days previous to the election. If the consignment is forwarded as ordered today, the material will arrive tomorrow afternoon.

The Campaign in Lane County,

EUGENE, May 28. — Election supplies have been delivered by the Sheriff to the various precincts throughout the county for next Monday's election. Judging from the registration of electors, the vote is expected to be a heavy one. It is estimated that the vote will, however, fall somewhat short of the number registered. The number who will register on election day is not expected to equal the number who have registered, but will not vote. The joint canvassers of the county are silled for Eugene next Saturday, which will close the campaign. There has been less enthusiasm this season than is cus-tomary in a campaign, and it is reported from all parts of the county that practically no votes are being changed either way by the joint capvass. The Republi-Fusion committees have received reports from all precincts, and the Re-publicans claim their whole ticket will be elected. The Fusionists claim a portion of the ticket, but make their claims in a manner which indicates some doubt.

NEWS OF ASTORIA.

Sailor Libeled Ship for Wages-Several Fishermen Arrested.

ASTORIA, Or., May 29.—The British ship Dovenby Hall, that is anchored in the lower harbor, is in charge of a Deputy United States Marshal. When the vessel reached Portland a member of the crew was ill and was taken to the hospital for He was released from there as cured and fit to go to work. He denied that he was in fit condition to return to work, and refused to do so. The captain of the vessel refused to pay him off, so has libeled the vessel for \$92.

Deputy Fish Commissioners Loughery charges of illegal fishing. Two proved that they had Washington licenses and were released. Two more were released on \$20 bail to appear for trial on Thursday. They claim to have Washington licenses that they can produce at that time. The other man was fined \$90 for not having an individual license.

It is understood that an agreement has been reached whereby the original con-tracts between the canneries and the Co-lumbia Oil & Guano Works for the delivery of fish offal will be continued as heratofore. For that reason the machiners will not be removed from the Grassy Is-

TO ANSWER POR MURDER.

James Palmer Brought From Wy oming for Offense in La Grande. UNION. Or. May 22—Jemes Palmer was brought here last night and landed in the County Jall, having been arrested at Rawlins, Wyo., charged with the murder of Bill Rising at La Grande seven years ago, since which time he has sinded the officers. His examination will be held tomorrow,

Eugene Will Celebrate EUGENE, Or., May 28.—The matter of a colebration in Eugene on July 4 is now settled. The committee appointed to so-licit funds has received subscriptions sufficient to provide for a first-class celebra ficient to provide for a first-class celebra-tion, and this without any effort. The business men when called upon were not reluctant about making their contribu-tions, and the work of the committee was nothing except to make a list of the amounts. The general committee of ar-rangements has been busy several days, and a general outline of the features of entertainment has been made. Some novel features will be introduced to vary th monotony of the ordinary Fourth of Ju-celebration. Rev. M. H. Wallace has been chosen as orator of the day, and Pro-feesor I. M. Gien reader. A goddess of liberty will be selected as has been done heretofore, by popular voting con-

Washington Women's Clubs.

Washington Women's Clubs.

NORTH YAKIMA, May M.—The first session of the State Federation of Women's Clubs opened this morning in the Methodist Church. Nearly every club in the state was reported. Mrs. Kate Turner Holmes, of Seattle, president of the federation, presided over the meeting. The morning session was devoted entirely to reports of officers and committees. In the state was reported to the state of the state afternoon papers were read by Mrs. Sharkey, Mrs. Cox, Mrs. Povice, Mrs. Ash-enfelder, Mrs. Kellogg, Mrs. F. C. Coe and Mrs. W. L. Adams.

Tonight a reception was given at the Commercial Clubrooms to officers, delegates and visitors, at which 200 ladies and gentlemen were present.

Notes From St. Helen.

ST. HELEN, Or., May 39.—The jury in the Lane case falled to agree, and the case was continued to the next term. Had the jury been instructed to find for a simple assault, or for an attempt to commit rape there is no doubt but that such an agreement would have been made as would have resulted in Lane's serving a term in the County Jail.

Every effort is being made for the election of a McBride men for Representa-

tion of a McBride man for Representative, even to the delaying of court, in or-der that attorneys may have time to go to distant parts of the county to make political speeches.

Another Transfer of Tacoma Ledger. TACOMA, Wash. May 29.—The stock in the Tacoma Ledger held by C. J. Lord and Judge M. J. Gordon has been purchased by Mark E. Reed, manager of the Capitol National Bank, at Olympin. Judge Gor-don has recently been appointed assistant to Mr. Thompson, the Western attorney for the Great Northern Rallway, and will be located at Spokans, and consequently he would not be in touch with the paper, Mr. Reed, in an intervew at Olympia, says he has bought the paper as an investment, with the expectation o fretaining it. There will be no change in the managem

City and County Buy a Gravel Bar. CORVALUS. Or., May 29.—An agreement has been reached between Corvallis and Benton County for the joint purchase of a gravel bar for use is improvement of streets and roads. The bar is known of streets and roads. The bar is known as the Sol King bar, and the price to be paid is \$1000. The county is to pay half and the city half, and in operating the ferry used in connection with the bar, the expense is to be shared equally.

S. L. Kline was elected Councilman for the North ward to fill the unexpired term of H. W. Hall of H. W. Hall.

Vancouver Island. Sealskins brought in by Indians bring \$4 and \$15, an advance of \$5 over last year. As a consequence, Indian hunters are demanding higher wages to go on white schooners

Objects to Reduction

TACOMA. May 29.—County Treasurer Judson this morning appealed to the Unit-ed State Court to prevent the County Commissioners annulling the \$5.00 tax arrearages on the Northern Pacific Railway. The hearing of the case before Judge Hanford takes place tomorrow.

First Steamer From Klondike VICTORIA, May 29.-News has b ceived here that the steamer Flora, with the first crowd of Klondikers of the season, reached Lake Lebarge on May 14 on her way from Dawson. Ice blocked her there, but it is expected that the

river is clear by now. Oregon Notes.

The Ladies' Alf Society of the Pres-oyterian Church at Eugene will give a paby show on the 5th of June. Archbishop Christie delivered two ser-mons in the Catholic Church at Eugene Sunday to large and appreciative congregations. In the afternoon a class of 54

William E. McClure, formerly of Eugene, and a University of Oregon alumnus, will be graduated this year from the department of law, Columbia University, Washington, D. C.

What are the Oregon hoys coming to? asks the Albany Democrat. John G. Hammond, a Europe young man, is doing the villain in a "Sapho" company doing the New Eveland States.

J. T. Rorick last week cut a field of rye on the old Frank Taylor place across the river from The Dalles that averaged in height six feet and eight inches. Some of it measured seven feet three inches. Mr. Rorick says it beat any rye csop he

Circuit Court opened at The Dalles preferday morning with a light docket. There are only two crimingle cases, that of Robert Gardner for assault with a deadly weapon, and that of William Van Pelt. who is accused of horse-stealing. The civil cases are few and unimportant. The committee on lights of the Marshfield City Council has received three es-timates of the probable cost of a plant capable of furnishing 1500 lights of 16 candle-power. The estimates vary little, and range from \$7000 to \$8000. This in-

cludes overything, with the exception of a building. Under the old contract with the Electric Light Company, the town

DEMAND BETTER SERVICE

COOS BAY WANTS CLOSER CONNEC TION WITH PORTLAND.

Would Prefer to Give Its Patronage to Oregon City if Transportation Facilities Were Adequate.

MARSHPIELD, Or., May 18.—The Cook Bay country, will demand better steamer service from Portland or transfer its en-ting business to San Francisco. The pres-ent service has at no time been adequate, ent service has at no time been adequate, and with the most prosperous times in the history of this section it grows more wretched. The steamer Del Norte is the only boat plying between Coos Bay and Portland, and its tripe are limited to one every two weeks, with passenger accommadations at the extreme low number of 25. For several tripe past 20 to 30 passengers have been turned away, many of cengers have been turned away, many of sengers have been turned away, many of whom take a steamer to San Francisco, and change the route of their journey to Eastern or other points out of the state. Last year over 200 passengers landed in and went out of Marshfield via San Francisco, at least one-fourth of whom came from the states over the Southern Pacific, instead of going over to railroads to Fortland. Satisfice show how many thousands and. Statistics show how many thousands of tons of freight go in and out of Marsh-field east and west through the states over the Southern Pacific via San Fran-

San Francisco merchants fully realize the business importance of this section, and for many years have maintained an excellent line of steamers to this port. Susiness men are almost compelled to rade with the California metropolis, although fully cognizant of the fact that by so doing they pay heavy tribute, from which they would be exempt in Portland, by reason of its several competing transcontinental railroads. A fair trial con-vinces the most akeptical that Portland is by great odds the best market on the Pacific Coast.

This section not only has urgent need for, but demands a steamer between Port-land and Marchfield, with a capacity of not less than 300 cs 400 tons, to hold the business of Coos County for Portland, with accommodations for not less than & r 60 passengers. Besides Marshfield, which supplies Co

quille, Myrtle Point and Bandon, not less than nine other places, like Tillamook, along the Coast should be visited by one

t two smaller steamers. No section of the state possesses more numerous and valuable resources than the Coos Bay country and its tributaries. At present it is noted for its immense output of coal, fruit, lumber and dairy pro ducts. Its development has but com-menced, however, as a comparison of its industrial record will strikingly prove. Portland is entitled to the large volume of business accruing from this section, and its people are anxious that it be so bestowed. The matter could be easily arranged. A steamer to Coos Hay from Portland, not from Portland to San Francisco and way ports, would supply the means. The run direct can be made in a little over 12 hours, and with prompt and regular services the trade and present. and regular service the trade and passe gor traffic between this section and Portland would at once assume im

RUST IN WHEAT FIELDS. Not Shown Whether It Will Be a

Injury or a Benefit to the Crop. PENDLETON, Or., May 29.-The first injury which has been reported to the wheat crop this year is now said to be the presence of some rust in the places where the mointure is greatest. Some farmers are claiming that the rust so far is seen quiy ou the leavee, and that if it is not communicated to the stalk it will be more of a bepefit than an injury, because it will send to stop too rank growth it is not communicated to the stalk it will be more of a benefit than an injury, be-cause it will tend to stop too rank growth that has had attained and cause the strength to be sent into the stalk, thus in-suring better filling. The very abundant rains that have prevailed all through the ceason have induced a remarkable heavy stand of grain, which, if properly filled, will give an enormous yield. Harvest-ing is expected to begin in about two weeks in the country to the north and west of Fendleton, and two weeks or a VICTORIA, May 29.—Fishing for Spring salmon has commenced on the northers rivers. During the big storm last week in the country to the north and west of Pendleton, and two weeks or a little more in other parts. Every one is expected to begin in about two weeks in the country to the north and west of Pendleton, and two weeks or a little more in other parts. Every one is expected to begin in about two weeks in the country to the north and west of Pendleton, and two weeks or a little more in other parts. Every one is expected to begin in about two gest crop ever harvested in this county Warehouse room may be somewhat scarce, on account of the large amount of grain yet held from former crops. Grain Bags Are High.

Grain bags are now quoted here at I cents apiece. The farmers are consid-erably interested in the arrival of the Wendur, from Calcutta, due at Portland on after the 1st of June, which is to bring the supply of bags for the Inland Empire. A year ago the delay in the ar-rival of the Macduff occasioned a stiff dee in the price, and quite a good many farmers were compelled to pay as much

Will Feed Wheat to Hogs. Quite a number of farmers of ounty will feed wheat to hogs this Fall county will feed wheat to hogs this Fall, in the event that the market price be less than 45 cente per bushel. It is claimed that wheat fed to hogs at present prices for pork on the hoof will net about 50 cents a bushel. Comparatively a small portion of the crop could thus be disposed of, since annually 5,000,000 bushels are raised in Umatilla County. The movement to bring in more born however is ent to bring in more hogs, however, is

a permanent one, and is part of the ger eral move for greater diversification crops. Athletes to Compete

The athletic team of the Pendleton High ool will go to Weston to compete Saturday against the team of the East-ern Oregon Normal School. It will be on the occasion of the annual reunion of the Pioneers' Association of this county. The Pendleton team recently won the silver cup put up for the greatest num-ber of points in the total score. The reunion is to last throughout

Thursday, Friday and Saturday, and will ing to that town a great many om all parts of the county. On day representatives of all the political par tics will be present and address the aseembled crowds. Elaborate preparations have been made to entertain an immense number of people. These reunion heretofore been highly successful. These reunions have Race Meet.

The first racing meet of the Pendleto horse men is to occur on Thursday after noon at the track one mile east from -a free-for-all pacing, a trotting, a run ning and a free-for-all roadster race. I the pacing race the entries are: Frank Frazier's Umaholis. 2:17½: George Perin-ger's Pathmark. 2:25½: Cris Simpson's Alta Norte: 2:16½, and John Campbell's John Edison. 2:28½. In the trotting race the entries are: J. A. Baddeley's Oveta, 2:27% Cris Simpson's Phil N., 2:20%; Mark Pat ton's Mount Hoot, no mark. The meets

are to be held each two weeks during the Summer. GREAT FEAT OF JOURNALISM.

The Lakeview Rustler Scoopes the Examiner by Burning Out First. The first edition of the Lakeview Rust-ler since the fire which destroyed the business portion of Lakeview, has just been received. It bears the date of Max M comes in the form of a diminutive extra "fire edition," and "warm number" combined, and its first page contains a description of the configuration with fiery heading in display type, probably the only job type the unfortunate editor saved from the flames. Here and in the account, wrong font letters may be found, and capitals frequently take the place of lower case, but taken altogether, the of lower case, but taken altogether, the edition is very creditable when one reads the editor notice, which is as follows:

"With a few galleys of type and a few Hon. E. C. Pellows, the new Consul-

broken cases of display type and a pocket broken cases of display type and a pocket book in a worse condition, the future of the Rustier looks gloomy enough. We are going to make a desperate effort to continue the publication of the paper. Any of our friends who wish to aid us in this undertaking can do so greatly by jaying up all arrears that may be due, and a hundred or more new subscribers would also aid in laying in a new plant. The paper will continue until after election, in any event."

After acknowledging the kindness of his contemporary, the editor of the Examiner, who had saved a great deal of his type, and who had given the Rustier the use of it, the Rustier's publisher in his gloomiest moment, could not forbeat from gloating over a bent as is shown by the following editorial:

"The Rustier got in the last grand scoop on the Examiner—it burned estines."

HOMESTEADS NOT PROVED.

List of Entries on Which Time Ha Run in Oregon City District. OREGON CITY, May 18.—On May 16 the of the General Land Office that there were le homestead locations in this district on which the statute of limitation for making final proof had expired. Today a list and description of the cisims were received from the General Land Office with an indorsement of cancellation, dated May Z. Three of the claims were located in 1892, eight in 1891, and five in 1892. They are

WHY JAPANESE IMMIGRATIONS Special Inquiry Is Being Made a Puget Sound.

TACOMA, May 29 .- A special board Inquiry. composed of Collector W. A Fairweather, chairman: Deputy Collector S. W. De Laccy and Robert Watchhorn special supervising immigration inspector who is in Tacoma from Washing-tion for the express purpose of inquiring into the sudden immigra-tion of Japanese to this Coast worked from 7 o'clock last night until mid night, passing on 71 Japanese who had been rejected by Immigration Inspector Walker on the steamship Glenegle. Out of this number the board-rejected 50 of them outright. This is by far the largest number ever rejected out of a single shipment to the Sound.

Nineteen of the remaining 21 came dangerously near being rejected also. They were allowed to land only upon the Japanese Consul giving his guarantee that they would obtain employment within the next 60 days. Some of the 50 Japanese were re-jected because they had infectious discuses. One had consumption. Others were rejected because it appeared that they were contract laborers. Only two out of the entire II passed the examination satisfactor. ily. The Glenogie brought 258 Japanes Tacoma on this trip and the percentage of

rejections was unusually large.
The Japanese missionary in Tacoma, who makes it his business to find employment for the Japanese immigrants, admitted to the examining board that there are now 300 Japanese in Tacoma out of employment. Inspector Snyder, of Seattle says there are 400 Japanese out of work ! that city. Another thing brought out in the investigation is that more than three times as many Japanese are landed in Vicoria as are brought to the Sound ports. When the news reaches Japan that 30 Japanese out of a single shipment have been rejected in Tacoma, the next ship that comes will likely unload the entire lot in Victoria, and let them take chances of crossing the line in small bodies. If they are caught they cannot be sent back any farther than Victoria whereas if they ar rejected in Tacoma, they must go back to Japan. The Glenogle is due to sall on Wednesday, so the Japanese will have but little time to appeal their cases to Washington, should they so desire

WASHINGTON COUNTY NEWS.

Man Who Acted Strangely-Political

Speaking. HILLSBORO, Or., May 28 .- David J. Houghton, who states that he recently came here from California, was today committed to the county jail upon com-plaint of a citizen that he was acting strangely, telling people that he occided converse with the planets. He was very well dressed, and of pleasing appearance. Hen. C. W. Fulton, of Astoria, addressed the people of Hillsboro and vicinity in the Courthouse this afternoon, in the interest of the Republican ticket. He visited Forest Grove last evening, under the impression that he was to speak at that point. However, he was billed for Sherwood, in the southeast end of the county. Mr. Fulton remained last night at Forest Grove, and was brought to the county seat this morning by A. T. Knox, secretary of the County Central Com

Weak Heart Cured.

The Octopus

Of disease is the dis-

ease which first fast-

ens on the stomach

and then grapples

with its cruel tenta-

cles one organ after

another, until heart,

liver, lungs, and kid-

No man is stronger than his stomach. The average man measures his physical vitality by his heart, his kidneys, or his lungs. Rarely does he take his

stomach into consideration when he casts up the account of health. Let his heart

action be weak, his kidneys be disordered, and he runs at once to a doctor. But

his stomach seems to have no rights he is bound to respect. Anything will do for

the stomach. Yet the stomach is to the body what the foundation is to the house,

the basis of support and strength. Whatever hurts his stomach and impairs its powers hurts every other organ of the body and impairs their powers. When

disease obtains a hold on the stomach and the allied organs of digestion and nutri-

tion, it stretches out its tentacles to grapple and involve one organ after another until heart and lungs, kidneys and liver, may all be involved. Why is this? The body is sustained by food which is converted into nutrition in the stomach and

conveyed to the several organs in the form of blood. Let disease impair the

power of the stomach and it impairs the power of every organ, because it reduces

both the quantity and quality of their nutrition. For this reason cures of the

stomach and nutritive and digestive systems by the use of Dr. Pierce's Golden

Medical Discovery are almost invariably followed by cures of other organs involved

with the stomach. A great many people who have "doctored" for years for disease

of heart, liver, kidneys, or lungs, have at last been impelled to use Dr. Pierce's Golden Medical Discovery for stomach "trouble," and have found to their astonishment and happiness that with the cure of the diseased stomach the heart "trouble"

ceases, the torpid liver becomes active, the kidneys healthy and the lungs strong.

There is only one way of making physical strength and that is by food. The man

weak from starvation needs food, not medicine. His heart flutters weakly, his

breath comes in gasps. Feed him and he is soon strong again. When the stom-

ach and organs of digestion and nutrition are diseased, the organs dependent on them slowly starve. These organs don't need medicine, they need food. By curing

diseases of the stomach and the digestive and nutritive systems, "Golden Medical

Discovery" enables the thorough nourishment of the body, by food properly digested and perfectly assimilated.

medicine is "just as good" for diseases of the stomach and diseases of other organs

originating in a diseased condition of the stomach and its allied organs.

Accept no substitute for Dr. Pierce's Golden Medical Discovery. No other

neys, are in its grip.

THE STOMACH THE VITAL

"Have taken Dr. Pierce's Gold-"I had been sick for more than weigh more than ever before."

Kidney Trouble Cured. | Liver Complaint Cured.

"I feel that I would be doing en Medical Discovery and it did a year with kidney trouble," an injustice to you if I did not me more good than anything I writes Mrs. Lucy Hayter, of send you a statement of my case," could get," writes Mrs. Julia A. Jacksboro, Jack County, Texas. writes Mrs. David W. Guice, of Willcox, of Cygnet, Wood County, "Several different doctors treated Hamburg, Franklin County, Miss. Ohio, Box 52. PIERCE, Buffalo, M. Y. Address !

General to Yokohama, Japan, has returned went three weeks ago, for the purpose familiarizing himself with the duties He expects to leave for his new post of duty within a month.

MASTODON'S SHOULDER-BLADE One 15 Feet Square Discovered in Whitman County.

COLFAX, Wash., May 23.—A. J. Day, a farmer, who lives three miles east of Colfax, today brought in a portion of the shoulder-blade and one knee joint of a mastodon, which he had found on his place while digging a well. The bones were found in a clay soll, on top of a hill, and only about two feet from the surface. The shoulder-blade is about 15 feet square and between two and three inches

The public schools of Colfax will close on Friday, after an especially successful nine months' term. There will be no graduating class this year, the Superindent having added another year's study to the course.

William Clifford, under conviction for the crime of larceny by embezziement, was brought before the Superior Court this afternoon, and after motion for a new trial had been argued and denied, and a motion for stay of execution had met the same fate, was sentenced to serve a term of improisonment in the penitentary for three years. Notice of intention to appeal was at once given.

The weather this Spring has apparently been made to order for the perfect devel-opment of vegetation. All classes of crops have made a perfect growth. Grain crops are fully a month shead of previous years, the acreage is large, and an open Winter killed nearly all the wild oatsathe chief pest of the Palouse grain farmer. All that is now needed is 50 cents a bushel for wheat this Fall, when it is expected that the earnings of the county will be as great as in 1897, when the farmers paid fully \$3,000,000 of debts from the sale of

Judge Kuhn gave his first clambake in 1861, when something of a Chee-carco himself, as the means of becoming acquainted with the people who had come to the country during the year The rise being made from the 200-foot and as it worked well he has continued

Why am I selling the Genuine SANDEN Belts at

HALF PRICE?

wish to get rid of them. Because I have the right to sell them at as low rates as I please or to give 'em away if choose. They're the Dr. A. T. Sanden, patented, and so stamped. I made so binding contract with Sanden as to selling price. If I had he would probably have forced me to get his own high figures. But I am quite content. to clear these famous Belts at

No. 7 \$40.00 Belt for \$20.00. No. 6 \$30.00 Belt for \$15.00, No. 5 520.00 Bell for \$10.00.

good Belt. They've a splendid record and WILL CURE RHEU-MATISM, KIDNEY TROUBLE and all PAINS and NERVOUS AILMENTS

You can have Dr. Sanden's book, "Three Classes of Men," free, by sending me your address, and if you do get a Belt you will live to thank me. They are on sale at Lion Drug Store and my office.
